Sandy Carruthers (Holland College)

3:15

Layout and Design goes Interactive
Wayne Young (Holland College)

3:15

Interviewing

Matthew Rainnie (CBC)

On November 8, 9, and 10, student journalists from across Atlantic Canada will be gathering at UPEI. These students are all members of the Canadian University Press (CUP.) Formed in 1937, CUP is the oldest National student organization in Canada. It is a co-operative of student newspapers which was created to share the news and ideas common to students across Canada.

The Panther Prints will be hosting a regional CUP conference on the Remembrance Day weekend. Saturday's seminars are an opportunity to build on some of the essential skills related to writing and producing a newspaper. We encourage all students interested in journalism to attend these seminars.

For more details, including locations, contact Aldera at 566-0629 or stop by the Panther Prints office.
