Truck Damaged In Collision

A large truck and a Chevrolet coach were in a collision at the corner of Grafton and Prince streets late yesterday afternoon with serious consequences to the truck. It had been proceeding south on Prince when it tangled with the coupe travelling east on Grafton. The two vehicles collided at the intersection as the Chevy apparently was trying to make a turn on Prince to also go south. The collision swung both vehicles towards the curb on the west side of Prince street and as they mounted the curb and locked together, the big truck overturned. A group of quickly gathered spectators aided the truck driver, MacLean MacDonald, to get out through the right-hand window which was the top of the vehicle at the time. Although dazed for a few minutes, he did not appear seriously injured. The driver of the coach, Mrs. J.P. McNally, was not hurt and sprang from her car as soon as motion stopped. Her car was untangled from the truck by the spectators and a few minutes later they also had the truck on its wheels. Both vehicles moved away under their own power.

ROGUEING OF SEED Potato Fields Rogueing seed potato fields to remove foreign varieties and diseased specimens is one of the chief concerns of the successful seed producer, states the Weekly Potato Bulletin. The first rogueing should be carried out as soon as the plants are large enough to exhibit the various symptoms associated with virus diseases. Most fields that were planted in May should be ready for rogueing now. Potato flea beetles are becoming quite prevalent and they are causing considerable damage to the potato plants by puncturing holes in the leaves. DDT either as a dust or spray will effectively control them.

Drive To Divide Queen's Constituency Unsuccessful

OTTAWA, July 2 — (Special) — W. Chester S. McLure, Progressive Conservative member for Queen's, revealed in the House of Commons on Dominion Day that he is well satisfied to have Queen's remain a dual constituency. At the same time, he revealed that splitting the riding was not only under serious consideration by the Maritime sub-committee of the redistribution committee, but that "considerable pressure" had been exercised to bring about such a split. Moreover a similar drive to divide Queen's had been made in 1947, he affirmed. "In 1946 a direct drive was made by some persons," Mr. McLure said, "to have the constituency divided into two constituencies of east Queen's and West Queen's. However that did not go through. "This year, I dealt with the honorable member for Prince (J. Watson MacNaught) who is parliamentary assistant to the Minister of Fisheries. We talked the matter over and I found him most attentive in listening to what I had to say." (Continued on page 16)

Large Attendance At St. Vincent's Orphanage Tea

Having more than 2000 visitors to supper was the tall order undertaken by the members of St. Elizabeth's Aid at St. Vincent's Orphanage yesterday, and with the co-operation of the members of the Trustee Board and the Catholic Women's League of the Diocese, they made a huge success of the venture. The splendidly appointed grounds and surroundings, the tables set under the trees, filled to overflowing with the tasty and tempting food, the ample space with seating facilities available from the tables in which to sit and chat with friends and listen to the band, all presented the atmosphere of a garden party on a well kept estate. The visitors began to arrive before 4 p.m., and from that time until 8 p.m., the constant flow of cars, directed to a well defined parking space by Sgt. Gus Dowling and two assistants, were handled with precision and speed. The Recce Band, under the direction of Bandmaster Thomas MacFarlane, rendered a concert of variety and scope that held something for every music lover. The Island Motor Transport Co. carried passengers from the city to the Orphanage free of charge from 4 p.m. onward and full advantage was taken of this gesture of goodwill by many citizens. In addition to the entertainment provided by the band, games were carried on and homemade candy was there in abundance. As a fitting climax to such a splendid turnout, the Sisters took all who wished on a tour of the Orphanage building, where more than a hundred children are usually cared for. The spotless cleanliness of their

Local Lions Club Plans Charter Night

The second pre-Charter supper meeting of the Charlottetown Lions Club took place Wednesday evening at the Queen Hotel. There were sixteen members and two guest members, Mr. John VanMaarior, and Mr. "Jackie" Doyle in attendance. Both of the latter expressed their intentions of joining this newest of Charlottetown service clubs and were most heartily welcomed by the members. In addition Mr. Salter Innis from Lions International was in attendance. Discussion centred around the plans being formulated for the

charter night and plans were made for a night to be selected early in September for this occasion. In addition the Club decided to hold summer meetings on the third Wednesday of both July and August instead of adjourning for the summer months. The very brief business period also included the customary reading of the previous meeting minutes as well as the reading of the minutes of the director's meeting and the members were advised in this way of the future plans for their club. Entertainment in a most popular vein was provided by members Cliff Campbell and Lou Bagnall in their rendition of a humorous duet and Joe Sturdy and Paul Sharpe also added to the gaiety of the evening in individual renditions.
