

**WHERE ARE THE  
COLD STORAGE STEAMERS.**

Sir,—The cheese and butter industry of this province is at full blast. In a short time we shall be ready with early fruit and dead meats to tempt the British market. Then there is the constant supply of eggs since spring. But where is the cold storage steamer which we were promised with so much ado? Surely Sir Louis can attend to this vital matter to the trade of his badly side-tracked promise. A railway grant and ample promises on the event of a general election will not distract the people from the just claim they have to cold storage steamers to carry their products to the English markets, while navigation is open, and if the Minister is not up and doing he will inflict a terrible blow on the Island trade. Come then, Sir Louis, send along the steamers at once and this year let us have cold storage in reality as last year we had it only in name.

WIDE-AWAKE.

**NOTES FROM CAMP BRIGHTON**

**Dominion Day Proceedings—Church Parade—Other Matters.**

The militia in camp paraded at Victoria Park on Saturday forenoon, and, after the salute and jeu de joie, were put through some very interesting exercises which were cleverly performed. The afternoon was observed as "a camp holiday," and in the evening there was a very enjoyable dinner.

Yesterday forenoon the militia paraded to St. James' Church and St. Dunstan's Cathedral. Rev. T. F. Fullerton, chaplain of the 4th Regiment, preached at St. James' Church, and Dr. Morrison occupied the pulpit at St. Dunstan's.

All the companies and the band of the 82nd Battalion have been supplied with helmets at the expense of the officers. Much credit is due to Lieut.-Col McLeod and his officers for the interest which they take in the Battalion.

The men are improving wonderfully under the instruction of the company's officers and Sergeants Brewer and Byers. It is evident that the good work done at the Provisional school, about 18 months ago, has not been forgotten, and the Battalion will no doubt show it on inspection day. Both the blue coats and the reds will no doubt more than sustain the reputation which our Island militia has always had.

Although it has been raining almost every evening, the men are quite comfortable, the tents being rainproof. Those who have never spent a night under canvas would be surprised to find how comfortable and happy the men are. The best of order is maintained, and all lights are out at the proper hour.

Quite a number of citizens visit the park every day to watch "our boys" drill, thus showing the interest which they have in our soldiers.

The choice music rendered by the 82nd Battalion Band, under Mr. Vinnicombe's leadership, is a pleasing feature of camp life.

**JUST A WORD.**

Sir,—I wish to compliment the management of the sports at the bicycle grounds on Saturday last. The sports were well up to the average and those who had the affair in hand did their utmost to please those who patronized them. In this they were fairly successful and deserve much credit.

But the management of those public gatherings have other duties to perform which should be looked to if they intend those sports to become popular as well as remunerative. I was much surprised to find that young men (?) were permitted to hold seats on the grand stand and by their vulgarity and gross ignorance a menace to respectable people who by some ill luck happened to get seats near this gang. Many persons were compelled to leave their seats and go elsewhere in order that they might witness the different events with more security. Those hoodlums are to be met with in all public places and are known as the "Tamed Apes" by patrons. They bear a striking resemblance to this species, and can easily be identified in any public gathering even if their actions do not betray them. I would suggest to the managers of future events on the grounds of the C. A. A. that they build a pen in centre-field and when those creatures prevent themselves for admission that they be brought to their coop and after a while they may learn how to conduct themselves more decently in public. This suggestion, if carried out, would certainly be in the interest of public decency and greatly add to the security of persons who wish to enjoy a few hours amusement.

Mr. and Mrs. Hawes arrived from Boston on Saturday night, and are the guests of Mrs. H. Houle. Mrs. Hawes is a grand-daughter of Mr. John McPherson, of the P. E. Island Railway.

Mr. Archibald Kennedy, who has just sustained the greatest of earthly losses, has the sympathy of a large circle of friends and acquaintances. Mrs. Kennedy has been unwell for about two years.

A large number of excursionists who had spent Saturday and Sunday in the country returned to town by the trains from the east and west this morning. Fishing rods, fish baskets, bicycles, etc., were especially numerous.

Dr. J. M. Martin, of Boston, and Mrs. Bessie Star Keefe, were married at Providence, R. I., recently. Dr. Martin practiced his profession at Montague for many years. Mrs. Keefe visited this province once or twice lecturing on temperance.

We hear with regret of the death of Mr. Herman Leard, son of Mr. Cornelius Leard, of Lower Bedeque. Mr. Leard died on Friday morning, after an illness of seven weeks, during which he had the most skilled medical attendance and the most loving care. His death will be very seriously felt and is deeply mourned in the community.

Word comes from Chicago that Mr. Eben E. McLeod, son of Rev. J. M. McLeod for many years pastor of Zion Church, Charlottetown, has been elected chairman of the western passenger association. The appointment is looked upon with favor by railway men everywhere. The Examiner joins with Mr. McLeod's hosts of friends in Charlottetown in extending congratulations.

Col. Wilson, R. C. A., Quebec, and Mrs. Wilson, will arrive in Charlottetown from Halifax on Wednesday evening, and will remain until the following Tuesday.

