Deputy Governor Visits Lions Club

The Charlottetown Lions Club had the pleasure of playing host to Deputy District Governor Lion Ron Humphrey and Lion Ron Hill of the Halifax Lions Club at their regular by-monthly dinner meeting held at the Queen Hotel last evening. Others present at the meeting besides local members were visiting Lion J. F. C. Rogers of Hawaii and Dr. K. A. MacEachern, City.

Lion Ron Humphrey gave an instructive and interesting talk on Lionism in general and emphasized the value of frequent visitation between Lion Clubs in order to become better acquainted with the other members of the organization and to learn more of the activities of the various clubs and the manner in which they are carried out. He also gave a brief account of the progress being made by International Representative Lion Calvin Welch, who is presently engaged in organizing Lions Clubs at Summerside and other centres in the Western section of this Province.

Lion Ron Hill also spoke briefly. He informed the local members that arrangements have been made again this year with Mr. Joey MacDonald of the Rollaway for the Blind Bowlers League every Monday night. He requested that the members of the local Club again supply the necessary scores and guides for the league. The meeting heartily endorsed the project and accepted the responsibility as they have done in the past.

Business carried out at the meeting included a discussion on the procuring of a special type magnet to be used by the two City hospitals for the removal of metal particles in the eyes of patients requiring such treatment. The matter was turned over to the board of directors for further enquiry and discussion as part of the Club's sight conservation program.

Lion Bill Watren presided over the meeting in the absence of President King Lion Jack Stevenson, who is presently on a mainland business trip. The report on the minutes of the last meeting and reading of the Club's correspondence was given by Secretary Lion Lou Bagnall, while Tail Twister Lion John Van Maarion and pianist Lion Jackie Doyle carried out their duties in their usual capable manner.

The meeting closed with the singing of "The Queen."

FILM BLOCK FAILS

WASHINGTON (AP) — Cowboy actors Roy Rogers and Gene Autry Monday were denied a Supreme Court review of their unsuccessful suits to block telecasting of their old films for commercial advertising purposes. Rogers sought an injunction against Republic Pictures Corporation to prevent telecasting of 81 pictures. Autry's similar suit against Republic involved 57 pictures.

USEFUL EXPORT

Bailey bridges, a British invention of the Second World War, now form a valuable item of British exports.

flock who had been killed and not found by the hunter the day before. He was taking it home to the Old Pasture and by chance the early hunter saw him, and what he was carrying. Instantly he flew into a rage. He lost his temper completely. He even threw up his gun and fired at Reddy, although he was too far away to hurt him. Reddy would have grinned had he not had his mouth full.
