

THE DAILY EXAMINER.

SEPTEMBER 29, 1882.

Hon. Mr. Masson's Elevation

By the elevation to the Senate of the Hon. Mr. Masson, one of the ablest and most popular men in Canada has been retained in the service of the country.

The Latest Stock Importation.

We are all, now, thoroughly alive to the fact that the true interests of the Island lie in the improvement of our farm stock. The benefits of breeding after the best kinds are very apparent in the wealthy districts of Tryon, Bedeque, Margate, etc., and it is evident that farmers who take care to breed fine animals are the most prosperous.

Canada's Crops.

AGENTS of the Grand Trunk Railway have issued full reports of the crops gathered in Canada. The returns show that the harvest equals that of any previous year, and is, in many respects superior.

CROP REPORTS, 1882. Table with columns: Crop, Average, Above, Below, Total. Rows include Fall wheat, Spring wheat, Oats, Pease, Barley, Hay.

COMPARED WITH 1881. Table with columns: Crop, Average, Above, Below, Total. Rows include Fall wheat, Spring wheat, Oats, Pease, Barley, Hay.

These reports tally, to a great degree with those issued by the Ontario Bureau of Industries. In the general returns, oats seem to be a very heavy crop, and hay has proved uniformly a splendid yield.

The Water Question in the Maritime Provinces.

The St. John News is taking an interest in the water question. Concerning Fredericton it says: "Fredericton people who have deplored the insufficiency and inferiority of their water supply must be in good spirits at the progress of the movement to remedy the great evil complained of."

And then the paper turns its attention to the Charlottetown supply, and says: "Poor Charlottetown seems doomed to do the best it can with its wretched water supply. It has no noble river like the St. John flowing at its feet."

Our Eggs.

The Egg business of the Maritime Provinces is assuming very large proportions. For the month of September, the transfer book of the Intercolonial Railway shows the following shipments: Per International Steamship Co., 52 barrels, 1507 cases and 11 boxes.

The Supreme Court has ordered that no proprietor or editor of any newspaper or journal shall permit the publication of observations, comments or arguments respecting the evidence recently taken in the matter of the Bank of Prince Edward Island.

Egyptian New Decrees.

Telegraphic news from Cairo dated Sept. 27th says: The ministers met in council today and agreed upon the wording of the three decrees, which the Khedive will sign to-morrow.

Safety in Railroad Travel.

The October number of the North American Review has an interesting article on "Safety in Railroad Travel." The facts and figures are very reassuring to the thousands who travel by rail.

Victoria.

The Melbourne correspondent of the Times closes an interesting letter with the following satisfactory summary of affairs in Victoria: "The colony is prosperous, money is cheap, the revenue continues to increase, the working classes generally are fully employed at good wages, and, although we are receiving no assisted immigration, I was informed by an experienced builder yesterday that at Emerald-hill, a suburb of Melbourne, on the southern side of the Yarra, no less than 7,000 houses have been built during the last year, and that most of them are let as soon as completed."

Underground Telegraphy.

The telegraph system in England will ultimately be all underground. The plan has been successfully introduced in France, and a line on this plan is being laid from Paris to Marseilles.

On D. C. L.'s.

A correspondent, writing to the Mail, says that "there seems to be some doubt among the members of the press whether one who has received the honorary degree of D. C. L. at a University, ought to be addressed and designated as "Doctor." Decidedly he ought not.

Berseford Dancing a "Break-Down."

Lord Charles Berseford, the gallant commander of the "Condor," is, as everyone knows, the bosom friend of the Duke of Edinburgh. On one occasion, when H. R. H. was the captain of the "Galatea," he challenged "Charlie" to dance a "break-down" with him.

By CABLEGRAM to Peake Bros. & Co.—Brig "Alpha" arrived at London on the 29th inst., 28 days.

The only steam, sewing machine, and gun-repairing shop on P. E. Island, and the only place where you can get every part of a sewing machine or a gun made, is at Brown's shop, corner of Prince and Grafton Streets, Charlottetown.

DR. BENNET, of London, Eng., Cincinnati Medical College of Ohio, Rossall College, Lancashire, and pupil of Dr. Kennedy Shrewsbury, is at the Rankin House until Monday, and can be consulted free. Dr. Bennett's treatment is without medicine, and combines science with common sense.

BUILD THYSELF UP.—The half-shell department of the Home Restaurant, is now plentifully supplied with extra hand-picked Richmond Bay Oysters, which the proprietor can also furnish by the quart, peck, bushel, or barrel at a moderate rate.

TEN DOLLARS REWARD.—A reward of \$10.00 will be paid for every Corset in which the Coraline breaks with six months ordinary wear. They are for sale at YOUNG'S.

DOMINION BOOT and Shoe Store is now open. Great bargains in all kinds; good quality and low prices is the motto. Inspection solicited. —Next door to Fraser's Drug Store.

ROYAL READERS, Arithmetics, Algebras, Geographies, Histories, Grammars, &c., at S. T. Nelmes' Standard Bookstore, opposite Market, Charlottetown.

TELEGRAPHIC NEWS.

EGYPTIAN NEWS!

SERIOUS RIOTS

The Porte Thanks England.

Special Dispatch to the Examiner. LONDON, Sept. 28.

It is rumored that Sir Garnet Wolseley will remain in Egypt, pending the settlement of the questions arising on the court-martial for the trial of the rebels; the questions likely to arise after the immediate withdrawal of the bulk of the British army, and those arising in connection with the re-organization of the Egyptian army under Pacha Baker.

Serious riots have taken place in Upper Egypt, and are likely to prove very troublesome to the authorities. It seems that the riots were started owing to the efforts of the different authorities to enforce loyal demonstrations from the people to the Khedive.

Two Companies of the 49th Regiment have been ordered to Tantara.

