SCHOOL OF MUSIC.—The Charlottetown School of Music, established by the Board of Trustees of the Wesleyan Methodist school, was formally opened, this forenoon under auspicious circumstances. There was a large attendance of citizens at Kindergarten building. The Rev. Mr. Campbell, who presided, delivered a short address in which he stated that the proceeds of the school would be used only for the purpose of promoting musical education in this city, and it was hoped that the community would be benefited thereby. Professor Watts then read a paper—the first of a series—on the theory of music, illustrating his remarks on the blackboard and also by the rendition of selections on the piano. He also played a beautiful solo. The Heintzman piano is, certainly, a very fine instrument.

The trustees extend their cordial thanks to the ladies who so handsomely decorated the stage. Mrs. Geo. Stanley, Miss Ethel Poole and Miss Temple are to be congratulated on the success of their efforts. Handsome furniture was kindly lent by Messrs. Mark Wright & Co. The portraits of the great masters were from the music store of Mr. McMillan. The thanks of the Trustees are also due to Miss Collings for her sweet singing on the occasion.

Weak and Run Down, with Heart and Kidneys in Bad Condition—Restored by Hood's Sarsaparilla.

"I was very much run down, having been sick for several months. I had been trying different remedies which did me no good. I would have several spells of coughing that would leave me prostrate. I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me. I continued its use and it has made me a new woman. I cannot praise it too highly." Mrs. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ontario. Get only Hood's, because

Farquharson and Stewart Heard From—They Have "Located."

By yesterday's mail Premier Farquharson received a letter from his son, Mr. R. S. Farquharson, who with Mr. Theo. Stewart, of West River, left here for the Klondike in February last. The letter was written on the 20th November, from the town of Stewart, at the mouth of the Stewart River, 75 miles from Dawson, and covers some twenty-seven pages. They made an excellent trip from Le-In, landing without accident and in good order and condition.

The two have decided to remain at Stewart, which is a town of some 200 inhabitants. They have built two houses—a store and a dwelling—and have also taken up five gold claims about eight miles up the Stewart River.

The mining claims they have acquired are exceedingly valuable, and promise well. Messrs. Farquharson and Stewart were the sixth to arrive on the ground after the gold was discovered, and they at once bought the sixth, seventh and eighth claims. They have since acquired two more claims since then about twenty miles of the ground has been taken and new claims are being staked every day. A great many miners are coming down from Dawson, and the indications are that the population of Stewart will be largely augmented by the Spring.

There are six policemen at Stewart. One of these issues claims certificates at the rate of \$15 each. A claim is 50x250 feet. During the last six months he has received \$35,010 for claims.

Provisions are reported very high at Stewart. Butter is \$4 per pound, and it is exceedingly scarce at that. Flour is 50c a pound; beans 50c. Other things are in proportion. There are no potatoes moving.

PERSONAL.

Mr. R. W. Ambrose, the well-known oil man, is among the latest arrivals at the Hotel Davies.

Mr. G. F. Beer was, yesterday, elected an Alderman for the town of Nelson, B. C., leading the polling. Congratulations.

Mr. Leslie Cook, who is about to open a jewelry store in Charlottetown, went east last night en route to Nova Scotia on a business trip.

Mr. Heber Mumford, for many years Car Inspector of the C. C. R. at Halifax, died in that city last week, after a brief illness. Mr. Mumford was an active member of the R. M. C. A., and will be remembered as one of the delegates who attended the Railway Men's Convention which met in this city.

ISLANDERS IN BOSTON.—A valued correspondent in Boston, in the course of a letter dealing with the regular meeting and dinner of the Prince-Edward Islander's Club, to which reference has already been made by THE EXAMINER, says:—The club has about 50 members; at the first meeting, held July 6th, 1897, six members were on the roll. The club has managed two very successful reunions of Prince-Edward Islanders living in Boston and vicinity, and intends to hold a third reunion during the second week of February, or just previous to Lent, possibly by the 9th of the month. The dinners of the club are of a very social nature, and some first-class talent is always engaged for the occasion, vocal and instrumental music and reading taking place after the dinner. Mr. D. A. McDonald has been President of the club ever since its inception, and to him is due in a great measure its success. But he resigned at last meeting on account of having other social functions to perform of a like nature and could not devote his time to all of them. Dr. William Johnston the present presiding officer is a practicing physician of Dorchester, Mass., and well-known in Charlottetown, and a young man of great promise.

A CENTENARIAN GONE.—At East Bloomfield, N. Y., a few days ago, at the age of 111 years, William Condon, believed to have been the oldest person in the State, succumbed to the grip. Condon was born near Dublin, Ireland, in 1787. In early life he was a soldier in the British army, and took part in many battles, in which he distinguished himself for bravery in the ranks. He earned an honorable discharge long before the death of George III. Tobacco he used habitually all his life. He lived in Canada up to five years ago, when he went to East Bloomfield to live with his son, on a farm. He retained his faculties well, and could read coarse print without glasses when he was 110.

ACCIDENT.—On Tuesday last, while Mr. John Connors, of Clinton, New London, was chopping longers in the woods, a small piece of wood flew up and struck him on the eye, and ever since it has been growing worse. The material for these blankets was ordered on or about 23rd December, and they were at once made up. But the jailer, as already intimated, has not allowed them to be used. Mr. Harvie, it will be learned, with regret, has not lately been in good health.
