HAND BILLS, DODGERS, &c., &c.,  
On Short Notice, in Good Style, at Cheap Prices.

**DOMINION PARLIAMENT**  
NOTES OF THE SESSION.  
WEIGHTS AND MEASURES AND GAS.  
The report of the acting Commissioner  
of Inland Revenue and Inspection of  
Weights and Measures and Gas, says that  
it is thought fifty officers will in future be  
sufficient, to be distributed as follows:—  
Ontario, 24; Quebec, 13; New Brunswick,  
4; Nova Scotia, 5; Prince Edward Island,  
1; Manitoba, 2; British Columbia, 1. The  
percentage of rejection of weights and  
measures is small, varying from 4.5 for  
steel yards, and 3 for Dominion measures.  
Gas has only been tested regularly for  
purity at Montreal, Toronto, Quebec, St.  
John, Halifax and Ottawa. In Toronto  
the following tests were made:—For sul-  
phur 43 tests, not on any occasion in excess  
of the quantity allowed by law. For  
ammonia 43 tests, not on any occasion in  
excess; for sulphuretted hydrogen 75 tests,  
found present eight times. The gas was  
always found fully up to the standard in  
Toronto, as it was everywhere else, except  
at two tests in Quebec, one in Three Rivers  
six in St. John, N. B., and one in Picton,  
N. S. Examination of candidates by the  
Weights and Measures Board of Examiners,  
were held at London, Toronto, Ottawa,  
Montreal, Halifax, and St. John. Of the  
total number (60) notified to appear for ex-  
amination 48 candidates presented themselves,  
of whom 7 obtained first class, 11 second  
class, and 27 third class certificates, while  
three failed to obtain a rating. The re-  
ceipts for gas inspection were \$2,524; ex-  
penses, \$12,097. The total receipts of the  
Department were \$27,997, as compared  
with \$34,584 for the previous year, and ex-  
penditures \$57,784, as against \$59,270 in  
the previous year.

**INLAND REVENUE REPORT.**  
As compared with 1881, the following  
are the returns of Inland Revenue:—  
1881. 1882.  
Excise . . . . . \$5,400,904 \$5,936,142  
Public works . . . . . 481,066 438,060  
Cutting timber . . . . . 38,397 46,718  
Weights and measures . . . . . 33,043 30,746  
Gas and lawstamps . . . . . }  
\$8,151,433 \$8,610,223  
It will be seen by the above statement  
that the revenue accrued during the year  
just closed was \$6,610,222, as against 6,151,  
433 accrued in 1880-81, being an increase  
of \$458,789, or about 7.4 per cent.  
The increase has been as fol-  
lows:  
Upon Excise . . . . . \$535,238  
Upon cutting timber . . . . . 8,384  
Deduct:—  
Decrease on public works . . . . . 43,006  
Decrease on bill stamps . . . . . 34,530  
Decrease on weights, mea-  
sures, gas, and law stamps . . . . . 7,297  
Net increase . . . . . \$458,789  
As compared with the average revenue  
accrued for the four preceding years, the  
increase is very nearly 15.5 per cent.  
The following statement exhibits the  
details of excise revenue accrued during the  
past year, as compared respectively with  
the two years ended the 30th June, 1878  
and 1881:  
1878. 1881. 1882.  
Spirits . . . . . 2,708,585 3,231,482 3,555,490  
Malt Liquor . . . . . 6,636 6,250 6,125  
Malt . . . . . 538,592 316,656 387,597  
Tobacco . . . . . 1,581,502 1,777,631 1,903,838  
Petroleum . . . . . 6,469 18,749 23,884  
Manufactures in  
Bond . . . . . 36,894 50,807 33,603  
Seizures . . . . . 3,934 6,058 11,090  
Other receipts . . . . . 5,458 13,181 14,458  
Total . . . . . 4,888,070 5,400,904 5,936,142

**THE INDIANS OF CANADA.**  
The annual report of the Department of  
Indian Affairs for last year states that  
measures adopted to ameliorate the con-  
dition of Indians in the Dominion have been  
attended with a fair measure of success  
during the past year. Important progress  
had been made by the Indians of the  
Northwest, who have been settled upon  
reserves, instructed in the arts of civiliza-  
tion, such as building houses, barns,  
storehouses, and the cultivation of the soil,  
but a considerable number of Indians still  
prefer their roving life, and cherish the  
hope that the buffalo will return in suf-  
ficient numbers to afford them subsistence.  
Reports from the different agencies state  
that many tribes are gradually abandoning  
their heathenish rites and ceremonies.  
Several of the schools in the Northwest  
have been conducted with marked success.  
From Manitoba and Keewatin encouraging  
reports have been received from the agents.  
Any Indians who cannot make a living by  
cultivating the soil always find lucrative  
employment from the settlers, mill owners,  
or lumber men. In British Columbia, with  
few exceptions, a marked and continued  
progress is observable. The following is the  
census of the Indian population, as far as  
could be ascertained:—  
Ontario . . . . . 17,126  
Quebec . . . . . 11,089  
Nova Scotia . . . . . 2,228  
New Brunswick . . . . . 1,486  
Prince Edward Island . . . . . 312  
Manitoba and Northwest . . . . . 37,044  
Athabaska . . . . . 2,398  
Rupert's Land . . . . . 3,770  
British Columbia . . . . . 35,062  
Total . . . . . 110,505  
A LONDON druggist says:—"During the  
many years I have been in the drug business,  
I have never had a medicine that gave such  
general satisfaction, or for which there was  
such a large sale, as there is for Mack's Mag-  
netic Medicine, advertised in another column  
of your paper." Sold in Charlottetown by  
Apotecaries Hall Co. [£22 2w eod wky.]  
BONELESS CODFISH, canned salmon, mackerel  
and lobsters, good and cheap at the Family  
Grocery.—R. K. BRATZ.

