

To CORRESPONDENTS.—The letter of "a Citizen," respecting encroachments on the Streets and Common, came, we regret to say, too late for publication in this day's issue. It will appear in our next.

We have received a lengthy "Card of Acknowledgments" from Mr. R. B. Irving to a correspondent in the *Islander* signing himself "Echo." It will also appear in our next.

ARRIVAL OF THE MAILS.

The Mail Packet arrived here on Thursday morning last with the British, Colonial and American Mails. Latest dates from England are to the 20th ult. We clip the following extracts from our latest papers.

THE WAR WITH CHINA.

APPREHENSION OF THE SUPPOSED MURDERER OF MR. MARKWICK.—Yeh's DISTRESS FOR MONEY.—PROGRESS OF THE CHINESE REBELS.—In Hong-Kong the only subject of interest has been the apprehension, at his native village in Miss Bay, of the coolie supposed to have strangled Mr. Markwick. From the Canton River we hear but little. At the city Yeh is said to be hard up for money; people distressed for supplies; the bravos dispersing or pillaging the people. A rumour has reached us to the effect that the Chinese had succeeded in blocking up one part of the river, by driving stakes into the mud; but even if it be true the passage can easily be cleared again. The accident to the Raleigh has had the effect of postponing an attack upon the junks, projected by Admiral Seymour. The fleets, it is said, are to be attacked in succession, commencing with the one in Escape Creek; but until the Raleigh is either raised or deserted, nothing of consequence can possibly be undertaken. The guns have all been got out, and several tenders, we hear, have been sent in for raising her. From Amoy we have no news beyond the despatch of her Majesty's steamers Sampson and Camilla in search of the pirate fleet from which the Peninsular and Oriental steamer Lady Mary Wood rescued two rice junks on her last voyage down the coast. We receive no very exact intelligence of rebel proceedings in the North. The last accounts from Nankin showed the insurgent force there to be consolidating itself under Hung Siu-t'ien. At Fu-chau, there was great and increasing alarm, said, indeed, by some, to have been purposely promoted by the Cantonese fraternity in business there, who make the insurgents out to be within 100 miles of the city. It was believed at Shanghai, nevertheless, so far back as the beginning of this month, that the rebels had sacked the prefectural city of Shau wu-fu, situated in the north-west of the province, and at the head of a principal branch of the water communications between the tea-grounds and Fu-chau-Pu itself. Indeed they are stated to have burnt the tea-grounds. They are termed by some "local handiti," but the stronger and more worthy belief is that they belong to the body of Cantonese and others who have been over-running Kiang Si for the last two years—whether co-operating with the Tai Ping or not, does not plainly appear. One set of reporters insist on the fact of a fusion; but this is contradicted by the rumour that the invaders of Fu Kien are rebels flying before a portion of the regular insurgent body.

THE LOSS OF THE RALEIGH.—I regret to say (writes a Hong Kong correspondent on the 25th April) that the report mentioned in my letter of the 15th inst., of the accident to her Majesty's ship Raleigh, turned out to be correct. On the 14th inst., at about one p.m., when near the island of Chook-Chow, about five or six miles south-east of Macao, the vessel struck on a sunken rock, and sustained such serious injury that it was necessary to run her ashore, which was accordingly done on the east side of Ko-ho island. The vessel is in a precarious situation, and has sunk considerably in the mud. The water is up to her upper deck. This is an unfortunate occurrence, but sanguine hopes are entertained of saving the vessel, and we doubt not everything will be done on the part of Admiral Seymour to accomplish this. We believe he could not have the assistance of a more energetic officer than Capt. the Hon. Henry Keppel. The latter is at present here with the object of making some arrangements to try to raise the vessel. The rock the Raleigh struck on is said not to have been marked on the English charts. Previous to the vessel being run ashore, a signal of distress was fired, and then a salute to the French Admiral on board the Virginia, which was in sight. The French steamer *Catina* at once was despatched to render assistance, and brought over the report of the accident to Admiral Seymour.

RUSSIAN ACTIVITY IN CHINA.—The Russian Government appears to be displaying great activity in its relations with Central Asia. The *Czar* of *Craoow* speaks of three embassies recently sent into Persia and China. One has been confined to General Prince Melnikoff, who has been sent to Teheran by Prince Baratynski, Governor-General of the Caucasian provinces, to notify to the Shah his nomination to that post, and to keep up relations of good neighbourhood. The other two are to China. An extraordinary embassy has been confided to Admiral Pantiato, who has already arrived at Irkutsk, from St. Petersburg, and is to proceed immediately to China, to convey to the Emperor promises of assistance from the Russians against the rebels. The mission will also have for its object to regulate matters connected with the frontiers and the development of commercial relations.

