Alberton Woman Returns From European Tour

Mrs. W. J. Phillips has recently returned to her home in Alberton from a five months' visit to Europe. Having sailed from Halifax aboard "The Newfoundland" on April 19th, she was met at Liverpool, England, by her husband who is a chaplain with the Canadian Army in Germany. During Capt. Phillips' leave they visited members of his family in Wales and then together they motored to Germany, driving through Belgium and Holland.

Mrs. Phillips remained in Germany for a month. Since no living accommodations are available for wives of Canadian Army officers and men in Germany, Mrs. Phillips made her headquarters at a hotel in Hanover near where her husband is stationed. She derived much pleasure from driving in the country and visiting some of the old towns. On one occasion she and Captain Phillips dined at an hotel built in 1494. The town in which it was located had been founded about 900. One of the highlights of her time in Germany was attendance at an exceptionally fine opera. In speaking of the beautiful music, Mrs. Phillips said that in German cities one may go to a restaurant any evening and enjoy listening to a four or six string orchestra playing semi-classical music.

Joined By Son

At the end of a month in Germany, Mrs. Phillips returned to Wales where she remained until her son, Bill, a college student, joined her early in July. They spent one more week in Wales and then two weeks in London, that old city which never ceases to thrill those who visit it. Among interesting things seen there were the changing of the guard at Buckingham Palace, the crown jewels, Covent Garden, museums, etc. They attended several ballets and saw street artists at work. They also had the privilege of attending services of divine worshinp in St. Paul's and in Westminster Abbey.

A most enjoyable experience for Mrs. Phillips and her son was a fifteen-day conducted tour of France, Switzerland, Italy and Austria. Outstanding among many things of interest and beauty seen on this tour were the wonderful old churches and famous paintings by the great masters. In Venice the sightseeing excursion was by gondola and on foot. In this unique city there are no street cars, automobile or bicycles Gondolas of various sizes and types replace the usual cars, taxis and buses familiar to us. Following this tour another brief period was spent in England and Wales. —B.

Auto Accident At Alberton

A late model Monarch car from Charlottetown was badly damaged and a panel truck also from Charlottetown was damaged when both were struck from the rear by a large transfer truck belonging to a resident of Montrose.

The accident occurred early Wednesday morning and according to reports the driver of the car turned off the road to drive into the electric light plant when he noticed that the road had been closed and he turned back onto the pavement.

The panel truck was attempting to pass the car and was just opposite when both were struck by the large transfer. The panel ended up in the alders by the edge of the road with considerable damage The transfer was also damaged on both fenders and had an axle bent. Outside of bruises and cuts to the driver of the car no one was injured.

Brazil produces more than 500,000 tons of steel annually but has a larger potential.

Alberton Bible Society Meeting

— The Rev. E. M. B. Wheelock, district secretary of the Bible Society, addressed a gathering of interested people in the Presbyterian Church at Alberton on Wednesday evening.

Rev. Mr. Wheelock described briefly the three departments of work done by the British and Foreign Bible Society-translation, production and circulation. In this present day the challenge of Communism makes the work of the Bible Society particularly difficult, interfering greatly with circulation in many countries. The work of Dr. Laubach in teaching illiterate people to read within a week or two presents the challenge of an opening door. The Bible Society must see that these people have the Bible to read.

In closing Mr. Wheelock quoted Dr. John R. Mott's statement that the Bible is still the great way of leading people to Christ. Two fine films were shown at the close of the meeting. "The Book of Books" showed how a Bible is made, and "Frontiersman" depicted the work of Coiporteurs in Western Canada.

The opening worship was led by the Rev. J. R. McMahon and the Rev. G. B. Cunningham, Alberton. A duet, "Have Thine Own Way, Lord", was beautifully rendered by Mrs. G. B. Cunningham, and Mrs. Earl Atkinson.

On motion officers of the local branch of the Bible Society were elected. They are: Presidnt, Mrs. Arthur Wilkie; vice-president, Mrs. Vernon England; secretary-treasurer, Miss Margaret Forsythe.

