MISCELLANEOUS NEWS.

THE MANCHESTER COTTON SPINNERS.—There has recently been evinced by the cotton spinners of Manchester, a determination to see what can be done by energy and capital in the way of getting more cotton from India, and getting it in better order. A few years back such a display of spirit as they are now exhibiting would have saved them much anxiety, and no doubt they are impelled to this step by the uncertainty respecting the future. The British Foreign Minister, Earl Russel, has, it appears, received a report from the United States which cannot fail to accelerate the movements of the Manchester people. That report states that at the commencement of hostilities, the stock of cotton amounted to four millions and a quarter bales, or nearly so, and since that period about one half of this enormous stock has been destroyed. It is plain, then, that the accounts which reached England in an early stage of the conflict, that the Confederates were destroying cotton in great quantities to prevent it from falling into the hands of the Federals were not exaggerated. The crop of the present year will, it is calculated, not exceed a million of bales, and the President's Proclamation is not likely, in the nature of things, to do much towards increasing the crop of next year, so that India, for the present, at least, seems to afford the best field for supplying the people's wants.

WEATHER WISDOM.—A rainbow in the morning gives the shepherd warning—that is, if the wind be easterly; because it shows that the rain-cloud is approaching the observer.—A rainbow at night is the shepherd's delight. That is also a good sign, provided the wind is westerly, as it shows that the rain-clouds are passing away. Evening red, and next morning gray, are certain signs of a beautiful day. When the glow-worm lights her lamp, the ground is always damp. If the cock goes crowing to bed, he certainly rises with a watery head. When you see gossamer flying, be sure the air is drying.—When black snails cross your path, black clouds much moisture hath. —When the peacock loudly bawls, soon we'll have both rain and squalls.—When the ducks are driving through the burn that night the weather takes a turn.—If the moon shines like a silver shield, be not afraid to reap your field. But if she rises haloed round, soon we'll tread on deluged ground. —When rooks are sporting in air, it shows that windy storms are near.—If, at the sun rising or setting, the clouds appear of a lurid red color, extending to the zenith, it is a sure sign of storms and gales of wind.

DREADFUL SHIP COLLISION AT SEA—LOSS OF TWENTY-SIX LIVES.—The Hamburg steamer, running between Havre and Brest, came into collision with the French barque Juanita, from Monte Video, on the 17th, six miles west of Havre. The Hamburg sank directly. Ten passengers are known to be lost. The captain and mate were saved. Total drowned or missing is stated to be twenty-six. Blowing a strong southwester at the time.

MISERABLE DEATH OF A CLAIMANT TO A FORTUNE OF £3,500,000.—The inquest into the cause of death of a widow lady, Mrs. Elizabeth Mobbs, of London, was resumed late on Wednesday evening. That the woman died from disease caused by destitution and want of the common necessaries of life was proved. What rendered this case of more interest was the allegation that diseased was the rightful claimant of the above large fortune, left by her husband some years ago, but which had become the subject of litigation. Some documents were produced in court to prove the rightfulness of the claim of the diseased, but the coroner said all they had to deal with was the cause of death. A verdict to the effect above stated was returned.

MORMONISM AND DOUBLE LOVE.—A company of Mormon emigrants not long since were at Boston, on their way to Utah. Among them was noticed a young man, more distinguished in his appearance than the remainder of the company, and near him two young females, deeply veiled, whose delicate grace and reserve indicated them as belonging to a superior social position. Their history merits relation.—Ludwig Feroe was the son of a rich land-owner in Sweden, and the two young ladies were two orphans, who were brought up with him in his father's family, until he left for college, at Donthelm, where he remained several years, and afterwards, travelling over the greater part of Europe, his former playmates were forgotten. Returning at last to his home, he was astonished to find two beautiful women, dazzling as the Undine of the poet. He was struck to the heart as with an arrow. Love conquered him at first sight. He was in love, but with which one? Both were splendidly beautiful. He was enamored of both. He was in a whirlpool of doubt, indecision, and perplexity. It was necessary to come to some decision, and he naturally came to the most droll one. In an excess of desperate frankness he related to the two girls the state of his feelings.—They laughed at him at first, then they reflected, and the result of their reflections was that they both loved Ludwig, and were as embarrassed as he. About this time one of the Mormon apostles passing through the place, sought to make proselytes to the doctrine of the Saints, and converted the young man and the two girls. Thus Ludwig Feroa and his companions, Mina and Evohe, form a part of the Mormon emigrants on their way to Salt Lake, where their romance of love and duplication of wives will be speedily tested.—*American paper.*

