SALE ENDS OCTOBER 6th

KROEHLER FURNITURE

is in Modern and Conventional designs in two and three piece Suites, including half-sofas and bumper sofas. A wide selection from which to choose and give lasting satisfaction in the home.

Excellent value in choice fabrics of Nylon Frieze, Wool Frieze, Novelty Rayon (with or without metallic thread), Nubby Cloths in Rayon, Cotton or Wool. Many colors are available to you—Red, Rose, Turquoise, Light and Dark Green, Beige, Grey, Brown, Rust and Chartreuse—the last word in beauty—value—and comfort.

A selection which we feel is sure to please you, and in which you can find the style, the fabric and the color that will perfectly match your home. But, if you do have a particular problem, if you want something that is different, if you are unable to get just the right shade, just the right fabric, from our large showing on our furniture floors, we have the full facilities of the famous Kroehler Company behind us. Many illustrations of different styles, literally dozens of fabrics and hundreds of shades can be shown you on a special order basis. True, you may wait a short while for delivery of just what you want, but what's a slight delay for perfection.

Just think of the many comfortable soothing hours that you can spend this fall and winter, and many more falls and winters, in one of this superb collection of fine Chesterfield Suites, both two and three piece models that HOLMAN'S now are privileged to show you.

Yes, they are Kroehler, the company that is famous for extra fine, extra dependable, upholstered furniture. Kroehler, "cushionized construction", by the super grade hardwood in the frames, by the extra resilient steel in the springs, by the perfected pattern of construction in the cushions, by the tests that they give all fabrics before they use them as coverings, ensures that you get that extra in comfort, that added dependability that means many more years of use for you, no matter how rough the treatment.

Whether you're a TV addict, or still prefer the radio, there's nothing more restful, more satisfying or more refreshing, than deep, cosy comfort, after the trying day's tasks are done.

Holman's believe that NOW is the time to buy, because the Fall is here, Winter is approaching. These are the seasons when you have time to relax, when you need to relax after the hectic days of spring and summer, and, in order to give you the opportunity to take advantage of the many benefits that modern comfortable, dependable Chesterfield Suites will give you, we are prepared to offer
