Black 47

"Live In New York City"

Gadfly Records

www.gadflyrecords.com

After nine years of playing, and numerous studio releases, this is Black 47's first live album(A). Capturing their Irish-punk energy perfectly, this album features 9 of the bands' original tunes, a Bob Marley cover ("Three Little Birds"), a Bob Dylan cover ("Like A Rolling Stone") and a set of reels featuring the groups' uilleann piper. If you've never heard this New York City based group, give this cd a shot. Just one spin of "Funky Ceili" and you'll be hooked. O'Connor

Marky Ramone and the Intruders
"The Answer To Your Problems?"

Zoe Records

www.intruders.net

Although the Ramones called it quits in 1996, drummer Marky wasn't about to call it a career. This, his second cd as bandleader, sees a fusion of south Californian punk with that of the Ramones style, resulting in a decent cd.(C)
A great track is "Don't Blame Me," a tribute to Phil Spector's legendary "Wall of Sound" approach to music – the song is a duet featuring Joan Jett and Marky – who makes his debut on vocals with this track. The other 13 tracks, which feature Ben Trokan on vocals, are more punkish and have a definite SoCal punk feel to them. Notable tunes are "One Way Ride" and their cover of the Beatles' "Nowhere Man," which is featured here in double speed. O'Connor