A NEW WAY TO KEEP APPLES.—Mr. M. R. Thompson, of Mifflin county, Pennsylvania, in a letter to the American Agriculturist, describes his method of keeping choice apples over winter and until apples come again. The method is simple, and the process so easy, that we hope many of our readers will be induced to make a trial of it at least. So that in future years of abundance like the present, the crop may be made a source of greater profit. Mr. Thompson packs his apples in barrels or large boxes, surrounding each apple with a common dry ground gypsum (plaster of Paris.) This is readily done thus: Put into the bottom of the barrel or box an inch of the plaster, and then a layer of apples, keeping them from contact with each other, and an inch from the side all round. Sift in more plaster to fill up the space and cover the whole nearly an inch. Then add another layer of apples and more plaster, and so on to the top. The plaster employed is, we suppose, the common ground plaster for fertilizing—not the calcined used for making casts, models, &c. The former is cheap in most parts of the country, costing from three to ten dollars a ton, according to the locality, distance from the quarries or seaboard. Of course the plaster is just as good for application to the field after being used during the winter for packing apples. The plan is worthy of trial, at least, for it would appear reasonable that the fruit thus surrounded with a compact mass of dry powder, should keep almost as dry as if hermetically sealed. Mr. T. says he keeps pound pippins thus packed, in good order until the following June. We judge from a remark in his letter that he does not store them in a cellar, but in any cool room of the dwelling or out-house.

MR. AND MRS. CHARLES KEAN are going to Australia, professionally, for three years. They will receive $50,000 besides perquisites. The career of Mrs. Charles Kean, as the beautiful Ellen Tree, was marked not only by the genius of the actress, but also by the virtues of the woman, while by her marriage she took the name of one who, whatever the diversity of opinion respecting his professional capacity, has never ceased to win "golden" ones for his private worth. A London paper says Mr. and Mrs. Charles Kean have excited public sympathy and respect, and general therefore has been the effect produced by the circulation of a rumor that they are about to seek in Australia the pecuniary, if not the artistic, advantages which so many of their brethren have successfully essayed.

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."

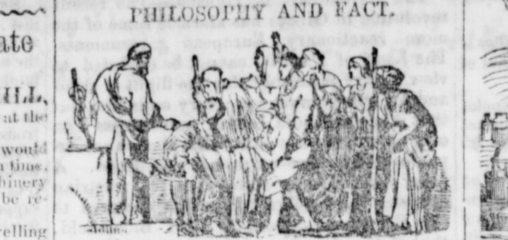
HEALTH AND CHEERFULNESS!
PHILOSOPHY AND FACT.



HOLLOWAY'S PILLS.

The Exciting Cause of Sickness.

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve, and integument. The stomach is its manufactory, the arteries and veins its distributors, and the intestines the channels through which the waste matter rejected in its production, is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating both the secretions and the excretions.

The National Complaint.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable and dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary prescriptions, it yields readily and rapidly to his searching and unerring remedy.

Sick Headache, with Loss of Appetite

A certain cure for headache, loss of appetite and low spirits. These Pills may be taken without danger from wet or cold, and require no restraint from business or pleasure. They strengthen the stomach, and promote a healthy action of the liver, purifying the blood, cleansing the skin, bracing the nerves, and invigorating the system.

A Word to Females.

The local debility and irregularities which are the especial annoyance of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being and prevented for the time to come, by a course of this mild but thorough alterative.

Dropsical Swellings and Turn of Life.

This is the most distressing period in woman's history, it destroys thousands, the whole of the gross humours collect together, and like a tide sweep away health and life itself, if not timely and powerfully checked. The most certain remedy for all these dangerous symptoms is Holloway's Pills. Armed with this great antidote, the fiery ordeal is passed through, and the sufferer is once more restored to the possession of unimpaired health. These Pills are equally efficacious in all female complaints, and obstructions at the dawn of womanhood.

