O, woman, despairing and wretched,
Dreading, yet longing to die,
Hear the glad chorus that rises,
Filling the dome of the sky:
"Sisters, be glad, there's help to be had;
No longer be miserable, gloomy and sad:
Lost health regain," rings on the refrain;
"Poor creatures be healthy and happy again."

Blood will Tell.

Good blood will show its quality. So will bad blood, the one in a healthy body and ruddy complexion, the other, in ill health, blotches, pimples, boiles and sores, and frequently in intenser forms as ulcers, abscesses, erysipelas, scrofulous diseases, salt rheum, etc. Every organ of the body depends upon the blood for force and vitality, and is but scantily served when the blood is impure. No remedy is so potent as a blood purifier or more rapidly produces new and healthy blood than Burdock Blood Bitters, which neutralizes the various poisons and restores the vitalizing power of this all important fluid. As an instance of this read what Mr. J. S. Neff, of Algoma Mills, Ont., says in a recent letter.

Sirs, — A year ago I was troubled with spots breaking out all over my body, to the effect of bad blood. I consulted three different doctors, who gave me medicine but did not cure me. I was advised to try B.B.B. and after using two bottles I noticed the spots getting less. I continued the use of B.B.B., which entirely cured me, giving me, also a splendid appetite. Since then I wouldld use no other medicine.

Perhaps the most novel craft ever sailed on San Diego Bay was the one launched by J. D. Palmer, the house mover the other day. The craft in question was a five-room cottage which Mr. Palmer had taken a contract to move to South San Diego. It was loaded on two barges and drawn by a naptha launch.

Mr. J. H. Humphrey, 46 Rond Street, Toronto, says Burdock Blood Bitters wrought a complete cure of dyspepsia in his case after all else had failed.

"I say, Jenkins, can you tell a young tender chicken from an old, tough one?" "Of course I can." "Well, how?" "By the teeth." "Chickens have no teeth." "No, but I have."

Nothing creates more disease, discomfort and distress than constipation of the bowels. In B.B.B. we have a remedy sure to remove and cure it.

Everybody has one mouth and two ears. This shows that twice as much is heard as said. And most people have but one nose, which shows that no one nose whether more than half he 'ears said is true.

"Was troubled with continual headache and loss of appetite, but before I had taken many doses of B. B. B., appetite and health returned." J. B. THOMPSON, Bethesda, Ont.

Young fellows do not appreciate the blessings of living in the present age. Just think what little fun Adam had as a masher. He only had a chance to be sweet on one girl, and he was compelled to take her or get left.

Mrs. Jane Vansickle, Alberton, Ont., was cured of liver complaint, after years of suffering, by using five bottles of B.B.B. She recommends it.

Our bewildering language. The count (whispering) "Ah, mademoiselle, you 'ave sooch a beautiful hide."—Drake's Magazine.

Bad blood breeds divers distressing diseases, Burdock Blood Bitters banishes boils and blotches with every other symptom arising from bad blood.

PALE and sallow girls should use Dr. Williams' Pink Pills. They bring a rosey redness to the cheeks. Miss essie Bass, New Boyne, says:—I had been sick for two years and had lost my strength, was continually troubled with sick headache and palpitation of the heart, unable to get rest at night; got no relief until I began the use of Dr. Williams' Pink Pills, and after three boxes, I feel a new girl. All dealers, or by mail on receipt of price—50c. cents a box or six boxes for $2.50. Address Dr. Williams' Med. Co., Brockville, Ont., or Moorlstown N Y.

From the seed of the potatoe we should not have had a useful plant in less than three years; from the tuber we posses it in a single summer; here we most strikingly experience the value of this mode of propagation in the saving of time.

THERE'S a patent medicine which is not a patent medicine — paradoxical as that may sound. It's a discovery! the golden discovery of medical science! It's the medicine for you—tired, run down, exhausted, nerve wasted men and women; for you sufferers from diseases of the skin or scalp, liver or lungs—its chance is with everyone, its season always, because it aims to purify the fountain of life—the blood—upon which all such diseases depend. The medicine is Dr. Pierce's Golden Medical Discovery. The makers of it have enough confidence in it to sell it *on trial*. That is—you can get it from your druggist, and if it doesn't do you what it's claimed to do, you can get your money back, *every cent of it.*

That's what the makers call *taking the risk of their words.*

Tiny, little, sugar coated, granules, are what Dr Pierce's Pleasant Pellets are. The best Liver Pills ever invented; active, yet mild in operation; cure sick and bilious headache. One a dose.

Upstart—I have made up my mind to become a journalist. What kind of paper would you advise we to go to work with? Gruffy—Well, I think you are best fitted to work with a piece of sand-paper.—Boston Courier.

MANY years have gone since a good family doctor originated Johnson's Anodyne Liniment.

The coral insects choose the summit of a future and prospective volcano to build upon.

