POTATO DEALERS and ASSEMBLERS

The Railway advises that there will be a heavy supply of refrigerator cars during the next few days, and it is quite possible that all orders for cars will be filled promptly. With the Potato market in its present state, we believe it inadvisable to load indiscriminately. ASSEMBLERS are requested to ensure that there is a sale for the car before it is loaded, and in no case will this Board accept a car unless authority has been given to load. Assemblers are asked to check with the Railway immediately and cancel their orders for reefer cars if not now required. Full co-operation is essential to avoid depressing the market. P. E. I.
