THE CARNIVAL.

A Fair Attendance—Some Very Pretty Costumes.

The people of Charlottetown had, we think, been led to expect something out of the ordinary in the way of a Carnival this year. In this they were probably not have been disappointed, had it not been for the bad weather. That such a number of both skaters and promoters did turn out seems remarkable when we consider the storm of yesterday afternoon and the heavy walking of last night. The rink was artistically decorated, and the music of the band was, as usual, spirited and pleasing,—but the long intervals were a little trying. The judges of costumes were Mrs. Percy Pope and Mr. W. H. Stewart. After carefully examining the various costumes they awarded the lady's prize to Miss Mary Hazard, who represented in a most creditable manner "Penny Postage," the enlarged copies of the "Lobster Labels" showing to very good effect, and the gentleman's prize to Master Walter McLeod, representing Ivanhoe. There was a number of other pretty costumes. Perhaps it would be unfair to particularize,—but we think that among the ladies' costumes the Ancient Greek, the Barber's Pole, Britannia and Liberty, Winter, Our Lady of the Snows, and the yachts Defender and Shamrock were especially good; while the French Courier, Don Pedro, Brunt an Indian Chief, the Four Aces and Lieut. Hobson and His Hobby showed the most originality and taste among the gentlemen. The S. P. B. C. coons attended in force and sang one of their songs. The two cake walkers were well made up and the centre of much attraction. The usual number of Hoboes, Tramps, Chinamen, etc., etc., were on hand. The full list of skaters will be found on another page.

C. M. E. A. SOCIAL.

It was Most Successful From Every Point of View.

The social under the auspices of the Charlottetown branch of the Catholic Mutual Benefit Association last night was a success in every respect. The social was held in the rooms of the Ancient Order of Hibernians, and the attendance was very large. The proceedings began about eight o'clock with a musical and literary entertainment at which Dr. Kelly, President of the branch, presided. The programme was as follows:—

- Instrumental Duet.....Misses Ryan and Blanchard
Address.....Bro. James McIsaac
Song.....Bro. Charles Hermans
Reading.....Miss Fitzgerald
Song.....Miss Smith
Piano Solo.....Mrs. Kelly
Address.....Bro. Alex. McDonald
Song.....Prof. Caven
Reading.....Bro. Jas. H. Reddin
Song.....Mrs. Blake
Vocal Duet.....Prof. Caven and Bro. Hermans
- The vocal and instrumental selections were all splendidly rendered, and the readings were well given. The addresses dealt with the organization and work of the Catholic Mutual Benefit Association, and most prove of material benefit to the society. Refreshments, provided by the wives of members of the society, were served after the entertainment, and a social hour or so was passed in a most delightful manner.

Local and Other Items.

THE STANLEY.—There is no news of the Stanley to-day.

ASH WEDNESDAY.—Lent began today. There were the usual services in the churches.

BOARD OF HEALTH.—A meeting of the Board of Health will be held this evening at eight o'clock.

ON TUESDAY.—In consequence of "The Davisons" skating at the rink next Monday night, the regular band night will be Tuesday.

MISSION POSTPONED.—In consequence of there being no crossing at the Capes today the introductory service of the mission in St. Peter's church will be postponed until Friday evening.

THE WEATHER.—The lowest recorded by the thermometer last night was three above zero. During the storm yesterday afternoon the greatest velocity of the wind was 29 miles an hour.

THE SUMMERSIDE DEFALCATIONS.—At the regular monthly meeting of the Summerside Town Council on Monday evening, according to the Guardian's correspondent, Chairman Rogers read an itemized statement showing that the defalcations through irregularities in the town accounts amounted in all to \$3,675.15, besides several accounts unsettled and whose validity is still in doubt. He also explained that he had the authority of his legal advisors for stating that the securities held by the town were good for at least \$3,000.

THE TRAINS.—Neither the Souris nor Summerside trains went out yesterday afternoon. Both trains left at the usual time this morning however and the Georgetown train made the round trip getting back to town at 12.30. The Souris train is due here at 3 o'clock. The Tignish train, which did not move yesterday, started this morning and at one o'clock had passed Alberton. The train from Charlottetown to Tignish arrived in Summerside all right and left at the usual time for Tignish. The Cape Traverse track is all clear.

ANOTHER ISLANDER ABROAD.—A Montana paper says: "Geo. H. Simpson, justice of the peace at Columbus, this county, was on Wednesday examined by the Supreme court and admitted to practice before the courts of Montana. Mr. Simpson is well and favorably known hereabouts and his many friends will be pleased to hear of his advancement." The Geo. H. Simpson referred to above is a native of Cavendish, and a son of the late Henry Simpson, of that place. He went to Montana in 1892. His many friends on the Island will also be pleased to hear of his success in his adopted home.

MILITARY ENTERTAINMENT.—The Engineers' entertainment on Friday evening promises to be a great attraction and to surpass anything ever seen in this locality. A military man who has seen similar exhibitions in other cities, and who has had the privilege of seeing the Engineers' train, says "the work done by them is excellent and that it will surprise the citizens." The Lyceum has recently been fitted up; is now well heated and well seated and should prove a comfortable house. Give the boys a bumper house and show them that you appreciate anything that assists young men to spend their evenings in self improvement.

AN AFFLICTED FAMILY.—The McLarty family, of Barrie, Ont., is evidently very much afflicted. One day last week the father, Wm. McLarty, was buried, in his 91st year, having been blind for nearly two years. The day before he died, his daughter, Mrs. Hickling, was buried, leaving behind nine orphan children, the youngest being three years old. Her husband died two years ago, and since then she suffered twice from operation for cancer, and last summer lost her entire crop and buildings from fire. Gilbert McLarty, a brother living at home had his leg broken a few days ago, and occupied a room in the house from which his father was buried.

A BELGIAN HERO.—The Belgian State Railway possesses a brave hero in the person of Jules Champion, a porter. On January 11 he suddenly observed that the signal-light was extinguished. As he hurried to the post to rekindle it, he was seized by two men, thrown to the ground, and stabbed in several parts of the body. His assailants then made off, leaving their victim helpless, as they supposed. But Jules Champion, knowing that the international express from Paris was nearly due, in spite of his wounds, managed to make his way back to the station, and arouse his colleagues urging them to examine the line as he suspected mischief. It was found that the two escaped scoundrels had placed a huge bar of iron across the line, with the evident intention of wrecking the international express. The passengers in the train, as it dashed past the junction, never dreamed that they owed their safety to the wounded man lying in the station.—London Daily News.
