THE CITY SCHOOLS

Midsummer Examinations.

Queen Square School.

This was the happiest day of all the year for the boys of Queen Square School. Having worked and graded, and won their prizes, and being congratulated by the trustees and the Mayor and Superintendent of Education and other gentlemen, they were to-day dismissed for a two months holiday.

The public examination was conducted by Prof. Anderson, the Superintendent of Education, Ewen Stewart, Esq., T. C James, Esq., and others.

After the examination, the school was missed in the upper hall. There was a large number of spectators including His Worship the Mayor, Hon. D Laird, Rev. Father McAulay, Dr Conroy and Messrs. Handrahan, McLeod, Stewart, McNeill, H B Smith, Kennedy, James, McCourt, McIsaac, Mrs M Blake and the Misses Blake, and many other ladies. The following programme was very well rendered:

The certificates were then distributed to the best students in each class, and then there were a few short speeches. The chairman, J. B. Macdonald, Esq., congratulated the school upon the fact that though the average marks of this year was raised from fifty to seventy, just as many pupils graded as in the previous year.

The Mayor had been a witness of the examination of Mr. Howlett's department by Professor Anderson and bore testimony to the correctness and promptness of the boys' answers. He also expressed the hope that when the boys of this generation become men Canada will be as famed for political purity as it is now for the reverse.

Hon. D. Laird endorsed this sentiment.

The Superintendent of Education said that the result of recent examinations proved that the City Schools were fully up to, if not in advance of, country schools. He complimented Miss Fennessey upon the brightness of her boys and the good order maintained in her class—the only class which he had had the opportunity to examine.

T. C. James, Esq., said that his observation in the primary departments fully bore out the gratifying reports of those who examined other branches of the school. He exhorted the boys to keep high the name and fame of Prince Edward Island.

METHODIST CONFERENCE.

New Brunswick and P. E Island

MINISTERIAL CONFERENCE.

MONDAY, June 27.

The business of the Conference on Saturday was unimportant; and a number of the visiting ministers and laymen went driving into the country to enjoy the beautiful scenery and the perfect weather.

Nearly all the Protestant pulpits in the town were occupied by Methodist clergymen. Able and eloquent discourses were delivered. We have only space to-day for the following summary report of Rev. Mr. Harrison in the Second Methodist Church:

The text chosen was II Cor., 13, 9–11. The preacher said: "This is an age of stir, of intense activity. Certain parties account for this on the ground that faith in God is growing less. This is the solution furnished by the abounding scepticism of to-day. We do not deem the solution satisfactory—it is contradictory to the facts. See the social questions the church of God is grappling with to-day as never before:

1. Intemperance.
2. Slavery.
3. Heathenism.

Whence the agitation, stir and restlessness regarding these to-day? Is that faith is waning? Or is it that the vision is getting clearer? There can be no doubt as to the answers. Faith, sympathy, love—all elements that can make this world better are strengthening as the years sweep by.

The Church no longer stands on the outer rim of the world's great needs looking on them from a distance, but is throwing herself, by her multiplied agencies, right into their midst. This makes the agitation of to-day.

From whom emanated, humanly speaking, the enterprises which bless the world to-day? Men of faith, who grew from children having little force and limited vision into the vigorous manhood they manifested. In proportion as the principles of the gospel have developed, has all that is opposed thereto in the individual or in the community given way. As maturity comes the beginnings have to go. See the boy. His immediate surroundings are very limited. They constitute his world, which is dear to him. Don't spoil it, for he enjoys it much. Some day, however, his father leads him out to some prominence—and he gets a wider vision. What was his world vanishes away.

God is leading men out and a larger vision is dawning. It may have been painful at first to the little boy to leave his little world, but the result more than compensates. So in spiritual experiences. Look at the system of astronomy once. It cost an effort to part with the imperfect and erroneous views and theories, but the results are most satisfactory. See Paul. He once esteemed everything of worth limited to jewelry. But a larger vision came. God showed him that there was much outside his own notion. We can afford to "put away childish things." After 1800 years of Christian teaching, which has produced better views of every worthy thing, more tender sympathy for the suffering world, &c, &c, than ever before existed among men, does anyone ask "Whence these results?" Paganism never yielded them. See their source yonder in the person and work of Christ.

