Rockefeller Supports Scranton

WASHINGTON (AP) — Governor Nelson A. Rockefeller of New York gave his support to Governor William W. Scranton of Pennsylvania Monday in the latter's bid for the Republican presidential nomination to contest November's U.S. presidential election.

At the same time Senator Barry Goldwater of Arizona headed west, looking for the votes which would give him more than enough for a first-ballot nomination at the June 13 Republican national convention in San Francisco, if he can maintain his strength.

Rockefeller, in a statement issued at his office in New York City, said he would work with Scranton "to achieve a moderate forward-looking platform."

He said he would not release his delegates "at this time," but called a meeting of his campaign leaders for Friday.

The New York governor has 127 first-ballot delegates, said an Associated Press survey, while Scranton, who got into the race Friday, has 114.

Scranton flew to Iowa Monday for a meeting with that state's convention delegates, nine of whom are undecided at this point. He planned forays into other states this week in order to forestall a first-ballot victory by Goldwater.

Large Crowds Continue At S'side Crusade

SUMMERSIDE — The idea that each Christian must "be born again" was put forward by Rev. Joe Bilco at the opening meeting last night of the Billy Graham Evangelistic Association's "Crusade for Christ" here.

He planned forays into other states this week in order to forestall a first-ballot victory by Goldwater.

He told the gathering of 1,500, "is for each of you to get a true awareness of Christ, so that he is everywhere, in everything you do."

Special soloist for the evening was Chris Laehona, director of music, was Robert Manzie and pianist, David Anderson.

A 100-voice choir drawn from congregations in this area, performed during the service.

Earlier in the day, Mr. Bilco and the Crusade team were special guests at a civic reception and at a buffet supper at the Church of Christ hall here.

A show of hands indicated that a large portion of those present were from the areas outside Summerside and a number came from Charlottetown.

"Tonight has been designated as 'youth night' by the crusade, and all people, particularly the youth from this area, are urged to attend the meeting at the Billy Graham Evangelistic Association's 'Crusade for Christ' here."

"What I would like most," he told the gathering of 1,500, "is for each of you to get a true awareness of Christ, so that he is everywhere, in everything you do."

ARRIVES FOR TALKS

OTTAWA (CP) — Gow Whitlam, deputy leader of the Liberal party in Australia, has arrived in Ottawa for talks with Canadian political leaders. He will confer with External Affairs Minister Martin and will meet Prime Minister Pearson today. He will also be guest at a luncheon by the Commonwealth Parliamentary association Tuesday.

NUMBERS INCREASED

Between 1901 and 1941, the number of sheep and cattle in Canada rose by about 40 per cent to 11,345,000.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled as just the wrong time. You can now get a little PASTEREL, the alkaline (non-toxic) powder on your plates. Both false teeth and dentures are made more comfortable with PASTEREL. Your dentist or drug counters everywhere.

PROVINCIAL SPELLING AWARDS PRESENTED

Sherwood pupils wear smiles as they accept a cheque from Mrs. Frank L. Ross for \$100 The cheque, coming from the Centennial committee, was for winning the Prince Edward Island spelling contest. Mrs. Ross is shown at left handing the cheque to Susan Ayers. Holding plaque, second from right, is Connie Rodd and at extreme right is Mary L. MacLeod. Finalists with Sherwood were pupils from St. Mary's Academy, Summerside, and from Maxwell Region, at all High. The plaque is the work of Leavitt of Alberton.

Somehow difficult to see. He thought perhaps overhead lights should be erected at crosswalks to make it easier for drivers.

It was also felt that the three lanes on Water Street were also continuing to islanders as well as motorists and that perhaps signs with proper indications at the entrance of the town would be of some assistance. "The councillor said he didn't think drivers should be criticized," by one of our police officers if they happened to be in the wrong lane.

Brief mention was made of the vandalism going on at Queen Elizabeth and Memorial Parks. Council key was to go back the next day after vandals had plowed through them. It was felt that something must be done.

POWER PURCHASE

Coun. Key also gave an explanation as to why the town had purchased so many kilowatt hours from Maritime Electric last month compared to other months.

First, he said, one of the heavy duty engines which generates the power is being given a major overhaul and the second unit is also due for an overhaul.

He added that the installation of these two engines which burn heavy fuel oil has cut down on the expense and with Maritime Electric's expansion of their heavy duty steam plant, they have lots of "power to spare."

He said the town was in a very healthy position in being able to purchase power as cheaply as it can produce it. It also saves the wear and tear on the engine but will not become a common practice, he said.

Two resolutions were passed Monday evening, one of which was that J. A. Dolron be reappointed a member of the board of school trustees for the next two years; 2. That John Wilfred Gaudet and Ralph Hardy be named as police constables for the town on the usual probationary basis.

Town Going Ahead For Summerside Day

SUMMERSIDE — Major plans have been finalized, and all is ready for this town's celebration of Summerside Day, July 1st, it was revealed last night at a meeting of the Summerside Centennial Committee at the Legion home here.

The meeting, chaired by committee chairman Edgar Cannon, gave some consideration to the idea of holding off the unveiling of the town's centennial fountain until five o'clock in the afternoon so as not to conflict with the drummed service planned for Charlottetown.

As a result of a motion moved by Ross Mackenzie and seconded by Jack Walmsley, this idea was dropped in favor of the original plan to hold the unveiling at 11 a.m.

Mr. Walmsley told the meeting that he had been unable to obtain the services of 10 members of the RCAF to unfurl the 10 provincial flags being placed around the fountain, and so had decided to obtain the services of Boy Scouts from the St. James' Scout Troop.

Travel Fire Saver Talks

High Light Rotary Meeting

A former Ambassador of Goodwill in the Rotary Fellowship Club, Mr. G. W. Galloway, N.S., spoke at luncheon yesterday before the Rotary Club of Summerside. He is president of the Fire Prevention Bureau in Kentville, as well as head of the disaster organization.

He spoke on the high incidence of fires in Canada, greater than in any other country in the world. The total loss each year in Canada, according to Father Durney, is \$100,000,000 and also on how to act in case of fire. "60 per cent of fire casualties occur in the home," he said. "If there is a fire in the house, get out quick and stay out, do not go back to get your things."

In finishing he said, "Make our homes as safe as possible and remove disgrace and sorrow of fires which cost us so much money and take away children in the process."

Giants Down Cincinnati 6-5

SAN FRANCISCO (AP) — Jim Hart headed a run-scoring drive into center field in the ninth inning, giving San Francisco a 6-5 victory over Cincinnati Monday and moving the Giants eighth percentage points behind National League leader Philadelphia.

Hart's single off Ryne Duren came after Bill Henry walked. Will McCovey and Christy Crumley had no one out. McCovey scored on the hit.

The Giants had forced over 5-3 with three runs in the eighth, but the Reds rubbed salt for two in the ninth. Doubles by Frank Robinson and Jim Dwyer scored McCovey and Hart and moved the bases on a double by third baseman Hart and a walk to pinch hitter Hal Smith before Bobby Klaus drove a sacrifice fly to left field.