Diseases of the Head and Heart.

Why are these diseases so fatal? The answer is self-evident—because the first disordered action is neglected, or the means for its rectification are misapplied. Neither need be the case at the present day, when these excellent Pills can be purchased everywhere, at a price which places them within the reach of everybody. No misapplication can occur if the printed directions are properly attended to, as they invariably address themselves to the seat of the affliction, without deranging those organs which are already acting healthily.

Holloway's Pills are the best purifiers, and therefore the surest preventives of serious maladies; of which, if they be already established, they then become the most unremitting extirpators.

Nervous Disorders.

Any derangement of these delicate organs affects disastrously both the body and the mind. To the nervous invalid Holloway's Pills are an article of vital necessity. They impart tone and vigour to the internal organs, and consequently to the nervous system, which pervades and connects them. Hence their marvellous cures of hysteria, low spirits, spasms, fits, headache, nervous twitchings, and other kindred complaints, which are all radically removed by the use of these invaluable Pills.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Scrofula, or King's Evil
Asthma	Fevers of all kinds	Sore Throats
Billous Complaints	Fits	Stone & Gravel
Blotches on the Skin	Gout	Second'ry Symptoms
Bowel Complaints	Head-ache	Tic-Douloureux
Colics	Indigestion	Tumours
Constipation of the Bowels	Inflammation	Ulcers
Consumption	Jaundice	Venereal Affections
Debility	Liver Compl'nts	Worms of all kinds
Dropsy	Lumbago	Weakness, from whatever cause &c., &c.
Dysentery	Piles	
Erysipelas	Rheumatism	
	Retention of Urine

Dr. La'mert on Self-preservation.

Price, with Engravings and Cases, 25 cents; by post, 30 cents.

SELF-PRESERVATION; a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Elinburgh;

Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally qualified practitioner whose name stands on the 'Medical Register' (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

may be had of the undermentioned Agents, price 25 cents, free by post, 30 cents:—

The Liverpool and London
FIRE AND LIFE
INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg.; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorised to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen's," and that the Agents here should, in this respect, "act in concert."

W. A. JOHNSTONE,
Agent of the Liverpool and London
Fire Insurance Company.

NOTICE.

THERE has been on the Subscriber's premices, since the 11th November last, a small dark Bay HORSE, rising six years old, which the owner can have by proving property and paying expenses.

S. W. MITCHELL,
Commons, near Brighton.
Dec 1, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

In cases of Chronic Rheumatism, Neuralgia, Gout, the Resolvent, taken, will be found a quick and thorough cure.

RADWAY'S RENOVATING RESOLVENT
IS A GREAT LUNG AND STOMACH REMEDY.

Bad Cough, Hacking Dry Cough, Stitching or Wrenching, Pains in the side, Pain around the heart, Shortness of breath, hard breathing, sharp pains when taking a breath, and all other painful symptoms are quickly removed by the Renovating Resolvent.

Its use will speedily deliver the disabled and disease-stricken sufferer from

A LIVING DEATH,

And restore him to his friends in a sound, and healthy condition.

Before presenting this wonderful cleansing remedy to the North American public, Dr. RADWAY was determined to test its medicinal powers for the cure of the class of diseases for which it is prescribed in the South American Provinces, as it is a fact well known to all physiologists that

SCROFULA, LEPROSY, SYPHILIS,

and its horrible train of concomitants, prevail in the tropical regions of the South, to a much greater and more malignant degree than in the North. In fact there is scarcely a family in any of the South American Provinces that is free from Scrofula, or its kindred diseases. It runs in the blood of all its people, and has become established as a constitutional infirmity, and has baffled the skill of their best physicians. With knowledge of these facts, Dr. RADWAY was determined to test the accuracy of