VISIT OF THE EMPEROR AND EMPRESS OF THE FRENCH TO THE QUEEN OF ENGLAND.—It is said that the Emperor will leave Paris for Plombieres on the 28th inst., and will be accompanied by a part of the Imperial Guard. On his return from Plombieres, it is stated the Emperor and Empress will pay a flying visit to the Queen of England at Osborne.

CONSTANTINOPLE IN A STATE OF SIEGE.—The suburbs of Constantinople have been placed in a state of siege, with the consent of the European Embassies, in order to suppress brigandage.

COLONIAL NEWS.

TERRIFIC ACCIDENT.

DESTRUCTION OF STEAMER "MONTREAL" BY FIRE. BETWEEN 200 AND 300 LIVES LOST. THREE RIVERS, June 26, 9 o'clock, p.m. The steamer *Montreal* was destroyed by fire yesterday, at Cape Rouge, about 12 miles above Quebec, at 5 o'clock. 16 bodies taken up drowned, and about 104 alive, the remainder supposed to be lost. Captain and part of the crew saved. She had between 400 and 500 passengers on board. Many lives were lost. The steamer *Napoleon* saved from 195 to 200 passengers. 200 are supposed to be drowned.

SECOND REPORT.

The steward of the *Napoleon* states that they had made about an hour's run from Quebec when they noticed the *Montreal* on fire. They drew up as near as possible without endangering themselves, and despatched the two jolly-boats of the steamer to the aid of the *Montreal*. About 100 persons were brought to the *Napoleon*. The steward was told that there were 360 persons on board the *Montreal* when she left Quebec, most of whom were Scotch emigrants, who had arrived in the ship *John McKenzie*. The bodies of 16 small children were picked up, as also several adults. Nearly all the passengers were from the *John McKenzie*, from Glasgow, which arrived at Quebec on the 25th June. John Brown stated that yesterday, having received his discharge from the Royal Artillery at Quebec, he left by the *Montreal* about 4 o'clock, p.m., with his wife, for this city.

When opposite Cape Rouge, about 10 miles from Quebec, he observed smoke on the starboard side of the vessel. He then went to see where it proceeded, but saw no fire. Shortly after he heard the cry of fire, and the whole of the passengers ran to where he was, so that it was impossible to move. Many he thinks were crushed to death.

ACCOUNT ON NEWS-ROOM BOOK.

The *Napoleon* arrived at 10 1/2 p.m. Captain informed (when about 500 yards ahead) that the *Montreal* was on fire, and returned. He could not get near the steamer, but launched a large bateau, which they had on board, and the boats. With these they saved 104 passengers, and picked up 16 dead bodies—principally children.

The fire broke out from the boilers, and spread rapidly to the state-rooms, and from the state-rooms to the saloon. From the time that the alarm was given, until the time the vessel sank, not more than half an hour had elapsed. In two minutes the whole vessel seemed to be in flames.

The steward of the *Napoleon* said that the second engineer of the *Montreal*, first mate, two cooks and the wheelman are all missing. One young man of 18 years, an emigrant, lost father, mother, seven brothers, and all that he had. The emigrants generally saved little. Women are left childless, and the distress of all is heart-rending to witness. Many are badly burnt. We have not ascertained the numbers thus injured.

NEW BRUNSWICK.

MEETING OF THE LEGISLATURE.—June 24th was the day appointed for the meeting of the Legislature at Fredericton, when His Excellency the Lieut. Governor came down to the Council Chamber, and was received with the usual honors. The members of the House of Assembly having been sworn in, His Excellency was pleased to deliver the following speech:—

Mr. Speaker and Honorable Gentlemen of the Legislative Council: The exigencies of the public service have rendered it incumbent to summon you for the dispatch of business at the earliest possible period after the conclusion of the late elections, and although attendance at this season of the year will, I fear, be inconvenient to some of you, I am sure you will disregard any personal sacrifice incurred in the discharge of your public duties. I have to announce to you, in the first place, two events of recent occurrence, in both of which Her Majesty's loyal subjects in this Province must feel an interest—the birth of another Princess, and the death of Her Majesty's aunt, Her Royal Highness the Duchess of Gloucester.

