 WASHER
 OR
 DRYER

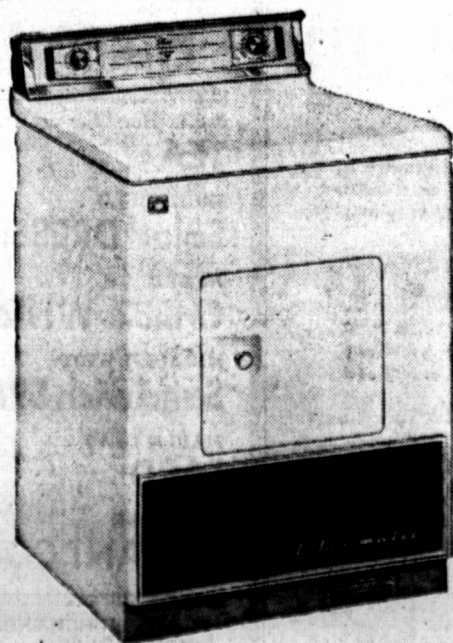

This is the one electric appliance that you will find is going to take prestige over all other. Just ask any woman what she considers the meanest job around the house. Just ask her, it is try to get the clothes dry while the sun shines before the soot etc. settles to make it another wash. Think of it for only a few cents a day she can wash every day and no worrying when the clothes will be dry for the children to wear. We know that clothes dryers have been a luxury item at \$339.95. But think of it for less than two hundred dollars you can have a happy home with soft fluffy diapers for the baby. Remember your old washer is perfect to go along with the dryer if in good working condition.