RADWAY'S RENOVATING RESOLVENT,

which was prepared expressly to meet the exigencies of the diseases, as developed in the tropics. Large supplies were sent to Brazil, Buenos Ayres, Chili, Peru, Equador, Venezuela, Bolivia, New Grenada, and to several islands of the Spanish main, and was thoroughly tested by Physicians and the Priesthood, and is now the official remedy used by the Physicians, under the name of "Solutivo Renovador de Radway," (the Spanish for Radway's Renovating Resolvent,) in the treatment of Scrofula, Syphilis, Ulcers, Tumors, Prolapsus Uteri, Elephantiasis, Erysipelas, Saint Anthony's Fire, St. Vitus' Dance, Fever Sores, all diseases of the Skin, humors in the Blood, white swellings, Nodes, Cankers, sores in the mouth, deafness, discharges from the eyes, ears, and nose, glandular swellings, dropsy and constitutional diseases. Such has been the unparalleled success of this remedy in curing these horrible diseases in the tropics, that we do not hesitate to promise all the sufferers with Scrofula and eruptive diseases among our own people, with speedy restoration to sound and permanent health.

It is superior to all known remedies in popular use as a cleansing syrup for

PURIFYING THE BLOOD,

and removing from the skin Pimples, Blotches, Tetter, Rash and other offensive marks, and will in a few days give a pure, clear and roseate hue of health and beauty to the face and nails, and brilliancy to the eyes.

It is a pure and innocent preparation, all-powerful to do good, but never does injury.

IMPORTANT TO PARENTS.

There is no medicine in the known world, or physician, that has ever claimed the skill of eradicating from the system diseases inherited, by transmission, from parent to child. This great power we claim for RADWAY'S RENOVATING RESOLVENT; and we religiously declare, that if Radway's Renovating Resolvent is given when the symptoms of any inherited disease are first exhibited, it will eradicate the same from the system. In the early stages of Phthisis of Consumption, Fits, Scrofula, and in cases of sore head, Ulcers, Tumors, Hacking Cough, Bronchitis, the use of RADWAY'S RENOVATING RESOLVENT will exterminate the transmitted disease from the system, and make (what the parents neglected) a sound and healthy body.

CHRONIC DISEASE.

Another class of diseases that no other medicines or the most skilful physicians have succeeded in achieving, more than in merely palliating the sufferings of the patient, which Radway's Resolvent will positively eradicate, is that of Chronic Diseases that have infested the system for years, such as Chronic Rheumatism, Gout, Scrofula, Dyspepsia, Syphilis, and diseases induced by the injudicious use of Calomel, Mercury, Quinine; diseases of the Liver, Spleen, Gall, Bladder, Kidneys, Spine, &c., all of which diseases Radway's Renovating Resolvent will eradicate, and secure to the patient a new lease of life.

The price of Radway's Renovating Resolvent is $1.00 per bottle, Dose, a tea-spoon, twice full, half an hour after each meal. Sold by druggists and merchants everywhere.

A SPEEDY PURGATIVE.

DR. RADWAY'S PILLS

Are superior to all purgative or cathartic Pills, powders, mineral and seidlitz waters, in the treatment and cure of:

Costiveness,	Depression of Spirits,
Liver Complaint,	Indigestion,
Biliousness,	Dyspepsia,
Inflammation of the Bowels,	Sick Headache,
Nervousness,	Melancholy.

IN SIX HOURS.

A dose of from six to eight of Radway's Regulating Pills, will, in the most distressing cases of Constipation or Costiveness, Derangement of the Liver, or other glands, secure a healthy evacuation from the bowels. Persons troubled with costiveness, indigestion, liver complaint, dyspepsia, will derive immediate benefit by taking a dose of these pills. After thoroughly cleansing the bowels of its retained humors, by a free purge, two to four per day, for a week or ten days, will restore the liver, bowels, pancreas, kidneys and all other organs of the system, to the healthy performance of their duties.

DR. RADWAY'S PILLS
AS A SCIENTIFIC PURGATIVE.

We have the medicinal properties of the most efficient plants, roots, herbs, gums and balsams in the vegetable kingdom. In each of these little pills lies a mysterious power, for in each pill is combined the elements of health, regeneration, strength and life. Persons who suffer with dyspepsia, liver complaint, enlargement of the spleen, jaundice, kidney complaints, palpitation of the heart, and the evil effects induced by the excessive use of calomel, mercury, quinine, corosive sublimate, opium, tobacco, local stimulants, and exposure to paint, lead, &c., will find in Radway's Regulating Pills a permanent cure.