Mr. Speaker and Gentlemen of the House of Assembly: I have, since the prorogation of the late Assembly, issued warrants on the treasury for the payment of such sums as were deemed necessary to prevent inconvenience in the conduct of the current business of the Province. An account of these payments will be submitted to you, and estimates of the probable revenue and expenditure for the current year will be laid before you.

Mr. Speaker and Honorable Gentlemen of the Legislative Council: Mr. Speaker and Gentlemen of the House of Assembly: In leaving you to your deliberations, I wish to express to you my confidence in your desire to promote the public interests, and I trust that Providence will bless our joint endeavours to maintain the character and to advance the prosperity of the Province.

FREDERICTON, June 24, 1857.—After the usual preliminaries had been disposed of, the House proceeded to the election of a Speaker. Mr. McLeod proposed Mr. Harding as a gentleman well qualified for the station. Mr. Mitchell seconded it in a speech eulogistic of Mr. Harding's abilities. Mr. End moved for dividing the House on the question. A short discussion followed. The House finally divided, and Mr. Harding was elected Speaker by a vote of 24 to 13. Messrs. Tilley and Harding did not vote. Mr. McPherson voted with the liberals. Messrs. Gilmour and McPhelin absent. Mr. Harding was conducted to the chair by Messrs. Mitchell and McLeod, and thanked the House in a brief speech for the honor conferred upon him. Mr. Watters moved for and obtained leave to bring in a bill to alter and amend the law relating to the Stipendiary magistrate of the city of St. John. A resolution was moved by the Attorney General for the issue of a writ for the election of a member to represent the city of St. John, the seat being vacated by Mr. Tilley's acceptance of the Provincial Secretaryship. In reply to a question put by Mr. Sutton, the Attorney General stated that the Government offices would shortly be filled up. The address in reply to the speech was moved by Mr. Chandler and seconded by Mr. McMillan. The address passed without opposition, and a committee appointed to wait upon His Excellency with the same.

NEWFOUNDLAND.

We learn from the *Patriot* that Sir Alexander Bannerman, the new Governor of Newfoundland, arrived at St. John's on the 8th June, from Halifax, and was received with the usual honors. The fishery had commenced auspiciously. Cod and Salmon were plenty in the market, the latter selling at 8d. and 9d. per lb. The weather had been cold for the season, and vegetation was backward. The *Patriot* remarks: "We never saw the trees so leafless at the beginning of June." The same paper also says: "Wages are higher and labour scarcer this summer than they have been for many years. Unfortunately this does not arise from an increase in trade, or from an increase of any other operations, but chiefly, we think, from the departure from amongst us of a large number of the 'bone and sinew' of the Colony. Hence those left behind find ready employment at liberal wages. We cannot regard this state of affairs as at all prosperous; for the ephemeral advantage gained now by individuals will be reaped we fear, next year, in a corresponding decline in the general revenue."

LOCAL NEWS.

CATHOLIC JUVENILE CONCERT.—The female children of the Catholic Sunday School—(having been formed into a music class under the tuition of Mr. Patrick Bowers)—gave a Concert, on Thursday evening last, in the school-room, to aid in furnishing the altar of St. Dunstan's Church in Charlottetown. Mr. J. W. Stevenson, Professor of Music, kindly volunteered his services, and sang some beautiful solos, besides assisting at several duets and quartettes. A variety of pieces, vocal and instrumental, were performed, interspersed with Recitations by members of the "Catholic Young Men's Literary Institute," before a large, intelligent and delighted audience. On Friday evening the entertainment was repeated with like success. Much credit is due to Mr. Bowers for the efficient manner in which his pupils were trained. We understand a Glee Club has been established by Mr. Stevenson, which will give a series of Concerts in the Temperance Hall, commencing on Wednesday evening, the 15th instant.

FIRE.—On the night of the 1st instant a new barn, the property of Mr. James Hayden, of Cherry Valley, Lot 50, was burnt to ashes with all its contents, which at the time consisted of his farming implements, 16,000 bundles of shingles, with a number of pigs, fowls, &c. The total loss to Mr. Hayden is reckoned at £150. The fire was discovered by Mrs. Hayden, who at about one o'clock at night awoke from sleep and saw the blaze shining into her room. She instantly alarmed her husband, who rushed to the barn, but too late to save his property. The fire is believed to be the work of an incendiary.—Com.

Married.

