

Planet Mars Closest To Earth In Last 32 Years

Months before and after this NEW YORK (AP)—Mars gliding moment of closest approach, with earth Thursday night, giving Mars was near enough for values its closest tantalizing wink inable and revealing observations and photographs.

Astronomers turned in tele- Mars is travelling through space scopes, hoping to solve puzzles of 15 miles a second, or 54,000 Mars "canals," its red deserts, only an hour. But actually it was its green or blue "gardens," only several hundred thousand vegetation, dust storms, thin polar ice caps Thursday night than Mars was near enough to see clearly, due to the the only life on Mars could be low shimmer caused by our own at- forms of plant life.

The winking hour for Mars was about 10 minutes, only for fleeting mo- ments can the human eye or cam- era see it clearly.

Mars within 35,120,000 miles of Telescopes at Mount Wilson Ob- servatory. Not since 1924 has it been servatory in California were try- close. Not until 1971 will Marsing to pierce through this shim- come so near again.

At least 16 observatories in various parts of the world are co-operating in Mars' studies, and reporting findings to an international Mars committee with headquarters at Lowell Observatory, Flagstaff, Ariz.

Photographs so far have rarely if ever captured the mysterious markings popularly called "canals." Not all astronomers have seen them.

The picture drawn by astron- omers so far is that Mars is mostly a red desert—that's why it shines so red in our sky—not by day but by night, with little oxygen, only enough water everywhere to fill Lake Erie, with inches—thin polar caps of frost or ice, with dark areas probably being sturdy, low-form vegetation.

Maritime Trade Board To Observe 60th Anniversary

This year's annual meeting of the Maritime Provinces Board of Trade, to be held in Moncton, N.B., September 23-25, will observe the 60th anniversary of the establish- ment of the organization, which came about mainly through the ef- forts of the Halifax and Saint John Boards of Trade. Prelimin- ary organizational discussions were held in 1895 culminating in the formation of the Maritime Board of Trade in 1896.

The first official President of the body was the late George Robert- son of Saint John, N.B. Ten Boards of Trade from Nova Scotia, New Brunswick and Prince Edward Island constituted the Maritime Board of Trade in its formative year. In 1950 the name was changed to the Maritime Provinces Board of Trade and today, some 110 Boards of Trade and Chambers of Commerce are located in the four Atlantic Provinces. Current Pres- ident of the M.P.B.T. is H. Watson Jamer of Lunenburg, N.B.

Prior to 1951, Secretarial duties for the organization were under- taken by the secretaries of the Halifax and Saint John Boards of Trade with Charles M. Creed and E.A. Saunders of Halifax and F. M. Scanders and J. Russell Dud- ley of Saint John being most prom- inent in this office. In 1951, the Maritime Board of Trade Regional Office in Moncton, N.B. and appointed A.T. Parkes as its Mar- time Manager. In order to ensure

further permanency and continuity in the work of the Maritime Pro- vinces Board of Trade, the Cana- dian Chamber made the facilities of its office and the services of two permanent secretaries to the work of the organization.

The establishment of the Mar- time Transportation Commission and the Atlantic Provinces Econ- omic Council, brought about at the instigation of the M.P.B.T., are two permanent monuments to the work of the organization.

When business sessions com- mence on Monday, September 24th., delegates from Boards and Chambers in all four Atlantic Provinces will be on hand. Featured speakers include Hon. T.C.A. His- lop, C.M.G., High Commissioner for New Zealand, Ottawa; Pre- mier Hugh John Fleming; Mon- ton Mayor, H.A. Joyce; Ron W. Todgham, President, Chrysler Cor- poration of Canada, Windsor; G. L. Filippelli, National President Junior Chamber of Commerce, Trail, B.C. Panel discussions, Open Forums and informative talks are on the agenda for business sessions while receptions, lunch- eons, dinners and a program for the ladies will form part of the social activities.

Delegates will be welcomed at a reception on Sunday evening, September 23 following the final meeting of the present M.P.B.T. Executive Council.

"Island Products Week" To Be Held September 17-22

Island Products Week will be held this year during the week of Sept. 17th-22nd. This announce- ment was made last night at the regular monthly meeting of the Charlottetown Junior Board of Trade, sponsors of the project.

The week will be officially open- ed Thursday noon on Sept. 17th at Civic Centre where a large num- ber of Island products will be on display for public inspection. It is hoped that a nationally known fig- ure will be in attendance for the official opening ceremony.

The Junior Board conceived the idea for an Island Products Week in 1954 and the display held Sept. 12-17th, 1955, was found to be high- ly successful and drew many favor- able comments not only from Prince Edward Islanders, whom the program will benefit the most, but others also.

Committee chairman Robert E. Younker said last night: "The aim of this project is to make people conscious of Island products, bet- ter acquainted with and more food. Last year's campaign was a very definite success and we have good reason to believe that this year the week will be even more successful."

