An Astonishing Remedy. HOLLOWAY'S OINTMENT.

IT EXPELS DISEASE. It is said that all productions of human skill have their day, and are superseded by new inventions or discoveries. Not so with this remedy. "It is not for a day, but for all time, and in all countries." And why? Because it strikes at the generic root of all diseases in the blood, and medical art can accomplish nothing beyond that. The Ointment, penetrating through flesh and fibre, like water through a porous substance, reaches the germ or disease such as scrofula, erysipelas, cancer, tumor, and all eruptive and ulcerous discharges in the circulation, and eradicates the taint at once and for ever in this climate. BAD LEGS. This Ointment will cure any case of Bad Leg even if of twenty years standing, or however hard or discoloured the flesh may be, or if swollen the size of a person's body, providing that the Ointment is well rubbed into the whole of the parts affected twice a day in large quantities, and the parts kept covered with linen rags thickly spread with the Ointment; from this mode of treatment, a plentiful discharge of unhealthy humor will follow, until the wounds are all healed on the leg, or other parts assumes its natural appearance. OLD WOUNDS, SORES, AND ULCERS. The most inveterate cases of bad legs, scrofulous, or other sores, are cured, if of 20 years standing, by the joint use of the Ointment and Pills. The effect of this unrivalled remedy upon virulent ulcers and sores, is almost miraculous. It first discharges the poison which produce suppuration and proud flesh, and thus the cures which its healing properties afterwards complete, are safe as well as permanent. It has a wonderful effect in the cure of sores occasioned by mosquitoes, sandflies, or giggers. PILES. This Ointment will cure the worst cases of Piles if used according to the printed directions even if of 20 years standing. ERUPTION OF THE SKIN. Blotches, pimples, dry eruptions, and all irritations of the skin, fade and disappear after a few applications of Holloway's Ointment. In these cases brisk friction is indispensable. Many of the ordinary eruptions are caused by suppressed perspiration, and as this penetrating unguent at once opens the pores and invigorates the absorbents, it dissipates the inflammation by a double process. Ladies whose faces or arms are disfigured by cutaneous diseases, may readily remove the blemish and restore to the skin its natural tint, flexibility, and softness, by the use of this safe but powerful counter-irritant. Both the Ointment and Pills should be used in the following cases:— Bad legs, Chiefo-foot, Fistulas, Sore throats, Bad Breasts, Chilblains, Gout, Skin diseases, Burns, Chapped hands, Glandular Swellings, Scoury Bunions, Corns (Soft), Lambago, Sore-heads, Bite of Mosquitoes and Bees, Piles, Tumours, Sand Flies, Stiff Joints, Rheumatism, Ulcers, Coco-bay, Elephantiasis, Scalds, Wounds, Sore Nipples, Yaws. Sold at the Establishments of Professor Holloway, 214, Strand, (near Temple Bar) London, and 80, Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 3d, 3s 3d, and 5s each Pot. There is a considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot.