Col. Wilson will inspect the 4th Regt. C. A., and superintend the 40-pdr. R. B. L. gun practice. The inspection will, in all probability, be held at Victoria Park, on Thursday and the gun practice on Friday, at Kinloch range, Lot 48.

The Rev. Abbe Mathieu, has been elected Rector of Laval University to succeed Rt. Rev. Mgr. Laflamme. The Rev. Abbe is one of the first educationalists in Canada, and no doubt Laval will prosper under his rule. L'Abbe Mathieu is a D. D., a T. C. D., a Ph. D., and a member of the Roman Academy of St. Thomas. He is only a young man, being a class-mate of the Rev. D. F. Chaisson, of Palmer's Road.

Rev. W. J. Kirby, who has been for four years past pastor of Grace Church, goes to Multown, N. B., in a few days. He preached his farewell sermon to the congregation of Grace church last evening, speaking with much feeling. Yesterday afternoon the Epworth League presented Rev. Mr. Kirby with an address and a purse of gold.

He was also presented with an address by the Quarterly Board. A fitting acknowledgment was made in each case. Rev. Mr. Kirby carries with him to his new home the best wishes of a great many friends. During the years that he has been connected with Grace Church he has labored hard in its interests and has also taken a leading part in every movement having for its object the betterment of the people generally.

FIRST METHODIST CHURCH.—The service in the First Methodist Church yesterday evening was of great interest. Rev. Mr. Campbell's sermon was able and eloquent, and made a deep impression. The musical portion of the service was very elaborate. Miss Lawson, of Windsor, assisted the choir, singing "Save Me O God" and the solo in Kipling's Recessional in excellent voice.

POLICE COURT.—This forenoon Peter McAleer, for assaulting John Kelly, was sentenced to two months imprisonment. Geo. Bridges, for being drunk and incapable, was fined \$2 or 10 days. The prosecution against Peter Coyle, charged with charged with selling intoxicants without having paid his registration fee, was dismissed, the evidence being insufficient.

SUPREME COURT.—The trial of Cameron, Welsh and Bell, for housebreaking and larceny, is in progress today. Mr. Mr J T Melish is counsel for the prisoners.

CHEESE.—Those late showers are giving us plenty of rich grass and consequently an extraordinary flow of milk. The cheese factories are therefore running over time. The output will be large and, it is to be hoped, profitable.

LAMBS.—Already there's great activity in this important industry throughout the country, and buyers are going through the country with earnest money trying to secure the farmers' flocks. As high as 3 cents is being offered.

FISH.—Fish of all kinds are reported scarce from the west. There is, so far, no hooking of mackerel reported. The lobster catch must be considerably shorter than in other years. The prices are good and will likely be better.

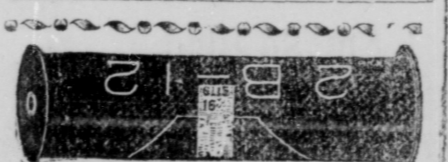

ENTRANCE EXAMINATIONS.—Examinations for entrance to Prince of Wales College will be held to-morrow. It is hoped that the "cribbing" said to have been wicked at and connived in at examinations held in former years will be strictly guarded against.

TO THE PACIFIC.—Until July 6th the Canadian Pacific Railway will sell tickets to all points on the Pacific Coast, good to return until September 4th, 1899, at the very low rate of \$18.10 from Charlottetown for the round trip. Equally low rates from all other points. Full information as to train service, berth rates, etc., furnished on application to A. J. Heath, District Passenger Agent, C. P. Ry. S. John, N. B.

ST. JAMES' CHURCH.—The evening service yesterday was of unusual interest. Rev. Dr. Herridge, of Ottawa, occupied the pulpit and preached from the words "Give not that which is holy unto the dogs." Dr. Herridge is one of the foremost preachers in the Presbyterian church of Canada, and we entertain the hope that, while on the Island the citizens may again have the pleasure of hearing this noted man. A pleasing feature of the service was the solo so beautifully rendered by Miss Earle. Her many friends were delighted to again have the pleasure of listening to this favorite singer. Miss Earle is always appreciated, and her voice has lost none of its sweetness since it was last heard in Charlottetown.

TEACHER'S CONVENTIONS.—The teachers of the western inspectorate and some others held their convention at Alberton's beautiful high school on the 29th ult. There was a large attendance and some useful papers were read. In the evening there was an interesting entertainment in Woodman's Hall in their honor. They speak highly of the whole-souled reception given them at Alberton.

The convention of the Acadian teachers will be held at Palmer's Road on the 20th of July instant. All the Acadian teachers will be present as well as many other gentlemen interested in Acadian education. The convention will conform to the old Catholic practice of assisting at a religious service and sermon before entering upon their work. A solemn High Mass, De Spiritu Sancto, will be celebrated in the immaculate Conception church of which Rev. Father Boudarant will be the celebrant and at which Rev. Father Doyle-Toréide will preach the charge. There will also be a high-class entertainment in honor of the visiting teachers in the evening.