The treasurer reported receipts to date as $191.75, with one section yet to report. This is one of the best collections ever made in the district. The president, Mrs. Wilkie, expressed appreciation to the collectors and to all who had so generously contributed to this great work.

S'side C. W. L. Holds Meeting

The Summerside sub division, C. W. L., held its regular monthly meeting on Wednesday evening in the Knights of Columbus home with a good attendance. The meeting opened with the league prayer by Rev. A. J. MacLeod. The president, Mrs. Wilfred Perry presided the secretary, Miss Margaret Wedge read the minutes of the previous meeting which were adopted as read. The financial statement was given by the treasurer, Mrs. Laurier Peters, and approved, all bills being voted to be paid.

Correspondence as read by the secretary, Mrs. Joseph Linkletter was received from Mrs. Lorne L. Noonan, provincial president of C W. L. regarding rules and regulations of convention, and from Mrs. Louis Sherry, Joseph Callaghan for sympathy extended during bereavement.

The following conveners gave brief reports of work done during the past month, Mrs. Carrol Delaney, Girl Guides, Mrs. Joseph Linkletter, membership; Mrs. Emily Gallant, sick visiting; Mrs. Frank Arsenault, social service; Mrs. Thomas Linkletter, magazines; Mrs. Wilfred Gallant, publicity.

After much discussion it was decided to hold a pantry sale in the near future with Mrs. Carrol Delaney acting as convener, and plans were made to hold a tag day. It was moved and seconded that a blanket be donated to be lotteried for the bazaar.

Rev. Father MacLeod briefly addressed the meeting thanking the members for selling lottery tickets for the Charlottetown Hospital and congratulated them for the good and charitable work done through the league. The meeting adjourned and lunch was served by the following committee; Mrs. J. C. Hickey; Mrs. Joseph Linkletter, Mrs. Frank Arsenault, Mrs. Matthew Arsenault, Mrs. Wilfred Perry, Mrs. Josephine Murphy, and Mrs Gordon Sullivan. —S.

Bridge prizes were won by Mrs. Keir Clark and Mrs. Theo. Ling and guest prizes were presented to the four ladies playing auction. Dainty refreshments were served by the hostess. — K.

West Cape Child Severely Burned

Four-year-old Brenda Annette Ellis, daughter of Mr. and Mrs. Milford Ellis, West Cape, is a patient in the Western Hospital, Alberton, suffering from severe burns to her face and body. The burns resulted when a can of sulphur exploded.

Although still in a very critical condition, the child was reported making progress last night and it is expected she will make a complete recovery.

West Cape is some 20 miles from Alberton.

The sulphur was being used in the fumigation of a hen house. It exploded when, it was reported, some gasoline was being poured from a can. The can of gas caught fire, and was tossed through the door, falling on the little girl.

LONDON, Sept. 30—(AP)—Princess Margaret has accepted an invitation to the London premiere of Charlie Chaplin's newest film, 'Limelight", Oct. 16. She is going as the guest of the Royal London Society for the Teaching and Training of the Blind. Receipts will go to the society's charity work.

Emergency Power System Carrying Load At Alberton

The Maritime Electric Company's emergency power system at Alberton is doing an excellent job of supplying the town and is presently carrying the total load, all circuits having been re-connected. Some concern was expressed by the company's manager at Alberton, Thomas Phillips, as to whether they would be able to handle the load on Saturday nights and he hoped that all consumers of electrical power would co-operate by cutting down consumption to a minimum as if this is not done some sections would have to be cut off. Peak load periods usually occur between six thirty and ten o'clock. It is now expected that the power line being extended from O'Leary will be completed in less than three weeks time.

Return To Home In Alberton

Mr. and Mrs. C. R. S. Leard returned to their home in Alberton on Thursday after a most enjoyable visit to Calgary, Alberta, where they were guests of their daughter and son-in-law, Mr. and Mrs. Edwin Edmonds.

