

A FAMILIAR FORM

Opposition Leader Diefenbaker gets an approving smile from his wife, Olive, as the "Chief" strikes a familiar form to make a point as he speaks to a women's meeting

before general sessions of the Progressive Conservative national convention Monday in Ottawa. The convention has all the earmarks of a full-scale leadership convention,

sparked by the fight for presidency between Dalton Camp and Arthur Maloney, a former MP and a Toronto lawyer.

Movie Theatre Business Jumps

REGINA (CP) — Movie theatres are doing better business than they have done for years, says Arnold Bercovich, because television is being increasingly regarded as "just another appliance."

Manager of an independent theatre here, Bercovich says he's noticed significantly more young customers this year: "The television babies have grown up. They want something different to do."

He thinks the public is getting to be more selective about what TV programs it watches but says that, at the same time, improved movie techniques and more controversial films contribute to a comeback in the industry.

KILLED BY MINE

TEL AVIV (AP)—Three Israeli soldiers were killed and six were injured when an army command car was blown to pieces when it hit a mine Saturday a little more than a mile from the Jordan armistice line, an army spokesman announced. The heavy mine was obviously newly planted and the tracks of two men could be seen leading from the site in the southern Negev area toward Jordan, the spokesman added.

Thanks You

for your tremendous support through the years

Your Christmas Seal Chest X-Ray Unit has been and will be our most important means of detecting contagious and non-contagious lung disease among our so-called healthy population.

RESULTS:

245000 Chest X-Rays taken since 1945 — 330 new active TB cases discovered. An annual reduction since 1955 from 80 to 41 TB cases requiring treatment.

THE 1966 CHRISTMAS SEAL CAMPAIGN HAS BEEN LAUNCHED
