MISCELLANEOUS.

ILLUSIONS OF THE BRAIN.

Dr. Gooch relates the case of a lady who, in consequence of an alarm of fire, believed that she was the Virgin Mary, and that her head was constantly encircled by a brilliant halo. Dr. Uwins gives an account of an intellectual young gentleman who, from some morbid association with the idea of an elephant, was struck by a horrific spasm whenever the word was named, or even written before him; and to such a pitch was this infatuation carried, that elephant *paper*, if he were sensible it were such, produced the same effect. A similar case is told of a gentleman who, on narrowly escaping from the earthquake at Lisbon fell into a state of delirium whenever the word *earthquake* was pronounced in his hearing. The Rev. John Mason of Water Strateford, evinced in every-thing sound judgment, except that he belived he was Elias, who foretold the advent of Christ, who was to commence the millennium at Strateford. A lady, twenty-three years of age, afflicted with hysterical madness, used to remain constantly at the windows of her apartment during the summer. When she saw a beautiful cloud in the sky, she screamed out, "Garverin, Garverin, come and take me!" and repeated the same invitation until the clouds disappeard. She mistook the clouds for balloons sent up by Garverin. The Rev. Simon Brown died with the conviction that his *rational soul* was annihilated by a special fiat of the Divine will; and a patient in the Friends' "Retreat," at York, thought he had no soul, heart, or lungs. There was a tradesman who thought he was a seven shilling piece, and advertised himself thus:—"If my wife presents me for payment, don't change me."

Bishop Warburton tells us of a man who thought himself a "goose pie;" and Dr. Ferriday of Manchester, had a patient who thought he had "swallowed the devil." In Paris there lived a man who thought he had, with others, been guillotined, and when Napoleon was emperor their heads were all restored, but in the scramble he got the wrong one! Marcus Donatus tells us of one "Vicentinus, who believed himself too large to pass one of his doorways. To dispel this illusion, it was resolved by his physician that he should be *dragged through th aperture by force*. This erroneous dictate was obeyed; but, as he was forced along, Vicentinus screamed out in agony that his limbs were fractured, and the flesh torn from his bones. In this dreadful delusion, with terrific imprecations against his murderers, he died."

EVADING THE LICENSE LIQUOR LAW.—Peter Buckley, of Delaware City, Delaware, has been convicted on four counts, and fined one hudred and four dollars, for selling liquor without license. It appears he attempted to evade the law, by selling a cracker or segar for a fip, and asking the purchaser to take a drink. He proved the sale of a cracker in one instance, and a segar in another, and contended that he had the right to give away his liquor to his customers. But it was proven that the purchasers went to the house to get the liquor, and that the cracker or segar would not have offered sufficient inducement to call them there had the liquor not been anticipated. The court held that it was an attempt to evade the meaning and spirit of the law.

PLEASURE OF CONTENTMENT.—I have a rich neighbour that is always so busy that he has no leisure to laugh; the whole business of his life is to get money, and more money, that he may still get more and more money. He is still drudging on, saying what Solomon says, "The dilligent hand maketh rich." And it is true indeed; but he considers not that it is not in the power of riches to make a man happy: for it was wisely said by a man of great observation, "that there be as many miseries beyond riches as on this side of them." And yet Heaven deliver us from pinching poverty, and grant that, having a competency, we may be content and thankful. Let us not repine, or so much as think the gifts of God unequally dealt if we see another abound with riches, when, as God knows, the cares that are keys that keep those riches, hang often so heavily at the rich man's girdle, that they clog him wtih weary days and restless nights, even when others sleep quietly. We see but the outside of the rich man's happiness; few consider him to be like the silkworm, that, when she seems to play, is at the same time spinning her own bowels, and consuming herself. And this many rich men do, loading themselves with corroding cares to keep what they have already got. Let us, therefore, be thankful for health and competence, and above al for a quiet conscience.

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duation, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,
(Signed) W. MOON.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor HOLLOWAY,

Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became eecessary; notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
Bilious Complaints	Erysipelas	Liver Complaints
Blotches on the skin	Female Irregularities	Lumbago
Bowel Complaints	Fevers of all kinds	Piles
Cholics	Fits	Rheumatism
Constipation of the Bowels	Gout	Retention of Urine
Consumption	Head-ache	Scrofula, or King's Evil
Debility	Indigestion	Tumours
Sore Throats	Stone and Gravel	Worms of all kinds
Secondary Symptoms	Tic Doloureux	
Ulcers	Venereal Affections	
	Weakness, from whatever cause, &c.

DR. CHALMERS' WORKS.

[*"To commend these works is superfluous; they have met with universal approbation from the British press and public. That the periodical press, representing so great a variety of religious and political opinion, should have so generally noticed them, and that too with high commendation, is a circumstance exceedingly rare, if not altogether unparalelled. They have charms for the merely literary man, and they will obtain a hearing for evangelical truth in quarters from which it would otherwise be excluded."*]—*Kitto's Journal.*

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for ar effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