RADWAY'S REGULATING PILLS

Are the only vegetable substitute for calomel, mercury, quinine, and their kindred drugs, that have ever been discovered, and the only pills in use that will secure to the patient the beneficial effects in the liver and other glands of the system that physicians hope to obtain from the use of these drugs.

RADWAY'S REGULATING PILLS

Are as pure and innocent as bread, are entirely vegetable, and coated with a medicinal gum—free from taste or smell; occasion no nausea or sickness, nor will they interfere with the usual avocations of the patient.

RADWAY'S PILLS

Not only purify the blood, and extract from it all impurities, but they equalize its circulation. They regulate each and every organ to a healthy and equal action, and correct derangements of the liver, heart, stomach and bowels.

RADWAY'S REGULATING PILLS

Will quickly cure the patient of the following complaints, viz:—

Costiveness, dyspepsia, bilious fever, constipation, measles, jaundice, congestion, melancholy, apoplexy, heart diseases, hysterics, enlargement of the spleen, diseases of the kidney and bladder, amenorhoea, fainting, congestive fever, diseases of the liver, dizziness, sleeplessness, biliousness, hemricana, general debility, yellow fever, rush of blood to head, scurvy, typhus fever, dimness of sight, ship fever, obstructions, whooping cough, malignant fever, retention of urine, fits, loss of appetite, dropsy, worms, indigestion, acute erysipelas, lowness of spirits, inflammation, headache, bad dreams, palpitations, bad breath, quinsy, scarlet fever, pleurisy, inflammation of the intestines, and all organic maladies; loss of appetite, loss of memory, and loss of physical strength.

As also all COMPLAINTS OF WOMEN, such as Hysteria, Leucorrhœa or Whites, weakening discharges, chlorosis, irregularities, suppression of the menses, inflammation of the womb or bladder, difficult menstruation, and all other Diseases or Complaints, produced by excessive discharges or suppression of the Menses.

Ladies who desire to avoid the sufferings and conveniences of these irregularities, or organ[ic de]rangements, should not omit to resu[...] tems by means of one or two of [...] once or twice a week, [...] many and great inconvenience[s ...] will be generally subject.

BILIOUS COMPLAINTS.

Letter from Dr. Salmon Skinner.

New York, January, 1860.

Dr. Radway & Co.;

I have, during the past four years, used your remedies, and have recommended them to others for Billious Complaints, indigestion, dyspepsia, &c. I consider the Ready Relief and Regulating Pills unequalled. The Regulating Pills are mild in their operations and thoroughly effective.

The first dose should be large enough to purge—say four or five, and each successive dose be diminished one pill, until reduced to one, and then repeated every day, for a week or ten days. A permanent cure will surely follow.

Yours, &c.
DR. S. SKINNER.

Radway's Regulating Pills are sold for Twenty-five cents per box, (each box contains thirty pills,) by Druggists, Merchants and Storekeepers.

A QUESTION OF THE MILLION
ANSWERED.

HOW IS IT THAT
RADWAY'S READY RELIEF

Possesses such wonderful remedial powers as to cure so many diseases of apparently opposite phenomena?

We reply that Radway's Ready Relief chief and most important remedial efficacy, is evinced in the immediate arrest of pain, and its potency in the treatment of such diseases and maladies, where pain is a concomitant of the disease.

Disease, like the storm, gives unmistakeable signs of its approach. At first the threatened patient experiences a slight discomfort, this followed with pain to a greater or less extent, and other symptoms follow in rapid succession. It is in this condition of the system where Radway's Ready Relief will be found all-potent. Its administration, either internally or externally, as the seat of pain indicates, will arrest the progress of the threatened disease, and quickly relieve the patient from all pain or discomfort.

If people, on the first indication of uneasiness or pain, either slight or severe, would take a dose of Radway's Ready Relief, not one in a thousand would ever be troubled with sickness.

WHEN THREATENED WITH

Croup, Diptheria, Influenza, Sore Throat, Scarlet Fever, Typhoid Fever, Pneumonia, Bilious Fever, Small Pox, Measles, Fever and Agne, Chills and Fever, Headache, Bilious Cholic, Diarhœa, Dysentery, Cholera, Cramps and Spasms,—let Radway's Ready Relief be freely used, and, in a short time, all pain and uneasiness will cease, and the threatened disease expelled from the system.

