Charges Against Hon. Mr. Campbell.

The outspoken member for Rustico has dragged into light and publicity a slander which, for some months past, has been insidiously circulating to the prejudice of the Commissioner of Public Works.

In his indignation, Mr. Campbell declared that he would bring the witness named by Mr. Farquharson before the bar of the House.

The Waterworks Question.

A DECIDED step in advance has been taken. It may now be said that we shall in all probability be supplied with water ere the close of the current year.

In the annual payment by the city of \$3,000, the Company have something substantial upon which to work, and they may, without doubt, look forward to a large and increasing sale of water to private citizens.

The Subway Company.

WE have received from Ottawa a copy of the "Act to Incorporate the Northumberland Straits Tunnel Railway Company," which was introduced by Senator Howland, and passed the second reading on the 7th inst.

The energy with which Senator Howland has pushed his scheme for thus connecting this Island with the mainland, merits the thanks of the people of this Province and of the whole Dominion.

Socialist Leaders Set Free.

The trial of Burns, Hyndman, Champion and Williams, Socialist leaders, on the charge of having incited the Trafalgar Square and Hyde Park riots, was concluded in London on the 10th inst.

WHITE and Rogatta Shirts opened to-day at L. E. PROWSE'S. First cost value.

PROVINCIAL LEGISLATURE.

HOUSE OF ASSEMBLY.

APRIL 13.

Mr. SINCLAIR resumed the debate on draft address. He said that the farmers had just as much as they could do to make both ends meet, and greater economy on the part of the Government was necessary.

Hon. Mr. SULLIVAN, after some preliminary remarks, referred to the charge that the delegation had not sooner gone home to England, and said that an earlier procedure was inexpedient, on account of the general elections pending throughout Great Britain.

He was, however, glad to report that the delegation had been well received by the Secretary of State for the Colonies. Complaint had been made because a member of the Opposition was not appointed to the delegation.

Mr. SULLIVAN reviewed the steps taken by the Government towards securing the fulfilment of the Terms of Union, and exposed the motives of the Opposition.

Mr. BURNETT regretted to find nothing in the speech about the reduction of the Legislature, and argued that the Government were not sincere with respect to that question.

Mr. BURNETT regretted to find nothing in the speech about the reduction of the Legislature, and argued that the Government were not sincere with respect to that question.

Mr. MCKAY, after some preliminary remarks, referred to the claims of the Island for fulfilment of the Terms of Union, and defended the action of the Government with respect to it.

Hon. Mr. CAMPBELL challenged Mr. Farquharson to say whether or not the statements with respect to him were true or false.

Mr. FARQUHARSON said that until Mr. McKay proved that he had uttered the statements, he would take no notice of them, but he would say that the job at North River was most disgraceful.

Hon. Mr. CAMPBELL said that the statements made by the hon. member or not?

Mr. FARQUHARSON—Some people fear nothing because they know nothing. Some of the remarks of the hon. member for Rustico I do not think worthy of reply.

Hon. Mr. CAMPBELL—The papers in reference to the contract were laid before the House last session. Whether the Hon. member think he had authority for his statement or not, it is a most unqualified falsehood.

Mr. FARQUHARSON—I know that Mr. John Sinnot told Mr. Doyle (the contractor) that the work would not do; but that Mr. Campbell said "it is all right, go on with it." Less than one half the stone required by the contract was put into the

work. I will produce several men who will testify that such was the case and that thousands of dollars were lost to the country in connection with the job.

Hon. Mr. CAMPBELL—I will bring John Sinnot to the Bar of the House. I wrote to him to-day asking for an explanation.

Mr. FARQUHARSON—I will undertake to say that Mr. Sinnot will not appear at the Bar of this House. I challenge and dare the Commissioner of Public Works to bring Mr. Sinnot to the Bar of this House.

Mr. MCFADYEN moved that the debate be adjourned. House adjourned.

LEGISLATIVE COUNCIL.

APRIL 12.

Hon. Mr. McEACHERN moved the draft address in an appropriate speech, and Mr. Boyer seconded the motion.

Mr. ROGERS attacked the administration, and Mr. Burns defended at some length.

On motion of Hon. Mr. Anner the Council adjourned.

Obituary.

JAMES P. KICKHAM, son of Edward Kickham, Esq., and brother of the late Hon. Laurence Kickham, died at his residence, Souris West, on the 6th inst.

Home Rule.

Patrick Egan, President of the Irish National League, was at Omaha on Friday last, and upon being asked what he thought about Gladstone's bill, said: "I think it will be a good thing for Ireland, if it is passed with certain modifications."

SEVERAL noblemen in England are in the habit of giving special orders to makers in Virginia for their supply of smoking tobacco. There is no doubt that by that means they obtain the very best tobacco to be had, but it cost them \$2 a pound. The working men of Canada are smoking the very same quality of tobacco at 60 cents a pound, and it is known to them as the Myrtle Navy.
