

OH HOW EASY IT IS

Wes Parker, Los Angeles Dodgers first baseman makes a great play on Twins Earl Battey's sixth inning infield grounder. Parker stops the ball with a backhand stab (upper left), skids on his belly, gets to his knees and throws to pitcher Howie Reed covering first for the out. Twins won, 5-1, to even the series at 3 games each.

SPORT ECHOES

Don Schurman Leads All-Stars

By NORMAN MACDONALD

The Summerside Intermediate "A" baseball team are even seven with Memramcook Rovers, each having won a game in the other's ball park. The deciding match will be played Sunday afternoon in Memramcook. Donnie Schurman's win in the New Brunswick game was a pretty fine effort, they tell us. Donnie broke into the pitching game this season not in the best of shape, and he lost his first one. Since then he's pitched twice and came through with flying colors. Gerry Smith, a junior pitching star, had poor support from his mates in the game at Summerside, but Gerry's control wasn't the best either. He had trouble throwing knucklers, let alone a ball's eyes, according to what we've heard.

Paul MacWilliams, who is trying out with the Halifax Canadiens, a junior club sponsored by last year's Stanley Cup winners, must be doing an impressive job at the training centre in Truro. A news release had Paul as one of the outstanding Maritime players on the team, along with Jack MacEachern of Charlottetown. The Halifax

club is slated to play an exhibition game in Charlottetown later in the fall, and we expect a lot of Summerside fans will be going down to see this one.

The RCAF Eagles have won the Senior "A" Maritime softball championship, and they had to do it the hard way. Their first championship-clinching game was thrown out by the softball moguls, Pete Devana's pitching had a lot to do with the Eagles' win, but the boys all played steady ball in that cliff-hanger which they won 2-1, and they richly deserved the victory. Harold "Marty" Martin's home run provided one of the vital scores in that game. Dartmouth Mooseheads were the team who gave them such a battle before bowing out.

The softball executive should let the players, and fans know why Dartmouth's protest was upheld. So that such an error would not be made again. The common custom seems to be to give the decision in a "Mikam-med, the prophet of Allah" has spoken" manner, and let everyone wonder why.

BOWLING RESULTS

A lot of wood flew this week as the teams from the Holy Name Bowling League took to the alleys in more fun-filled action. The high scores, both individual and team, showed that these bowlers mean business. High single for the week was rolled by Leroy Gauthier from Henderson and Cudmore with a blazing 363. Leroy also chalked up the high triple of the week with a total of 823 pins; high game score went to MacLeans Electricians with 3611.

TEAM STANDINGS
Henderson and Cudmore, 7 1/2; Charlottetown Billiards, 6; Humpty Dumpty, 5; New Method Cleaners 4 1/2; MacLeans Electricians 4 and Island Chev, 3.

Series Rhubarb Involves Four

MINNEAPOLIS (AP) — The biggest rhubarb of the World Series developed Wednesday involving umpires Ed Hurley, Ed Vargo, Minnesota third-base coach Billy Martin and sports editor Charlie Johnson of the Minneapolis Star and Tribune. Johnson, who has been ghosting a daily column in his paper for Martin, discussed a controversial play that had taken place in the first inning of the fourth game. Vargo, a National League umpire, called Sandy Valdespino out at second base. The Twins' outfielder was trying to stretch a hit to left field into a double.

"Then I said I saw Hurley in the lobby and Hurley said, 'have you heard about the replay?' I said, 'what did it show?' Hurley replied, 'Valdespino was safe at second.'"

"The only mistake I made was that in ghosting Martin's piece, I said that Hurley had talked to Martin, which he hadn't."

NHL Plans To Announce New Clubs

NEW YORK (AP)—The National Hockey League probably will start issuing franchises and approve other cities next week for its projected six-team second division. Bill Jennings, president of New York Rangers, said Wednesday.

Jennings, a lawyer, is one of the leading architects of the circuit's expansion program. He is also a member of its six-man board of governors. The governors and league president Clarence Campbell are scheduled to meet in Montreal next Tuesday. At their last meeting in June they approved Los Angeles and St. Louis. Jennings cited Vancouver, Baltimore, Minneapolis-St. Paul and San Francisco-Oakland as most likely to complete the projected second division. The league's current members are Montreal, Toronto, Boston, Chicago, New York and Detroit. Jennings revealed that two groups are bidding for franchises in each of San Francisco, Los Angeles and Vancouver and one group in Baltimore and Minneapolis-St. Paul. "I would be in favor of issuing franchises in Baltimore and Minneapolis-St. Paul subject to a final check that their buildings and playing facilities will be adequate," he said. "There appears to be no problem as far as playing facilities are concerned in the other cities."

Series Rhubarb Involves Four

Johnson, under Martin's byline, wrote: "Umpire Ed Hurley told me yesterday that he saw the replay of that incident and it showed that the second baseman missed the tag. That was a key play that could have turned things around in that game when we finally wound up beating ourselves."

Hurley vehemently denied having made that remark to Martin, and he was supported by the Twins' coach. "I told Charlie that Hurley and I had been guest of Ray Scott on a World Series post-game television show and that Scott had observed that a replay had shown that Vargo blew the play," said Martin. "Charlie used Hurley's name instead of Scott's."