IF SEIZED

With either of the above diseases, the use of RADWAY'S READY RELIEF will ensure a speedy cure.

"IT CURES SO MANY DISEASES,

"And therefore I'll have none of it," says the skeptic; now we appeal to the common sense of any reasonable being who has had the least experience in medicine taking, or business relations with Physicians, if this is sound reasoning.

RADWAY'S READY RELIEF

Is not recommended by us, nor prescribed for so many varieties of disease as every physician in the practice of medicine, prescribes Calomel, Mercury, Quinine, Morphine, Opium and other favorite hobbys of the profession. It is a well known fact that in ninety cases out of one hundred, no matter what may be the name of the disease or the condition of the patient, Calomel forms the important and the most active agent of the prescription; and if the symptoms of the disease are such as to leave any doubt in the mind of the physician as to arriving at a decided conclusion what to give, he gives Calomel. This is an ancient landmark of the profession, which no innovation has ever been suffered to alter.

WEIGH FACTS.

When we tell the public that the use of Radway's Ready Relief will cure the sick of certain diseases; that it will stop pain in a few minutes after its application; that it will protect the system against attacks of all malarious, contagious and infectious diseases, we have the facts to establish the truth of our statements, acknowledged by thousands who have proved its unfailing powers on their own persons. Go where you will, speak of Radway's Ready Relief in any assemblage of persons, some one or more will bear witness of deriving benefit from its use.

IN MILITARY CAMPS.

There is no place so well calculated to test the usefulness of a specific medicine as a military camp. Radway's Ready Relief has been used in almost every camp throughout the Grand Army of the Union with the happiest success. Letters from Brigade and Regimental surgeons, officers, and privates assure us that Radway's Ready Relief has contributed more to the protection of the troops against disease, and to the use and comfort of the sick than all other medicines used or means suggested by the medical authorities.

RADWAY'S READY RELIEF

Will stop pain and restore the sufferer to ease and comfort in a few minutes after its use.

It never fails to afford relief to the patient

IN CASES OF

Rheumatism, Neuralgia, Lumbago, Tic Doloreux, Gout, Toothache, Sciatica, Face Ache, Ear Ache, Numbness, Swollen Joints, Sprains, Lameness, Strains, Pain in the Kidneys, Wounds, Pain in the Bladder, Asthma, Difficult Breathing, Pleurisy, Pain in the Side, Small of the Back, Shoulders, Spine, Its use will, in a few minutes, relieve you of pain, and its continued use cure you of the complaint.

CHRONIC RHEUMATISM, ASTHMA,
SLEEPLESS NIGHTS.

Let those who cannot enjoy an hour's calm sleep, make a trial of it. Wm. Sydney Myers, Esq., of the Havana (Cuba) Press, well known to the New York, New Orleans and London (England) Press, says that for twenty years he had been a sufferer from ACUTE CHRONIC RHEUMATISM, and for one week had not slept an hour at any one time. He applied Radway's Ready Relief, and felt immediately relieved, and slept soundly, and awoke in the morning free from pain. Its continued use cured him.

General Jose Villamil, Commander-in-Chief of the army of Ecuador, S. A., had been afflicted with ASTHMA for TWENTY YEARS, could not lay down in his bed without subjecting himself to violent paroxysms of coughing. The first application of the Ready Relief gave him the first calm, undisturbed sleep he had enjoyed for twenty years. Thousands of other cases could be adduced, if necessary, but the best evidence to those poor disturbed sleepless sufferers, is to try it, and enjoy a night of ease and comfort.

PAIN—PAIN—PAIN.

It is entitled to public confidence on the ground that in all cases when it is used where pain exists, it will afford speedy relief, and never fail to mitigate the sufferings of the patient, *be the disease what it may.* If it does not accomplish a perfect cure it will restore ease to the afflicted, nor will its use, under any circumstances, interfere with other treatment, or fasten new difficulties upon the patient.

RADWAY'S READY RELIEF

Is sold by Druggists and Merchants everywhere, for 25 cents, 50 cents and $1.00 per bottle. See that the label of each bottle bears the signatare of RADWAY & Co.
