SUMMARY

By THE CANADIAN PRESS

New York - Market mixed; selected issues in demand.
Montreal - Market mixed in selective trading.

CURRENCIES

MONTREAL (CP) - The U.S. dollar Wednesday closed at a discount of 2 1/2 per cent in terms of Canadian funds, down 1-3/4. Pound sterling \$2.74 5/16 up 1-1/16.

TORONTO

TORONTO (CP) - Most sections of the stock market fluttered lower today in quiet trading but, as has been the case in several recent sessions, golds struggled against the trend to post a weak gain.

Base metals and western oils were easier from the open. Golds were strongest in the first hour and generally held their gains.

Bralorne and Campbell Red Lake were the stronger gold stocks but a number of low-priced issues moved ahead in a moderate range. Senior base metals, led by Falconbridge's 1 1/2, point decline at 2 1/2, lost ground.

Index changes: Golds up .25 to 79.22; base metals off .68 to 150.34; western oils off .80 to 126.94.