On the 22nd ultimo, by the Rev. Thomas Duncan, Mr. Alexander MacKenzie to Miss Mary Ann Clements, both of Charlottetown. On the 3th ultimo, by the same, Mr. Francis Cutliff, of DeSable to Miss Christian MacSwain, of Lot 31. At St. John New Brunswick, on the 15th April, by the Rev. James Baird, Mr. D. McLeod, of New London, P. E. Is. and, to Miss S. C. Jones, Weymouth, Nova Scotia. At Mount Pleasant, Dartmouth, Nova Scotia, on Wednesday the 2nd ultimo, by the Rev. Alexander McKnight, the Rev. George Sutherland, of the Free Church, Charlottetown, to Charlotte S., daughter of Henry Y. Mott, Esq., of that place.

Passengers.

In the steamer "Roseland," at Bedouque from Shediac, on the 2nd instant—Rev. W. Rossignol, Rev. D. Fitzgerald, Hon. T. Heath Haviland, Mrs. Alexander, Miss Haviland, James Duncan, Esquire, and others.

At New Glasgow Mills, on the 2nd instant, Margaret Ann, daughter of the Hon. George Bagnall, aged 4 years. Her untimely death has cast a gloom not only over her relatives, but also over many others with whom she was a favorite, on account of her rare qualities for a child, and ever none, more than the writer, whom she has often cheered in a lonely hour by her companionship and childish prattle. "Leaves have their time to fall, And flowers to wither at the north-wind's blast, And stars to set—but all, Thou hast all seasons for thine own, O Death. Youth and the opening rose May look like things too glorious for decay, And smile at thee—but thou art not of those That wait the ripened bloom to seize their prey."—J. McI.

At Belle Creek, Belfast, on the 2nd ultimo, Mr. Donald Stewart, aged 93 years. On the 30th June, very suddenly, Mr. John Boyer, Assayer of Weights and Measures, aged 63 years. On the 3rd June, at the North River, Ann, the beloved wife of Mr. Joseph Warren, aged 69 years—leaving a large family and a numerous circle of friends and acquaintances to mourn their deplorable loss.

At Lot 49, on the 19th ultimo, after an illness of nine days duration, which he bore with Christian patience and resignation to the Divine Will, Mr. John Acorn, in the 96th year of his age.

At the Rectory, Newburg Berks, England, on the 6th ultimo, aged 64 years, the Rev. Herbert Binney, D. C. L., Rector of that Parish. Dr. B. was the eldest son of the late Hon. Herbert Newton Binney, and father of the present Bishop of Nova Scotia.

At Charlottetown, on Thursday, the 2nd instant, of Diarrhea and Consumption of the lungs, Mr. John MacNeill, joiner, son of the late Daniel MacNeill, of Lot 31, aged 28 years.

Marine Intelligence.

Prices Current.

CHARLOTTETOWN MARKETS, JULY 4.

Table with columns for Provisions, Poultry, Fish, Lumber, Sundries, Vegetables, Grain, and other market items with their respective prices.

Letter from the Rev. Dr. CLAY to the Editor of the Christian Visitor.

Charlton, St. John, N. B., Nov. 11, 1856.

Editor: Being desirous that the production of our own citizens should be patronized, rather than those of foreigners, I take the liberty of stating that the people of our Province need not use Fellows' Worm Lozenges, or any other "Vermifuges," while they can get Fellows' Worm Lozenges, prepared in our own city. I was induced to try Fellows' Lozenges, having had a number of children under my care whose stomachs were so irritable the ordinary medicines could not be retained a moment, and the success that followed their use was so complete, that I can recommend them as one of the most pleasant and safe medicines that can be administered!

EDWIN CLAY, M. D.

Fellows' Worm Lozenges are sold by all Apothecaries.

If not paid in one month from date, they will be sued for without distinction of persons. ALEXANDER ROBERTSON. Bonshaw, West River, June 22, 1857. 1m. pd.

Holloway's Pills are deemed in Canada, as over all the world, the only reliable remedy for the sexual disabilities and disorders of females. In cases where the functions peculiar to the organization of the sex have been suppressed, suspended, or in any way disordered, the mild and conservative action of the Pills will speedily restore their regularity. The terrible diseases which result from a neglect of these derangements, are well known to all physicians; and it is of the utmost importance that the means of their prevention should be within the reach of the whole sex. The subject is one upon which it is impossible to enlarge in the columns of a newspaper, but it would argue little care for the sufferings of the feeble portion of the human race, to pass it over in silence.
