PROPOSAL BY SIR CHARLES To End The Present Session

AND GO ON WITH WORK OF INTERNATIONAL COMMISSION

Will be Considered by Sir Wilfrid and his Colleagues.

[SPECIAL TO THE EXAMINER.]

OTTAWA, May 29.—Saturday afternoon's sitting did not greatly advance the work of the session, but it witnessed two interesting discussions.

Sir Charles Tupper, referring to the statement of the premier made the day before that the International Commission would not resume its meeting unless the United States agreed to some method of settling the Alaska boundary question, expressed a hope that the Hague would establish a system for adjusting boundary disputes.

If Sir Julian Pauncefote's scheme or any other should receive general acceptance the Alaska question would be out of the way and the United States and Canada might be able to go on with the discussion of other subjects on which it was announced substantial progress had been made.

Sir Charles mentioned the statement of the New York Sun that he as the Leader of the Opposition was a great obstacle to the agreement, as the Canadian Commissioners were afraid to offer a compromise lest Canadian feeling should be stirred up against them.

Sir Charles Tupper said that on the contrary he was disposed to do all he could to assist the negotiations and make things easy for the Government.

He now suggested that as the Alaska affair was likely to be settled out of court that the Government should devote its energies to preparation for the negotiations and should go to Quebec thoroughly equipped for dealing with all the remaining subjects of controversy.

To that end he suggested that the redistribution bill and other controversial subjects be withdrawn and the work of the session be closed as soon as possible.

Sir Wilfrid Laurier said that there was nothing stronger in his declaration about Alaska than he had said on previous occasions. He hoped that this matter might be withdrawn from controversy so the negotiations could go on.

Doubtless the New York Sun was wrong in imputing to Sir Charles Tupper any desire to make the negotiations a failure.

The premier did not see the necessity for withdrawing the redistribution bill, which was intended to be a fair measure. If it was not to the Government would consent to the necessary amendments and in any case the whole matter could be fully discussed in a few days. However in deference to Sir Charles' position in his own party and in the country he could not refuse to consider his proposition and would discuss the matter with his colleagues.

The other discussion arose over the Grand Trunk strike.

FILIPINOS ARE GROWING BOLDER And More Aggressive in Their Actions.

KEEP THE AMERICAN TROOPS ON THE ALERT.

They are More Active Now Than Ever Before.

[SPECIAL TO THE EXAMINER.]

MANILA, May 29.—The approach of the wet season finds the insurrection seemingly taking a new lease of life.

All along the American lines the rebels are showing more aggressive activity in their guerrilla style than at any time before or since the fall of Malos.

They keep the United States troops in the trenches sleeping in their clothing and constantly on the alert against dashes upon the outposts and they make life warm for the American garrisons in the town.

Reports from prisoners indicate that the insurgents construe the peace negotiations to mean that the Americans have had enough of fighting.

The Filipinos are also encouraged by the belief that the Americans are preparing for an interval of inactivity during the wet season.

MOUNT ALLISON

Closing Exercises—Rev. Mr Campbell Preached Yesterday.

[SPECIAL TO THE EXAMINER.]

SACKVILLE, N.B., May 29.—The closing exercises are in progress. On Friday the Art Department of the Ladies College was open. The exhibit was very fine; drawings, pictures and figures in artist's was executed by the pupils, were much admired. An Elocution contest also came off. On Saturday there were excellent instrumental recitals on the piano, organ, violin, etc. In the evening the grand annual reception was held in the Ladies College, when youth and beauty ruled the hour.

On Sunday (yesterday) sermons were preached by President Allison and the Rev. G. M. Campbell, of Charlottetown. Mr. Campbell's subject—"The Character of Christ"—was ably and eloquently treated.

A large number of visitors are here, including several from the Island.

More Soldiers Needed.