"In a brief survey held last year following Island Products Week it was found that the sale of Island processed foods showed a definite increase. Our committee plans to make a more extensive survey following the week this year to ascertain more accurately the actual increase enjoyed."

The week will be advertised exten- sively through the press and radio and already hundreds of cir- cular letters have been sent to various clubs and organizations such as Women's Institutes, Home and School Associations and other boards of trade.

Board President J. Elmer Blanc- hard announced that the National President of the Junior Chamber of Commerce "Flip" Filippelli will be paying a visit to the Island on September 24th and will present a charter to the newly formed Junior Board of Trade in Summ- erside. On Tuesday, Sept. 25th Mr. Filippelli will be in Charlottetown and a luncheon will be held at the Charlottetown Hotel.

Q.C.H.S. Home And School Ass'n. Holds Annual Meeting

Mr. Frederic A. Large was el- ected president of Queen Charlotte High School Home and School As- sociation at the organizational meeting held in the school last night. Other officers chosen were: C. Ronald Clark, vice president; R.W. Manning, secretary; and Miss J. Ferguson, treasurer.

An impressive induction cere- mony was carried out by Rev. Can- on G.E. Moffatt following which Col. L.T. Lowther, school principal, introduced the new teachers and spoke of school plans for the com- ing year. Mrs. Charles MacKen- zie school librarian, gave a re- port in circulation of books to date which indicated keen interest is reading by students.

Athletic plans for the coming term were outlined by Mr. Jack Brady, physical education instruc- tor, and Mr. Ivo Cutmore, band instructor, made a written report on the High School Band which showed the close relationship ex- isting between it and the senior Recce Band. He expressed the hope that more boys would volunteer for band duties.

Miss Linnie Aitken then report- ed to the Association on band find- ings and Mrs. Alta Agorn told of the household science classes now underway. Mr. Stewart Wil- liams, vice principal, reported on the student council meetings and student activities. Following a gen- eral discussion approval was given to the executive to appoint com- mittees for the coming year.

Contract To Extend Pt. Prim Wharf Awarded

A contract for an extension to the present wharf at Point Prim has been awarded to J. W. and J. Anderson, Burnt Church, N. B. It was announced last night by Mr. N. A. Matheson, M. P., who re- ceived advice to this effect from the Federal Department of Public Works.

Mr. Matheson stated the con- struction in addition to extending

Woodland Fire On Peake's Road

A big Government bulldozer was still standing by last night to make sure the woodland fire on Peake's Road did not break out again. The fire which started in the brush Wednesday was finally brought under control but officials noting that everything in the area was very dry feared a possible recurrence.

The fire fighting was under di- rection of Mr. Frank Gaudet, Chief Forester of the Department of Agriculture, who remained on the job all Wednesday night and Thurs- day morning to direct operations. The bulldozer and the machine operator were also ordered to re- main on the scene. By means of the machine and with the assist- ance of volunteer fire fighters a fire break was built around the area to confine the outbreak to a 30 cords of pulpwood were des- troyed.

Mr. Maltheson stated the con- struction in addition to extending the wharf will include building an arm or hook angled off the tip. This hook, with a break water also to be built, is expected to provide much better shelter for the fishing fleet operatin in that area.

Car Accidents In City Yesterday

Two persons received minor in- jury yesterday when they were involved in separate traffic acci- dents in the City. The first accident occurred about 2.30 p.m. on the North River Road when a car pro- ceeding south stopped near the intersection of Admiral Street and was hit in the rear by a second vehicle. The latter vehicle sustained considerable damage and the driver, Rev. E. C. Evans, suffer- ed a severe shaking up and minor injury to one knee.

The second collision occurred at the intersection of Fitzroy and Hillsboro Streets at about four- thirty, when a car travelling east on Fitzroy was hit by a car going north on Hillsboro. Considerable damage was caused to both ve- hicles. A passenger in the second car, Mrs. Edgar Poole, Souris, suf- fered bruises on the forehead and cheek. She was taken to the Char- lottetown Hospital for a check-up and was released shortly after.

In the case of the first accident an official report had not been filed with the City Police at a late hour last night and the driver of the car had reportedly left the scene before the police arriv- ed.

Urge Further Probe In Death Of Indian Man

TRURO (CP)—A coroner's jury recommended Thursday night that further investigation be conducted into the death of 75-year-old Wil- liam Sylby, an Indian from the nearby Millbrook reservation.

Sylby was found in the back- yard of his son's home last Sat- urday with a deep gash on his face. His son, 35-year-old Martin, was taken into custody as a ma- terial witness Tuesday after police parties searched for him during the weekend.

Martin told the jury there had been a drinking party at his home and that he argued with his father.