The institutions that bless and elevate humanity are Christian. Christ raises the temperature of man's better nature and melts the icebergs of evil that threaten to chill and crush humanity. Visions are enlarging, manhood is developing. The light is not going out. No wiles of Satan can put out the light streaming into the windows of the nineteenth century. Where would you like to live? Not in China, India, or Japan; but in Christendom.

Has any great sorrow come to you? There is mystery about it. And perhaps you judge of God by that sorrow. Do not so err. A drop from the ocean is not the measure of the ocean. Don't, therefore, measure God or Heaven by what comes to us here. Some day a broader vision will be given.

At the First Methodist church, the Rev. Messrs. Frank Frizzle, George M. Young and J. B. Gough were ordained ministers of the Gospel.

The music under Professor Earle was excellent and inspiring.

In the afternoon, there was a Sunday School service, in which six Sunday Schools were represented, viz: First and Second Methodist, Zion and St. James' (Presbyterian), the Baptist, and Kensington Hall (Methodist) The presence of well nigh a thousand children, full of young life and happiness, was delightful; and the music was excellent and inspiring. Mrs. Harrison sang, beautifully, the anthem, "I will extol Thee, oh Lord."

In the afternoon an open air service was held at Victoria Park under the beeches, the Rev. Silas James preaching a short and well pointed sermon.

FORENOON SESSION.

This forenoon Rev Dr Carman took the chair.

After singing, Rev D Chapman led in prayer.

Rev C H Paisley presented a report from the committee appointed to consider a document from the Nova Scotia conference. The object of the document was to have a committee appointed to prepare matters of general interest for the general conference. The subjects indicated were the supernumerary fund, the book-room affairs, and other matters. It was recommended to appoint a committee by the conference of 1893 to attend to this matter.

Rev W W Brewer announced that the reception committee extended an invitation to the members of conference and their friends and hosts for a sail on the river from 3 to 6 o'clock in the afternoon. On motion of Dr. Sprague, the conference very cordially accepted the invitation.

Rev J Shenton presented the pastoral address for the year. It was a very superior one, and treated of temperance, Sabbath observance, personal religion, Sunday schools, and kindred subjects.

It was unanimously decided to accept the same. Rev. J. Shenton then presented the report of the Supernumerary Fund. It gave the following receipts:

St. John District	$ 238 47
Fredericton	215 90
Miramichi	85 59
Sackville	235 35
St. Stephen	60 59
P. E. Island	233 49
Total	$1128 43

This shows an increase of $202 41 on the year. The following districts have a surplus in their assessment of ten cents per member. St. John three cents, Miramichi, five dollors and ninety-one cents, and Sackville forty-one dollars and eighty-five cents, while St. Stephen is twelve dollars and eighty eight cents below and P. E. Island is fifty-eight dollars and twenty-one cents. At 11 o'clock the further consideration of supernumerary matters was taken up. A general conversation took place relative to some districts not raising their full assessment. Revs. C. H. Paisley, E. Evans, F. W. Harrison, H. Daniel and others urged that each district ought to raise the full assessment.

On motion, after a long discussion, permission was given to the P. E. Island and St. Stephen District to meet to arrange this matter.

Conference adjourned to meet at 9 o'clock to-morrow morning.

Rev. C. H. Paisley read the report from the Educational Fund:

St. John District	$ 190 69
Fredericton	182 35
Miramichi	58 18
Sackville	236 12
St. Stephen	55 83
P. E. Island	548 40
Total	$1281 12

Dr. Stewart pronounced the benediction.

A LUCKY SPORTSMAN.—The Boston correspondent of the St. John Sun says: A Boston sportsman, Charles B. McMahon, has just returned from a three weeks' shooting trip in the Straits of Northumberland. The nearest point of his operations was Charlottetown, where he started with his boat. He had with him Drs. Jenkins and Conroy, and I. C. Hall, of the Island, and Mr. McMahon says that they slaughtered over one hundred brant. As a guarantee of their prowess he brought home several fine looking birds, which relieved the fishing tale of its suspicions. He is going back again in the fall and he will take friends with him.
