TO-NIGHT.—Board of Trade.

THE STANLEY arrived at Pictou from Georgetown this forenoon. She will not return to night.

POOR HAY CROP.—According to the Calais Times, in many parts of Maine hay is high in price and scarce. Farmers are killing off many of their cattle, keeping only a few cows, on account of the increased expense in wintering stock.

BOARD OF TRADE.—The adjourned meeting of the Board of trade will be held this evening at 8 o'clock in the Guardian office. A full attendance is particularly requested, as matters of importance will come up. The annual report will be read and officers will be elected. The council meets at 7.30.

I. O. O. F.—A Lodge of Oddfellows was organized at Wilmot, N. S., on Tuesday evening, 10th inst., by D. D. G. M. Uniacke, with 15 charter members. The new Lodge bears the euphonious name of "Sunbeam," and will in future meet at Torbrook, where most of the members reside.

DECIDEDLY MEAN.—The meanest man in New Brunswick has been discovered in Fredericton. He belongs to the Royal School of Infantry, and while engaged as a "supe" on the City Hall stage stole a revolver from H. Price Webber. Fancy a man wearing Her Majesty's uniform robbing Price Webber when he was playing British Born!

THE BRITANNIA.—The Boston Globe says: The North Atlantic Steamship Company's beautiful steamship Britannia sailed Tuesday afternoon for New York, whence she leaves Saturday for her cruise to the Windward Islands and the West Indies. This being the first publicly announced yachting cruise in American waters, it is an "event," which fact has been appreciated here, Boston sending a distinguished company to represent her.

ST. JAMES' CHURCH.—The Presbytery of Prince Edward Island will meet in St. James's Church to-morrow (Thursday) afternoon at four o'clock for the transaction of ordinary business; and at half past seven in the evening for the induction of Rev. Mr. Fullerton, the new pastor of the church, who arrived here last evening. The following members of the Presbytery will take part in the induction services: Rev. Thos. Corbett will preside and induct; Rev. Geo. B. McLeod will preach the induction sermon; Rev. W. P. Archibald will address the minister and Rev. David Sutherland the people.

LUCKY FISHERMEN.—The Digby Courier says: One of the largest, and most valuable lots of fresh fish ever sold in Digby at one time by one vessel was delivered to Boutelier and Morch use on Wednesday last, by Captain Outhouse of the schooner L. M. Ellis, of Tiverton. It consisted of 8,000 haddock, 6,000 lbs. cod and 3,000 lbs. halibut. The haddock sold at 14 cents, bringing $1,120; the cod at $1½ cents, and the halibut at 6 cents, netting $1,228. Captain Outhouse says the few days of fine weather which the fishermen of Tiverton enjoyed brought them over $3,000, some boats making over $100. Haddock are in great abundance, and the present stormy period will tend to increase prices.

A BIGAMY CASE.—According to the Standard, Stipendiary Magistrate Gollon, of Pictou, has a bigamy case on hand, the principals in which are doubtless known to many persons on the Island. Daniel Hendriquin was arrested at Pictou on the 12th inst., charged with having married one Emma Connell at Pictou in the month of September last, a former wife, Cecil, to whom he was previously married at Charlottetown on July 17th, 1890, being then alive. Wife No. 1 says her maiden name was Cecil White, that she was married to Hendriquin at Charlottetown by a Scotch minister whose name she does not remember; that she furnished Hendriquin with $16 to defray the expenses of the wedding; that Hendriquin lived with her at Georgetown until last spring, when he left her; that they had one child, which is now dead. Hearing that Hendriquin was in Pictou, she went there about two weeks ago and had him arrested as above stated.

WANT'S HER SHARE.—An interesting case is to come up in the Halifax Supreme Court in a few days. The plaintiff is Mrs Margaret Roberts, formerly of Halifax, now of Brooklyn, New York, and the defendants are Albert Ward and Joseph Ward of Halifax. The plaintiff states that she is a widow 57 years old. When she was seventeen years of age, then residing in Halifax, she married William Keybowenes. Her people were opposed to the marriage, and as a result she left Halifax for Brooklyn, where she has resided ever since. She did not correspond with her people for seven years. Her father died three years ago, leaving his property to his sons, Albert and Joseph Ward, including an amount left to her in common with them by an uncle. Mrs. Roberts also states she wrote to the probate office regarding her estate, receiving word that her father, believing Mrs. Roberts was dead, got administration of her estate and secured the money left to Mrs. Roberts by her uncle. Mrs. Roberts, who was supposed to be dead, married a second time, now appears on the scene and brings the action against her brothers, who, she claims, got her share of her uncle's estate under her father's will.

