THE PROPRIETORS,

Make a Few Pertinent Remarks to their Patrons.

TORONTO, Jan. 28.—Dr. L. A. Smith & Co., of this city, whose name has become a household word through the Dominion, and in many states of the Union, in consequence of the wonderful cures effected by Dodd's Kidney Pills, desire to thank their patrons for the good words they have spoken for this remedy. During the past few months these expressions have been wired to nearly every paper in the country by grateful people whose lives have been prolonged. These expressions are straightforward and honest, and should convince any unprejudiced mind of their sincerity and truthfulness. You know now, reader, that Dodd's Kidney Pills will do all that is claimed for them. They have stood the test.

Germany's army observes the most rigid etiquette. The whole of this vast organization, possibly the most perfect of its kind that the world has ever seen, is governed by a code of etiquette as rigid as it is complicated.

HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural courses is retarded; which is ample reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a chill exposure or chill from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croupy children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking. .....

A Comfort Sometimes.

When health is far gone in Consumption, sometime only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

Hebrew women of the higher classes were secluded from public life and passed their time with the distaff and spindle. At marriage the ceremony lasted seven days.

This is Concentration.

One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Chase's Kidney-Liver Pills.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrah," said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrah cure."

DON'T DIE BEFORE YOUR TIME.

"Why will you die?" That is the question the scientist now asks the miserable sufferer from consumption or lung trouble The answer naturally is "because I can't help it." But the consumptive *can help it* Miller's Emulsion made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda will cure nine cases out of ten of consumption, and the tenth case can get a reprieve for a year or two. New blood is what the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Cough, Colds, Bronchitis, Scrofula and all lung affections. In Big Bottles, 50c. and $1, at all Drug Stores.

THE REVIEW OF REVIEWS

Edited by ALBERT SHAW

IT WAS in April, 1891, that the first number of the American **Review of Reviews** was printed The new idea of giving the best that was in the other magazines in addition to its own brilliant, original articles, took America by storm, as it had taken England—though the magazine itself was not at all a reprint of the English edition. It deals most largely with American affairs, and is edited with perfect independence, in its own office.

The **Review of Reviews** is a monthly, timely in illustration and text, and instantly alive to the newest movement of the day, to a degree never before dreamed of Thousands of readers who offer their commendations, among them the greatest names in the world, say that the **Review of Reviews** gives them exactly what they should know about politics, literature, economics and social progress The most influential men and women of all creeds and all parties have agreed that no family can afford to lose its educational value, while for professional and business men, it is simply indispensable The departments are conducted by careful specialists, instead of mere scissors-wielders, and scores of immediately interesting portraits and pictures are in each number.

All this explains why the Review of Reviews has come to a probably unprecedented success in the first three years of its existence. For 1895 will be more invaluable than ever.

Agents are reaping handsome profits. We give liberal commissions. Send for terms.

THE REVIEW OF REVIEWS 13 Astor Place, New York.

THE REGULAR DEPARTMENTS

Besides the special articles and character sketches of thrilling interest and timeliness, the Review of Reviews has these regular departments:

The Progress of the World.—An illustrated editorial review of the month's events which thinking, alert men and women read with a view to their proper significance and proportions.

Leading Articles of the Month.—This department, next the succeeding one, The Periodicals Reviewed, embody the idea on which the magazine was founded and proved. All that is best in the other leading American and foreign, is here carefully summarized, reviewed and quoted from.

Current History in Cartoons chronicles the month's history through the picturesque medium of the successful cartoons that are appearing throughout the world.

Other departments review carefully new books, give lists and indexes of all articles in the world's magazines, and furnish a terse summary record of current events.

People of GOOD COMMON SENSE usually appreciate a good article that is honestly made, well finished and up to date. This explains the great success of

A writer who has seen the manuscript and proofs of the prayer book prepared by Mr. Gladstone, which will be published in a few days, says the work has occupied the spare moments of the ex-premier for more than twenty years. It affords another interesting illustration of the extraordinary diligence with which he has been accustomed to utilize all odd moments of leisure. Mr. Gladstone has long been an admirer of the Prayer Book Psalter, and is anxious to encourage its more extended use for the purpose of private devotion. It was chiefly with this view that he undertook the present work. There will be a brief introduction by the venerable statesman explanatory of the motives of this self-imposed task. The manuscript consists of hundreds of small slips of paper, with every evidence of painstaking care, and it comprises as an addendum to the Psalter a classification of the Psalms under their various subjects, a note of the classes of persons to whom they are especially addressed, a comparison of alternative renderings from the Vulgate and Septuagint versions and other points of interest.

At Massowah, Egypt, a grand reception was given to the troops of General Baratieri who were met at the railroad station on their return from campaigning against the Abyssinians, by the garrison of Massowah and by almost the entire population. A Te Deum was sung with intense enthusiasm.
