NOTICES

POTATO GROWERS

The attention of all farmers is directed to an amendment of the Prince Edward Island Potato Production Act passed by the Legislature in 1962 whereby all persons planting one-quarter acre or more of potatoes must plant those of the "Certified" class or better.

Potato growers are advised to procure their requirements while stocks of seed potatoes are available.

As many producers of good seed potatoes are now disposing of their crops on the tablestock market, it should not be difficult for all farmers who grow potatoes to arrange for their seed requirements for this year.

The failure to comply with this regulation will render the grower liable to a minimum fine of \$50.00.