Mrs. Leard left home five weeks ago and Mr. Leard joined her three weeks later. Both travelled by air. While in Calgary they took a number of motor trips through the surrounding country. Points of particular interest included Banff, Lake Louise, Lake Moraine with its remarkable coloring, the Turner Valley oil field district, grain growing areas, the beautiful Mormon temple at Cardston, and the Frank slide where in 1903 a gigantic rock slide destroyed the town of Frank.

This great slide of seventy millions tons of rock swept over two miles of valley leaving tragedy in its trail. Mr. and Mrs. Leard travelled the recently completed Kananaskis highway which follows a picturesque course through the Rockies from the Banff trail to Crow's Nest Pass. As a souvenir of the Banff trail they brought home samples of rock which is believed to be from five to seven million years old.

En route home Mr. and Mrs. Leard spent two days in Winnipeg where they had the interesting experience of visiting the grain exchange. The trip home was also made by plane.

BRIGHTON, England — (CP) — Miss Grace Tinkler, 67, and her friend Mrs. Erly Moore claim they have travelled an average of 5,000 miles a year since they started annual sea trips round the coast of Britain in 1927. "Sailing makes you tough," said Miss Tinkler.

Announcement was made yesterday by Mr. J. Watson MacNaught, parliamentary assistant to the Minister of Fisheries, that the contract for the Grand River (South) wharf has been awarded to Messrs. J. W. McMulkin and Sons, Upper Gagetown, N. B.

The amount of the contract is $19,507.80. —S

Recommend Use For P. O. Building

Members were strongly of the opinion that the old Post Office building in Summerside should be bought by the town and used for a library, a museum, and other worthy objects. To add emphasis to this, the members of this meeting of the Abegweit chapter of the I. O. D. E. unanimously approved that a recommendation be made to Mayor Wedge and Councillors to this effect.

This meeting by the members of the Abegweit chapter of the I. O. D. E. — their first meeting of the season — was held at the home of Mrs. Lee Horne, on Beaver Street, yesterday afternoon at three o'clock, with a large attendance of the members present.

In extending its educational work, this chapter decided yesterday to adopt some of the rural schools, by donating a library of $10.00 to each school.

Mrs. C. H. Stewart is educational secretary, and gave her report.

The members expressed their pleasure and approval that the name "Queen Elizabeth Park" had been chosen for the recreation center.

It was said that this marks the beginning of Queen Elizabeth's reign, and will tend to keep in the memory of all school children the visit of Her Majesty as Princess Elizabeth.

Mrs. Leslie Simmons reported for the fox flower show, and for services at home and abroad, and thanked all those who had helped in any way to make it a success. It was the opinion of the meeting that the flower show should and would be held again next year.

A special party will be held by the chapter in February, and the proceeds will be handed to the rink fund.

It was decided to hold the annual tag days in the latter part of October.

Mrs. Wilfred Lecky and Mrs. A. S. Hopkins will be joint conveners.

Mrs. Eric MacKay reported on the hooked rug for which tickets are being sold. This drawing will take place on October 18th.

The treasurer's report was read showing a substantial balance in the bank.

The Canadian Welfare Council membership fee of $10.00 was voted to be paid and $1.00 to the Film Board.

Mrs. A. L. Harlow was admitted as a new member and welcomed to the chapter.

The meeting closed by singing the National Anthem, and was followed by afternoon tea served by the joint hostesses Mrs. Lee Horne and Mrs. Wilfred Lecky.

The next meeting will be held at the home of Mrs. Wilfred Lecky. —S.

Rotary Club To Visit School

The members of the Summerside Rotary Club will go back to school at 1 o'clock this afternoon. At the invitation of Mr. Clarence Mercer supervisor at Summerside High School, they will all pay a visit to the Summerside High School at the that time to see first hand the equipment and training available to the boys who are taking the industrial arts course offered by the school.

The members of the Rotary Club will, today, have the opportunity to see how their money is being spent in this department, and to see what a creditable job the boys are doing. —S
