TORONTO

TORONTO (CP)—A broad list of 1957 lows was left behind Wednesday on the stock market after a continual wave of selling pounded down prices in all sections.

Western oils dropped 4¼ index points while base metals, for the third straight session, fell through the previous 1956-57 index low with a 2½-point decline. Golds lost one-half point.

Aconic Mining Corp., the stock which plunged $9.37½ Aug. 6, bucked the general trend to post a 38-cent gain at $1.88 among mines. Stanrock Uranium gained 25 cents at $2.50.

Senior base metals were thumped down. International Nickel dropped to a new low of 80¾ with a 4⅞-point loss. Hudson Bay also touched a 1957 low with a decline of 1⅝ points to 52⅛. Falconbridge lost a point at 28½. Noranda posted a gain of ⅞ to 43, trading ex-dividend.

Lower - priced mines fell in a broad list but the range of losses wasn't too steep. Most declines were confined to 20 cents or less. All sections were lower.

Senior wetern oils had losses ranging to 1¼ points. Canadian Atlantic lost 75 cents at $7 and three others lost 30 cents. Many issues were off at least 15 cents.

Index losses: Industrials 6.29 to 453.19; golds .46 to 75.34; base metals 2.42 to 178.58; western oils 4.21 to 170.80.

Epidemic Ends At Harmon Base

STEPHENVILLE, Nfld. (CP)—United States air force authorities have removed restrictions on personnel at the nearby Ernest Harmon base, imposed last week to curtail an epidemic of Asiatic influenza.

Base hospital commander, Lt.-Col. Donald N. Vivian reported Wednesday the number of flu cases had lessened to "normal medical limits."

Almost 400 cases were reported at the peak of the epidemic among 4,000 U.S. servicemen and their families in this western Newfoundland town.

To prevent spreading to the townspeople, public meeting places on the base were closed and personnel were restricted to base.
