

Barbara Buys Whys

MONTREAL, July 12th—The real answer to reducing tooth decay... certainly the most practical answer... has been found. It's DENTOCILLIN, the new tooth powder that kills the power of bacteria before they can do any harm to your teeth.

She Thought Her Face Was Clean... until she took the tissue test! Yes, even a movie star as beautiful as Dorothy Lamour can make a new and startling beauty-discovery!

Susan's Mother tells me that curly-headed Susan's hair is really and truly as straight as a string!

Perfect Cooking Comes Easily when you have the perfect range... meaning a FRIGIDAIRE Electric Range, of course. That's because it has so many cooking helps—even a beginner can't go wrong.

Baby May Not Be Quite Big Enough For Tennis Or Golf—but he'll have the same happy, hearty holiday appetite as the rest of the family this summer!

Discover Summer Comfort you never thought was possible! Whether you spend summer days swimming in a cool lake or sweating in a hot town—TAMPAX solves every difficulty of sanitary protection.

Dorothy Dix Says—Age does bring wisdom, but some of it does not fit modern conditions and has to be revamped to apply to the world in which we live today.

ANSWER: Your friend sounds to me like a stuffed shirt who'd do much better home counting his stocks than in seeking romance.

DEAR MISS DIX: Do you think 18 is too young for the average girl to marry?

ANSWER: I do. Very few girls of 18 are mature enough to know what real love is. They have crushes that they get over in a few weeks.

DEAR MISS DIX: For several months a friend of mine, a conservative, professional man, has been interested in a woman in her late thirties.

DEAR MISS DIX: Do you think 18 is too young for the average girl to marry?

ANSWER: I do. Very few girls of 18 are mature enough to know what real love is. They have crushes that they get over in a few weeks.

DEAR MISS DIX: Do you think 18 is too young for the average girl to marry?

DOROTHY DIX cannot reply personally to readers, but will answer problems of general interest through her column.

INFLUX OF FORMER MARITIMERS DUE ON EXCURSION SPECIAL. VANCOUVER, July 11—Being readied for a nearly 4,000-mile trans-continental run from Vancouver to Halifax on Friday, sleepers, diners and other Canadian National Railway units of the "Herring Choker Special" are the centre of interest in the railway yards here.

THE third annual excursion to the Maritimes will take hundreds of Newfoundlanders, Nova Scotians, Prince Edward Island and New Brunswick residents of Central and Western Canada back to their native Maritimes.

But possibly the most unique feature of the "Herring Choker Special" will be the fact that the members of train crews will be Maritimers themselves.

But possibly the most unique feature of the "Herring Choker Special" will be the fact that the members of train crews will be Maritimers themselves.

Rebekah Lodge Installs Officers

At the regular session of Alpha Rebekah Lodge, No. 10 I. O. O. F., Mrs. Clare Brown, Deputy President, assisted by Mrs. Jean Crockett, Warden of the Rebekah Assembly as Marshal, duly installed the officers for the ensuing term.

The officers installed were: Noble Grand, Miss Mabel Worth; Vice-Grand, Miss Sarah Gillespie; Secretary, Mrs. Catherine Smith; Financial Secretary, Mrs. Mac Adams; Treasurer, Mrs. Annie Darrach; R.S.N.G., Hilda Harper; L.S.N.G., Ethel Sutherland; R. S. V. G., Frances MacPherson; L. S. V. G., Betty Nicholson; Chaplain, Estelle Dennis; Conductor, Noble Gass; Warden, Ila Stewart; Inside Guardian, Myrtle Whittel; Pinkist, Helen MacEachern; Jr. P. N. G., Mrs. Matilda Frizzell; Color Bearer, Eileen Hickox.

At the close of the installation ceremony Mrs. Matilda Frizzell, Jr., P.N.G., was presented with her P.N.G.'s pin, and Miss June Foster sang very sweetly "My Task."

Delegates to the Rebekah Assembly were elected, and several visitors from Massachusetts, U. S. A., spoke briefly.

Miss Mable Worth, Noble Grand, and Mrs. Matilda Whittel, P.N.G., were also presented with certificates of Perfection in the unwritten work of the Order.

Refreshments were served and a social hour enjoyed.

Huge Problem In Rehabilitation

By O. H. P. King PUSAN, Korea, July 10 (AP)—Much has been planned but virtually nothing done as yet toward rehabilitation of devastated Korea.

So far, other than rebuilding of roads and railways for movement of military supplies, only temporary, meal-by-meal relief and disease-prevention steps have been taken.

The millions of refugees receive daily grain rations (usually rice) and 50 won (less than one cent) in cash.

Most of them are in hundreds of camps in the southern fringe of South Korea.

Aside from refugee camps, all Pusan homes are crowded with relatives who have doubled up. Six persons sleeping in a room 10-by-10-foot square is common.

Providing for refugees estimated variously to total from 4,000,000 to 7,000,000 is a company affair.

The over-all cost is borne by the U. N. Command, although there are donations of rice and

other items from the Philippines, Thailand and elsewhere, obtained by the U. S. economic co-operation administration.

The E. C. A. is in the process of closing up shop and turning over its responsibilities to the U. N.

Since the war began E. C. A. has supplied about \$50,000,000 to sustain the Korean economy, while the army has spent a similar sum for civilian relief. Donations from various U. N. members are estimated to total \$20,000,000 additional.

Even before the war Korean industries were often not self-sustaining. E. C. A. was on the verge of establishing a sound economy

when the Red invasion came. The military-aid program includes 72 hospitals and 283 dispensaries handling as many as 2,200,000 persons, mostly out-patients. A huge inoculation program against disease is from 36 to 48 per cent complete.

United Nations officials are looking forward to a great reconstruction program to put all idle hands to work, but so far it is in the planning stage.

American sources estimate damage in South Korea at \$742,000,000 and the cost of reconstruction at \$1,260,000,000.

One American official estimated that the Korean economy could

not utilize more than \$160,000 a year in aid, including relief supplies.

On this basis, it is certain to take a long, long time to rehabilitate Korea, even if the war should end tomorrow.

One American official estimated that the Korean economy could