A CONTRAST.—Canada is not known to have had a case of lynching since she became a Dominion. Last year there were 236 cases in the United States, as compared with 195 the year before. And murders are increasing at an appalling rate in the United States. According to the Chicago Tribune they numbered 3,567 in 1889; 4,290 in 1890; 5,906 in 1891 and 6,792 in 1892.

FIRE BOARD MEETING.—A special meeting of the Fire Commissioners was held last evening to receive the reports of Captains Pickard and Dawson, who had been authorized to re-form Rollo Reel company and the Salvage Corps. Each submitted a list of members, which was approved by the Board. Captain Russell's list was approved at a previous meeting. This completes the organization of the department for the year 1893.

THE TURKEY TRADE WITH ENGLAND.—Last year's shipment of turkeys from Canada to Great Britain was much the largest in the history of the trade. Advices from Liverpool, dated 20th Dec., state: "Further consignments of Canadian turkeys have arrived in Liverpool by the Allan steamship Sardinian and the Cunard steamer Aurania. They numbered nearly 1,000 packages, and with the consignments previously recorded make a total of 1000 tons of Canadian turkeys (20,000 birds) landed at this port during the past few days.

SCOTT ACT WORK.—The report of C. R. Casey, inspector under the Scott Act, in Cumberland Co., N. S., shows that proceedings were taken last year in seventy-four cases, in which convictions had been gained. The total amount collected in fines amounted to $1,006, out of which for expenses had been paid as follows: Justice's fees, $161; constable's fees, $313; counsel fees, $25; witnesses, $50; salary of inspector, $250; sundry expenses, $90; leaving a balance on hand of $117.

A MIRACULOUS ESCAPE.—As train No. 18, accommodation between New Glasgow and Truro, was going at full speed near West River Station, on Tuesday last, one of the tires of the driving wheels suddenly broke, but providentially the end of the broken tire caught in the brake, and in that condition the engine slid along all right to the station. Had it not been for this miraculour occurrence the consequence might have been awful, as the train was going at the rate of 30 miles an hour and on a down grade.—Enterprise.

A LIVELY SESSION.—According to an exchange, the Montreal city council had a lively session the other day. The council was waited upon by a deputation of carters who had a grievance and the mayor (McShane) who is fishing for popularity, was willing to override all the rules and proceed illegally to satisfy the carters. Ald. Prefontaine, who pointed out the illegality of the mayor's proceeding, was set upon by the mayor, and, after an exchange of courtesies, the alderman declared that the mayor was a "disgrace" to the seat he occupied. Here the mayor called the alderman "a g——d——cur," the carters hooted and yelled, raising a perfect pandemonium. When order was restord Ald. Prefontaine repeated his statement that the mayor was a disgrace, etc. There were several other scenes during the evening.

ESCAPED FROM JUSTICE.—The Fredericton Gleaner says: Some months ago Joseph Pelletier, of Madawaska, was arrested for destroying a tombstone on his wife's grave in the Catholic graveyard there. He was tried at the session of the Supreme Court in September, and the jury rendered a verdict of guilty. As it was late in the evening Judge King deferred sentence until the following morning. When the court assembled Pelletier failed to connect. A bench warrant was issued for his arrest. A few days ago it was reported he was concealed in his own house, and Constables Maxime and Joseph Martin proceeded to arrest him. Maxime rather foolishly ascended the stairs to a dark room, when the first thing he was aware of he was struck on the head by a bar of iron and knocked down senseless. Martin at once sprang to his assistance, when his head was split open by the same instrument in the hands of Pelletier, who then escaped to the American side, where he still is.

A Suggestion.

SIR,—Having learned through the medium of Mr. Fletcher's "Reminiscences" that my esteemed friend, Archibald Mc Neill, is (or was) an accomplished vocalist, permit me to suggest to the Burns concert committee that they invite him to sing at their concert on the evening of the 26th. I, with many others, would like very much to hear him, and there is not the slightest doubt but that he would prove a "drawing card." With his well-known modesty, I know that he will not volunteer his services, but I feel sure that if he is asked to sing he *will* sing for the honor of Robbie Burns.