**CORRESPONDENCE.**  
We do not hold ourselves responsible for the  
opinions or statements of our correspondents.  
"Squelched."  
To the Editor of the Examiner.  
MY DEAR SIR.—Your paper of last even-  
ing is open before me. You have coined a  
new word, "squelched,"—new to me at any  
rate; it pleases me well. I think that Mr.  
L. H. Davies is able to "squelch" most of  
his contemporaries; he certainly "squelch-  
ed" me in the year 1875, no other man in  
this colony could have done it. Presently  
afterwards he "squelched" the party  
who had called him in to "squelch" me,—  
and sometime thereafter, he himself was  
"squelched,"—but his motto is nil desper-  
andum, and I fancy that he can take a good  
amount of "squelching" yet, before his  
final collapse.  
Next, you tell us about Gurney, the  
absconding swindler from the Durham  
Bank, Ontario, "was recently interviewed  
at Louisville by two commanding officers,  
and was induced to disgorge some \$11,000."  
Why can not the Directors, the Liquidators,  
the Committee, &c., &c., of the bankrupt  
Bank of P. E. Island follow the good ex-  
ample of the Durham Bank, Ontario—and  
send officers to Baltimore or elsewhere?  
Lastly, you tell us that "Mr. Beatty  
introduced a bill for the equitable distribu-  
tion of insolvent estates, so that one cre-  
ditor should not have an advantage over  
the other."  
I wish very much that there could be a  
law made to this effect.  
I remain, my dear sir,  
Yours very truly,  
ROBERT BRUCE STEWART.

**Suppression of the Liquor Traffic.**  
To the Editor of the Examiner.  
DEAR SIR,—A meeting was held in Little  
Harbor Schoolhouse, on the night of the  
21st inst., at which D. Nolan, Esq., Chep-  
stow, presided as chairman, with the  
undersigned as secretary. Although the  
notice given was short, and the evening  
somewhat unpromising, a great concourse  
of people attended. Not only the residents  
of Little Harbor attended in full force,  
but the neighboring districts of West River,  
Red Point, Chepstow and Greenvale, were  
represented. The object of the meeting  
was to devise some means whereby the sale  
of intoxicating liquors could be suppressed  
in Souris, and surrounding districts. The  
inordinate sale of this destroyer of public  
good, in direct opposition of prevailing  
laws, has reached an alarming extent in  
this part of the country, and it has roused  
the people to do something that will be not  
only beneficial to themselves but to the  
country in general. It is a sad thing to  
behold a country unequalled in fertility  
and natural resources, either directly or  
indirectly, destroyed by the use of intoxi-  
cating liquors. I do not mean to insinuate  
that everyone indulges, but the fact is plain  
that everyone suffers more or less. Well,  
Sir, at this meeting a spirit of determina-  
tion was shown which if properly carried  
out, will without a shadow of a doubt, be  
effectual in exterminating this curse from  
our midst. The plan of operation to be  
carried on is quite new, and in my next  
report I will explain it.  
After the meeting was addressed by  
several prominent gentlemen present, the  
following resolutions were read and unani-  
mously adopted:  
Whereas, It is the opinion of this meeting  
that the sale of intoxicating liquors in Souris,  
in direct opposition to the laws now in force,  
has reached an extent highly injurious to  
the morals and welfare of the community;  
Resolved, therefore, That we will do our  
utmost to suppress the sale of liquor in Souris  
and surrounding places, and do all in our  
power to enforce the law to its uttermost  
extent.  
Resolved, further, That a committee be ap-  
pointed by this meeting to carry out the  
resolutions adopted to their fullest extent.  
Now, Mr. Editor, it appears strange to  
me that the Scott Act is in operation in  
other parts of the Island and not here. In  
fact I have heard from reliable authority,  
that parties driven from other parts of the  
Island by this Act, have come to Souris  
and are making fortunes. Is the law not  
in force here as well as other places? And  
why is it not enforced? It is evident that  
there is something astray, and these liquor  
sellers must be protected by a power un-  
known to the community at large.  
However, the proper steps are now being  
taken, and let it be hoped that, ere long,  
those who are now living on the fat of the  
country will be forced to make for them-  
selves at least an honest living.  
Thanking you, Mr. Editor, for your valu-  
able space,  
I remain,  
Yours respectfully,  
FRED. F. HALEY,  
Secretary.  
Little Harbor, Feb. 22, 1883.

The Prince Edward Island representatives  
in Parliament are in the right of it to push  
the Island's claim for the best winter com-  
munication with the mainland practicable.  
The establishment of such communications  
is not only right per se, but is also demanded  
in the interest of the Dominion. The  
sole difficulty in the case is to determine  
the best means available for the purpose.  
A tunnel is out of the question, because of  
the cost, and the use of ice boats, which, at  
times, seems unavoidable, can never be  
made perfectly comfortable or absolutely  
free from peril. As for the use of improved  
"Northern Lights," they may often do well  
in favorable circumstances even in the  
depth of winter. But their movements  
must frequently be unreliable, and, not  
seldom, they will not be able to move at all.  
The best practicable solution of the diffi-  
culty would seem to be a combination  
service of steamboats and ice boats.—St.  
John News.
