THE CUBANS.

Reported Outrages by Spanish.

EIGHTY CUBANS MACHETED BY SOLDIERS.

Natives Faring Badly in the North Part of Island.

[SPECIAL TO THE EXAMINER.]

PONCE, P R, Aug 19.—Reports are coming in from all directions of outrages committed in the northern Spanish line.

Doubtless many of these are exaggerated, but rumors of a massacre at Calis are confirmed.

Some of the natives there took refuge in the belfrey of the Cathedral and fired on the Spanish troops, but they were overpowered and macheted to the number of eighty.

Manitoba's Crop.

WINNIPEG, Aug. 18.—It is estimated 2,500 extra men will be required to assist in harvesting Manitoba's big crop. Some grain crop experts estimate that Manitoba will produce this year between 50,000,000 and 60,000,000 bushels of grain. Others place the figure at 45,000,000. The yield of wheat is placed at 20,000,000 bushels, but this is said to be a conservative calculation. All grain men seem to agree that the wheat will average 18 to 20 bushels an acre all round.

CELEBRATING THE TREATY OF PEACE.

Congratulations from British Ambassador.

PREPARING FOR THE NAVAL REVIEW AT NEW YORK.

An Honor paid the French Ambassador.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, Aug. 19.—The State Department has received another international congratulation on the restoration of peace today, this one coming from the British Ambassador, who is now sojourning at New London, Conn. The Ambassador communicated the expression of profound gratification with which Her Majesty's Government learned of the signing of the preliminaries of peace between the United States and Spain and sincere congratulations to the President and the Government of the United States upon the termination of the war.

Acting Secretary Allan had a busy day yesterday making the final arrangements for the naval review at New York on Saturday.

He extended to the French Ambassador the courtesy of going on board the flagship New York during review.

The Ambassador had already arranged however to witness the review from a tug of the French trans-Atlantic line.

THE PLEBISCITE.

The Qualification of Voters.

[SPECIAL TO THE EXAMINER.]

OTTAWA, Aug. 19.—The Secretary of State is hard at work getting ready for the Prohibition Plebiscite.

There seems to be considerable misapprehension as to the lists available for use on Sept. 29.

All persons upon the provincial lists sixty days preceding the taking of the Plebiscite, which in this case will be August 1st, will be entitled to ballot.

No Joint Occupation.

WASHINGTON, August 18.—Secretary Alger has received a despatch from Gen. Merritt announcing the surrender of Manila and asking for instructions.

The instructions which Gen. Merritt asked for was whether there should be a joint occupation of the city of Manila by the American and insurgent forces. The secretary of war, by direction of the President has sent a cable despatch to Gen. Merritt saying that there shall be no joint occupation whatever, and that the city, bay and harbor of Manila shall be held by the United States forces.

AGAINST ENGLAND.

NEW YORK, Aug. 18.—A despatch to the World from Madrid says: "The Madrid press expresses apprehension that Spain may be in a worse situation in coming negotiations at Paris, as a consequence of Manila having capitulated before the news of the signature of the protocol of peace had reached the belligerents. The same papers show ill humor against England by the assertion that Spain may soon have to take sides and an active part in the approaching conflicts in Europe and the far East, which everybody foresees will come between England and Russia.

Compliments Pass.

WASHINGTON, Aug. 18.—The presidents of United States and France exchanged greetings yesterday direct over a special cable and by wires running into the White House and the palace at Havre. The congratulations were upon the restoration of peace, and the part that M. Faure played in the peace negotiation. The ceremony yesterday is the result of an arrangement made many weeks ago between President McKinley and Ambassador Cambou. It was the call for this purpose which first started conjecture as to France's being the nation to initiate a peace movement between the United States and Spain.

MORE TROUBLE AT SANTIAGO.

Uncle Sam's Worry is Beginning

HARD TO PRESERVE ORDER IN THE CITY

More Troops Ordered to go Forward at Once.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, Aug. 18.—The condition of affairs at Santiago is causing a great deal of uneasiness and it is believed that more troops will be ordered there.

Already orders have been issued directing the Fifth regular infantry, now at Tampa, to proceed at once to Santiago.

The Government intends to take vigorous measures to preserve the peace in Santiago and the territory under U. S. control.

As a further step in this direction the President today directed that the 23rd Kansas regiment, colored, should be despatched to Santiago to form part of the force of occupation of Cuba.

[SPECIAL TO THE EXAMINER.]

PARIS, Aug. 19.—The American position in the far East is attracting great attention.

Armour Short.

CHICAGO, August 18.—It is said here that Armour is short a very large amount of hog products in the Chicago market. He is short not only to the large concerns, but to nearly all the smaller ones. At one time yesterday the provision pit resembled a cockpit. The traders retired to the outside of the pit and threw pennies to the messengers. On one of the steps of the pit was written in chalk: "To rent. Apply to Armour."

Dewey's Latest.

WASHINGTON, Aug. 18.—Admiral Dewey's official announcement of the bombardment and surrender of Manila has been received as follows:—

Manila, Aug. 13:—

Secretary of Navy,—
Manila surrendered to-day to the American land and naval forces after a combined attack. A division of the squadron shelled the forts and intrenchments at Malate, on the south side of the city, driving back the enemy, our army advancing from that side at the same time. The city surrendered about 5 o'clock, the American flag being hoisted by Lieutenant Brumby. About 7,000 prisoners were taken. The squadron had no casualties. None of the vessels were injured. On Aug. 7 Gen. Merritt formally demanded the surrender of the city and the Spanish governor-general refused. (Signed) DEWEY.

THE DOMINION THE VICTOR.

Won the Fourth Race—And the Cup.

The fourth of the series of International yacht races was held on Lake St. Louis, on Wednesday afternoon, over a triangular course. At the start the Challenger took the lead and kept it for the first three legs of the course, when the Dominion closed up the gap and commenced to pull away from the American boat. She kept on steadily drawing away from the Challenger and at the end of the second time around the course, was one minute and forty seconds ahead. The wind was moderate. The Dominion won by a quarter of a mile. This concludes the series and the Seawanhaka cup remains in Canada.

Kipling and His Work.

A newspaper man who interviewed Rudyard Kipling during his recent visit to South Africa, writes of him in the Cape Times: "He takes his work hard. He is tremendously in earnest about it; anxious to give of his best. He is quite comically dissatisfied with success; quite tragically haunted by the fear that this or that piece of work, felt intensely by himself in writing, and applauded even by high and mighty critics, is in reality cheap and shoddy in execution, and will be cast in damages before the higher court of posterity. When Rudyard Kipling had written 'The Recessional,' which two hemispheres felt to be one of the very truest and soundest pieces of work done by any writing man in our day and generation, he was so depressed by its shortcomings of his private conception that he threw the rough copy into the waste-paper basket. Hence Mrs. Kipling rescued it. But for Mrs. Kipling we should have had no 'Recessional!' For his best patriotic poems he has declined to accept any pay."
