

Stella Maris Holds Annual Field Day

The Annual Field Day at Stella Maris High School was held on Friday, September 20th, at 1:15 p.m. For the event the student body was divided into three groups.

Group I. Grades 1 to 4.
Group II. Grades 5 to 8.
Group III. Grades 9 to 12. High School.

Best athletes in Group I were Deborah Gallant and Marilyn Gallant.

Best athletes in Group II were Carolyn Gallant and Kenneth Pineau.

Best athletes in Group III were Billy Doucette and Vivian Gauthier.

Teachers of Stella Maris High School are grateful to Rev. L.J. Ayres, Pastor of Stella Maris Parish for starting each event and for donating prizes to best athletes in each group.

Teachers are also grateful to ladies of Home and School Association for providing prizes, ribbons and canteen service.

The following is the program with results.

Standing Broad Jump. 1. Edwin Pineau, 2. Billy Doucette, 3. Bernard MacNeil.

Pearkes Goes To Sea In 'Copter

HALIFAX (CP)—Defence Minister Pearkes donned a life jacket and strapped himself into a helicopter seat for a flight over the ocean Tuesday.

He and Vice-Admiral H. G. Dewolf, chief of naval staff, flew in the helicopter to the aircraft carrier Bonaventure at sea off Nova Scotia.

Aboard the carrier they watched naval pilots qualifying in deck landings with Banshee jet fighters and Tracker anti-submarine planes. The flights were the first from Canada's new carrier at sea.

Capt. H. V. W. Groos of Victoria, the Bonaventure's commander, greeted the visitors when they landed on the ship. After about two hours aboard they returned by helicopter to Halifax.

Mr. Pearkes will spend two more days touring defence establishments in the Maritime provinces. He arrived here Monday night.

The Bonaventure will remain at sea until Oct. 18.

Two Tropical Storms Likely

MIAMI, Fla. (AP)—The general circulation forecast for this month indicates the formation of two tropical storms in October, the weather bureau said Tuesday.

At least one of these is expected to develop in the western Caribbean or Gulf of Mexico. However, the second storm could develop in the general area of the Eastern Antilles and if so this storm is likely to remain at sea, the experimental hurricane probability forecast added.

Based on records of the last 70 years, two tropical storms form in October on the average but only one develops into a hurricane.