Moisten a handkerchief with Johnson's Anodyne Liniment and inhale for wakefulness.

First Tramp—I say, have you taken a bath? Second Tramp (anxiously)—No! Is there one missing?

Catarrh deafness is relieved by using Johnson's Anodyne Liniment as directed. Try it.

The Creator has bestowed upon the strawberry a double system of propagation. The parent plant sends out a progeny of completed offsets; these are substitutes for the loss of the seeds through the use of the fruit to man.

The prostration after the Grip is entirely overcome by Hood's Sarsaparilla. It really does make the weak strong.

The kind of "reading" which "maketh a full man," is probably the wine when it is read—Puck.

Your Blood

Undoubtedly needs a thorough cleansing this season to expel impurities, keep up the health tone and prevent disease. You should take Hood's Sarsaparilla, the best blood purifier and system tonic. It is unequalled in positive medicinal merit.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

It is strange that people who want to commit suicide never think to blow in a shot gun to find out whether it loaded.—Kam's Horn.

SKODA'S LITTLE TABLETS, Mild, Safe, Efficient. Far superior to any pill. For Headache and Liver Complaint nothing can equal these Tablets. With the DISCOVERY they cure Rheumatism. 50 in a box only 35 cts.

Leap Year and a Willing Girl.

Suppose you were in love with a girl like me,
And awfully shy. It's only supposing.
Do you think if you waited till the end of the year
That I would do the proposing? Not I.
Suppose you had a cottage so dreadfully small
There was only just room for two.
Do you think I'd marry some one else for his wealth
If I could get the cottage and you? Not I.
Instead of standing so awkwardly there.
Suppose you should ask me to be your own wife
Do you think for a moment that I would say no
And be wretched the rest of my life? Not I.

A Nation of Athletes.

Because a boy goes to work is no reason why he should never kick a football, pull an oar, or run or skate, writes Foster Coates in the May Ladies' Home Journal. If all these out door sports were given up, America would soon become a nation of puny pigmies. Our men would be hollow-eyed, yellow-skinned, and flat-chested, instead of rosy-cheeked and robust as they are now. Take plenty of walking exercise. Walk to and from school, to the office or shop, and in the evenings, twice or three times a week, go out to lectures or social gatherings, or to see some good dramatic performance. Go to bed early. Do not get into the habit of staying up too late. Arise early and you will find that the hours you give to work or study will be of incalculable benefit to you. When you work, devote every thought to what you have in hand. When you study, fasten your mind upon the subject before you. When you play, let no thought of business or study disturb you.

Shopping by System.

"But," says some woman, "we must 'shop;' we must get the things we want." Certainly. Bless your heart, shop all you want, but why not apply some kind of a system to the idea? writes Edward W. Bok in the May Ladies' Home Journal. Don't make a day of it. Give an occasional morning to the pleasure(?), and break it up in pieces. "Easy talking," says some one "but we cannot always leave our homes when we want to, as you men can." My dear woman, God gives you just exactly the same amount of time as he does to men, and he hasn't given you a particle more to do within that period of time. The trouble is that women are not systematic enough. I played the part of eavesdropper in some of the stores, and was surprised to find how few women really knew just what they wanted. They knew in a general way, but not in a definite sense. Now, when a man goes shopping he knows precisely what he wants, asks for it, gets it, pays for it and goes away. Women's purchases are undoubtedly different, and such a simple system cannot, perhaps, be followed by them. But that women could simplify their shopping expeditions, numbers of their own sex have confessed to me within the last few days.

It is estimated there are five thousand different kinds of pills on the market. Should one be able to test the entire lot for a perfect specific in sick headache, foul stomach, habitual constipation and liver complaint, then only one would be found: McGale's Butternut Pills, they cure where others only relieve. Price 25 cents. Sold in Charlottetown by GEO. E. HUGHES

The Telephone Co'y
OF
P. E. ISLAND.

PERSONS using the Telephone would find talking much more satisfactory if they would observe the following Rules:

1st. Speak with your mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the Telephone so as to cover the Ear, just as if you wished to shut out all other sounds. Do not press too hard on the Ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.

Another Testimonial

DR. BAYNES,—Dear Sir: I am sorry you have so much to contend with. No doubt it is caused by je lousy. I shall certainly do my best to contradict any false reports I may hear, both for your own sake and my own. I would be very ungrateful should I do otherwise, after having derived so much benefit from your medicine. You promised to cure me in six months from the time I commenced taking your medicine. But I am happy to state that I had not been taking it more than three months when a cure was effected; and after having consulted all the doctors in the vicinity without effect, the only consolation I derived from any of them was that my disease (sick headache, etc.,) had become chronic and was incurable. If this statement will be of any benefit to you, you are perfectly welcome to publish it. Yours very truly

MRS. C. B. POOLE.
