

JOCK TALK

By Mickey Place

Since we last chronicled the stories of our Panther hockey team we must relate only fair success in three games which, optimistically, we hoped to chalk up as wins, and in which we achieved victory only once. In Sackville, against the Mounties, we had a bad first period, in which

for us were Rory Beck and Harold Hay. On Saturday night we thought our Panthers might have won but the U.N.B. goalie, pretending he was Ken Dryden, proved to be a very good imitator, as he stopped 36 shots and allowed but one to get by him...that one by Lonnie Thompson as he took relays from Terry McKenna and Lonnie Thompson. In Sunday's game against St. Thomas we had a tough match for two periods and led by a 2-1 margin after goals by Steve Murphy and Trevor Crawford but we broke out with four unanswered goals as Gary

win over another and the rush for playoff positions should be intense after the holiday break. The team travels to Anti-

led the graduates with 12. Between the time this is written and the time it will be read there is a game with powerful Acadia

gonish and Halifax this weekend for games with St. F.X. and Dalhousie. Two wins or even a split would be most welcome. Record to date is 4-3....next home appearance will not be until 8 & 9 December when Mount A. and Moncton will be with us.

so we cannot comment upon it. Next home game will be with Mount Allison on 4 December.

In Lady Panther action, we won two from Saint Thomas by big scores - 96-27 and 69-22 - while we dropped an exhibition to the strong A Division U.N.B girls by a 20 point margin. Details on these games are scarce but we have Sharon Douglas and Rhody Gallant leading the way for us in one game with 13 and 12 points. Next on the schedule will be U.N.B. (Saint John) on Saturday and Sunday.

Our basketball Panthers proved to be in much better condition than their opponents as they outlasted the Alumni in their annual get-together in the gym on Saturday night. The "Old Boys" who still have vestiges of their former skills led by 10 at the half but wilted in the stretch and the current version of Panthers won handily 90-66. Bill Redmond was high scorer for the game with 21 while Rick Millard had 14. For the Alumni, Mike Connolly (who could pass for a Freshman)

Compiling the above reports we find that our week's record, in all sports, was 6 won and 4 lost which is a big advance over our average so we are happy to comment that we are moving in the proper direction.

we outpenaltied our opposition 10-3, and went on to a 6-2 defeat. We cannot really describe the action but any players to whom we have talked give the impression that the referee will not be nominated by them as "Man of the Year", but they are writing a check in a donation for "White Cane Week". Scoring

Trainor and Lonnie Thompson netted singles while Shane Turner chipped in with two very alert scores. Shane Carmody played well in both games and, it seemed to us, could not be faulted on any pucks that passed him. It would seem that this is a most peculiar league this year, with no team being certain of a

ÉCOLE DE DROIT

UNIVERSITÉ DE MONCTON

Avis aux candidats intéressés

L'Ecole de droit de l'Université de Moncton offre le programme de baccalauréat en droit coutumier (Common Law) entièrement en langue française.

L'Université accepte présentement les demandes des candidats intéressés à poursuivre des études en droit coutumier.

Bureau du registraire
Service de l'admission
Edifice Taillon
Centre universitaire de Moncton
Moncton, N.-B.
E1A 3E9
Téléphone: 858-4113

Date limite des inscriptions: le 1er juin

PSALM 58

THE JUDGE OF EARTHLY JUDGES

Gods you may be, but do you give the sentences you should, and dispense impartial justice to mankind?
On the contrary, in your hearts you meditate oppression, with your hands you dole out tyranny on earth.

Right from the womb these wicked men have gone astray, these double talkers have been in error since their birth; their poison is the poison of the snake, they are deaf as the adder that blocks its ears so as not to hear the magician's music and the clever snake-charmer's spells.

God, break their teeth in their mouths, Yahweh, wrench out the fangs of these savage lions. May they drain away like water running to waste, may they wither like trodden grass, like a slug that melts as it moves, like an abortion, denied the light of day.

Before they sprout thorns like the bramble, green or scorched, may the wrath whirl them away. What joy for the virtuous, seeing this vengeance, bathing their feet in the blood of the wicked. 'So' people will say 'the virtuous do have their harvest; so there is a God who dispenses justice on earth'.