The Porte sent a note to Lord Dufferin thanking England for re-establishing order in Egypt, and hoping that England and Turkey would be more closely united on account of the close alliance and friendship of the two powers in the Egyptian crisis.

Cairo Railway Depot Burned.

Special to the Examiner. CAIRO, Sept. 28.

The Railway Depot at Cairo was burned to-day, in consequence of an explosion of a siege train which was standing there.

Was the Czar Crowned?

A Montenegrin Outbreak

Special to the Examiner. VIENNA, Sept. 28.

The papers here to-day allege that the Czar was secretly crowned during his recent visit to Moscow, and that the reasons given for the visit by the St. Petersburg papers were false.

Austrian troops have been despatched by the Governor of Novi Bazaar to suppress disturbances which have arisen in Kolashim, Montenegro.

Another Outbreak.

Special to the Examiner. CONSTANTINOPLE, Sept. 28.

Five battalions of Turkish troops have been despatched to quell a serious outbreak which has taken place at Hadjez, Asiatic Turkey.

A New Canal.

Special to the Examiner. ST. PETERSBURG, Sept. 28.

The German Government are planning the construction of a new canal to connect the North Sea with the Baltic.

The Old Sad Story.

Special to the Examiner. DUBLIN, Sept. 28.

News has reached here of the murder of James Hocky, near Templemore, County Tipperary. Two brothers of a family recently evicted have been arrested on suspicion.

A NEW SENATOR

A FAMOUS LIBEL SUIT.

Special to the Examiner. MONTREAL, Sept. 29.

The Hon. L. F. R. Masson, ex-Minister of Militia, whose health has for some years been impaired and who was therefore unable to contest the election in June last has been appointed to the Senate.

The contest in the libel suit of McNamee against the Post has resulted in a verdict of not guilty. The suit was one of great interest in Irish circles here.

GENERAL CABLE NEWS.

LONDON, Sept. 27.

The Times' Cairo despatch of the 26th says: The reception by the Khedive at Ghazireh Palace to-day was more largely attended than any within the recollection of the people. It is estimated that from 3,000 to 5,000 persons paid homage to the Khedive. He refused to receive Ragheb Pacha, Alhadek Pacha and Marachli Pacha, all late ministers of the Khedive. Cherif Pacha and Rinz Pacha strongly insist upon the necessity of capital punishment for the prime offenders in the late revolt.

Postmaster General Fawcett, speaking at Hackney, said: "England has no selfish object. Her chief concern is to secure to Egyptians the best government and the greatest amount of liberty possible. The abuse connected with the late control will not be avoided in future, the Egyptians will not have to submit to the injustice of an unduly large part of their revenues being appropriated by foreign officials."

Mr. O'Donnell, M.P. for Dungaroon, telegraphs to the Times from Dublin that serious apprehensions are felt for the health of Mr. E. Dwyer Gray, who is suffering acutely from an affection of the chest, which has been aggravated by his confinement in prison.

The Times' Paris correspondent telegraphs that while the Jeronist section of the Bonapartists were holding a meeting to denounce the newspapers Pays and Petel Caporal, the opposition section of the party forced an entrance into the hall. Revolvers and sword canes were displayed and a

number of assaults were committed. The Jeronists declare that the recent duel between M. Richard, editor of the Petel Caporal, and M. DeMassas, editor of the Combat, in which the latter was killed, was virtually an assassination. The feud between the two sections is becoming very intense. The Republicans are delighted at the dissensions among their enemies.

VIENNA, Sept. 27. An ordinance has been issued, authorizing the Government to expend 700,000 florins in aiding the sufferers by the floods in the Tyrol.

SOUTH LEBANON, Ohio, Sept. 27. Five persons entered an old boat, yesterday morning, to cross the Miami River, and during a playful struggle for possession of the oars the boat was capsized and four of them drowned.

BALTIMORE, Sept. 27. Mrs. Bush and five children were drowned by their dwelling being swept away by the breaking of a dam in Heathville, Va., last Friday night.

CONSTANTINOPLE, Sept. 27. Baker Pacha to-day tendered his resignation of the post of aide-de-camp to the Sultan, and without waiting its formal acceptance started for Egypt to reorganize the Egyptian Government.

ALEXANDRIA, Sept. 27. The Manchester and Derbyshire regiments have been ordered to prepare to embark for India.

Weather Bulletin. Probabilities for the next 24 hours for the Maritime Provinces.

TORONTO, Sept. 29—10 a. m. Moderate, fresh, easterly to north-easterly winds, fair to cloudy weather, possibly some rain in the south-western portion.

JUVENILE DANCING.

"Nothing appears to me to give children so much confidence, and so to raise them to the conversation of those above their age, as dancing; for though this consists only in outward gracefulness of motion, yet I know not how, it gives children manly thoughts and carriage more than anything."—Locke on Education.

The subscriber, thankful for past favors, gives notice that she will open a JUVENILE DANCING CLASS, on THURSDAY, the 5th October next, from half-past three to half-past five o'clock, p. m., or any other hours that will answer parents and pupils. The department exercises carefully taught.

A CLASS FOR ADULTS will be opened on the evening of the same day from 8 to 10, to the opening of which on that evening all her former pupils are respectfully invited. During the term will be introduced the Amazilian March which is well adapted for a Skating Rink, the Belle Canadian, Racket, Rockaway, Polo, New Lancers and Quadrilles, and all the other steps and figures taught by the "Master Teacher," who has voluntarily given the annexed certificate: "This is to certify that Mrs. Burris, teacher of dancing in Charlottetown, P. E. Island, has received instructions under me in the latest fashionable dances, and the new figures of the Quadrilles and Lancers, and having learned my unique and rapid method of teaching is both qualified and privileged to teach after my system."