MANILA, May 27.—The events of the last week have emphasized the need of a much larger army here, without which according to the best authorities in Manila, it would be attempting the impossible to expect to establish American supremacy in the Philippine Islands. The inadequacy of the American forces is said to be responsible for the large total loss in the number of small encounters, without material results as a compensation. Most of the fighting has been in territory which the Americans had swept, but have been compelled to abandon because they could not spare troops to hold it. MacArthur and Lawton held two important lines of communication and commerce. The railroad to San Fernando and the Rio Grande river, but much of the country they have swept including scores of the smaller towns and some of the larger ones have been left uncovered simply for want of men to hold them and the insurgents have returned and are occupying the towns the Americans abandoned, and are camping in the jungles and woods outside others on the watch for chances to harass the garrison an attack scouting parties or detached companies with greater force. This is a kind of warfare they prefer to regular battles. The insurgent generals take the loss of arms more to heart than they do the loss of men.

To Welcome Dewey.

ALBANY, N. Y., May 27.—The Legislature appropriated \$75,000 to celebrate the home-coming of Admiral Dewey. This is in addition to the \$150,000 already appropriated by New York City. The state fund will be expended in turning out the National Guard, and carrying them to New York.

ANOTHER BAD RAILWAY SMASH. Eight Killed and Ten Wounded.

A PASSENGER TRAIN RUNS INTO A WASHOUT

On Rock Island Route, Near Waterloo, Iowa.

[SPECIAL TO THE EXAMINER.]

WATERLOO, IOWA, May 29.—The through train from Chicago to Minneapolis, over the Rock Island and Burlington, Cedar Rapids and Northern Railways was wrecked at 1.15 on Sunday morning about four miles southeast of this place.

The train consisted of six coaches. Eight persons were killed and ten injured. A cloud burst had washed out the sand and gravel roadbed, leaving the track unsupported for a stretch of twenty feet.

The rails and ties held together and there was nothing to indicate the insecurity of the road.

The engine struck a washout and was derailed into the ditch beside the track, and crossing it the cars were piled in a confused heap. The mail car tipped over and was telescoped by the baggage car behind while the rear end of the baggage car in its turn telescoped into the smoker. The roof of the sleeper ploughed its way through the day coach while the lower half of the latter crashed through the sleeper. The engineer and fireman jumped, and escaped with slight injuries.

Dervishes Still Make Trouble.

[SPECIAL TO THE EXAMINER.]

BRUSSELS, May 29.—News has reached here from the Congo that Dervishes encamped at Bor on the Upper Nile having learned of the fall of Khartoum burned the town and fled northward.

A large expedition under Commander Cholten is being organized to proceed to the Upper Nile.

Canada and the States.

LONDON, May 27.—The foreign office officials confirm the statements made by the New York correspondent of the London Times to the effect that the negotiations with the Canadian government on the subject of Alaska has reached an almost hopeless stage, owing to the insistence of the Canadians that they receive a slice of Alaska, which apparently precludes any agreement being reached on the subject between the American and Canadian high commissioners. The evening newspapers here reproduced the New York despatch, with comment generally regretting the situation, but objecting to the conclusion that Canada is blameable. The Globe says: "The Canadians would be far less patriotic than they are if they yielded to what they consider to be an unjust and undefensible demand for the sake of the establishment of more friendly relations with their big neighbor." Continuing the Globe remarks that the Times, by publishing its correspondent's unjudicial summing up, has adopted the surest way to inflame public opinion on both sides of the Atlantic.

The Westminster Gazette says: "We certainly hope a better face can be put on things, so far as we are concerned, but the deadlock seems very serious."

The St. James Gazette thinks American politics are playing an important part in the situation and says: "The republicans are disposed to a friendly arrangement with England, but it must be on terms so favorable to America that the democrats will have no cause for complaint."

Dry Dock at St. John.

OTTAWA, May 27.—Mr. Geo. Robertson met the government yesterday. He was accompanied by Messrs Emmerson, Tweedie, Ellis, Tucker and Hannay. Sir Wilfrid, Cartwright, Blair, Tarte and Davies were present. He made a clear statement of his case and asked the government for a subsidy of twenty thousand a year for forty years for his dry dock.

It is said that the soldiers who had taken Hcod's Sarsaparilla stood the long marches in Cuba much better than the others.

ROYAL Baking Powder

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

Look In And see us about your fishing gear We have a nice fresh stock

Our prices are right.— We are anxious to please you. Rods for little money, or big money, but all good rods. Splendid range of flies, reels, casts etc., etc.
