Toronto Stocks

TORONTO, (CP) - Western oils were strong in busy stock market trading Monday, and made the only group gain of the session.

Oils added more than half an index point. Golds and base metals showed minor losses.

Active trading in uraniums and New Brunswick base metals combined with increasing interest in western oils to produce a volume of 6,842,000 shares during the session. Heaviest trader of the session, however, was a gold prospect, Red Poplar. It moved more than 1,000,000 shares to gain 14 cents at 31 cents.

A wide list of goods posted the western oils index. Leading sectors were Pacific, New Superior, Central Explorers, Dome Exploration, Federated and General A.

Uranium prospects were mixed. Gunnar dropped a fraction but Chima and a number of other low-priced issues added small amounts. New Brunswick base metals weakened as New Larder U lost net and Brunswick slipped. Brunhart traded actively to gain pennies.

Senior golds weakened in light trading and juniors followed. Campbell and Delrite dropped pennies. Holding companies held firm as Inspiration and Probiher gained.
