

# Peter Kempf Big Factor In Montreal Offensive

By AL McNEIL

MONTREAL (CP) — Montreal Alouettes are in third place in the Eastern Football Conference with a 3-4 record but coach Darrell Mudra is convinced that, given a few more point-getters like Peter Kempf, the club would be on its way to the Grey Cup.

Kempf, 28-year-old Vancouver native, came to the Alouettes from the British Columbia Lions of the Western Conference last spring.

He is leading scorer in the EFC, having scored 38 of his team's 51 points, including all the Alouettes have managed in their last five games.

In seven games Kempf caught 15 passes to make him the Alouettes' top receiver and fourth best in the Eastern Conference. His longest gain was 25 yards and he has averaged 12.3 yards per catch.

And still his coaches are cautious in their praise.

"In Vancouver, Kempf was used primarily as a field-goal kicker, seldom getting a chance to catch or carry the ball. B.C. unloaded him after the 1965 season in which he caught 26 of the 31 passes thrown to him for a completion percentage of 83.9 and 457 yards; he scored three touchdowns and his average per catch was 17.5 yards. He wound up 1965 with 82 points, the second-best total in the West.

"With Alouettes this year, Kempf

has caught two touchdown passes and kicked seven field goals, four converts and one single for his 38 points.

"Kempf is a good ball player, but what is more important is that he is improving every time out."

Bob Weber, the offensive coach says:

"He's certainly not the best ball-catcher you'll find in the league, but at least he'll listen and has enough natural ability to get in position to get under the ball when it's thrown to him."

Kempf is happy in Montreal because the Alouettes give him a regular turn on offense.

"I got into seven games as a flanker last season with the Lions," he says.

"It's always nice to play full time and that's what I'm getting a chance to do here. If you're strictly a kicker, you feel like the 13th man all the time and you watch most of the game from the bench."

Kempf, who stands 6-2 and weighs 190, admits, the Alouettes

picked him up primarily for his kicking ability.

"But it has worked out better than I anticipated with my getting an opportunity to play both positions and I find I stay loose."

"This way, I don't have the opportunity to sit on the sidelines and worry about missing a field goal or a convert. I'm too busy at my regular spot."

A case in point is Alouettes' loss to Edmonton Eskimos. Kempf was good on only one of three field goals he tried that night — but he caught four passes for 39 yards and was the club's best receiver.

**DOESN'T BLAME LIONS**

Kempf doesn't criticize the Lions for the way they used him.

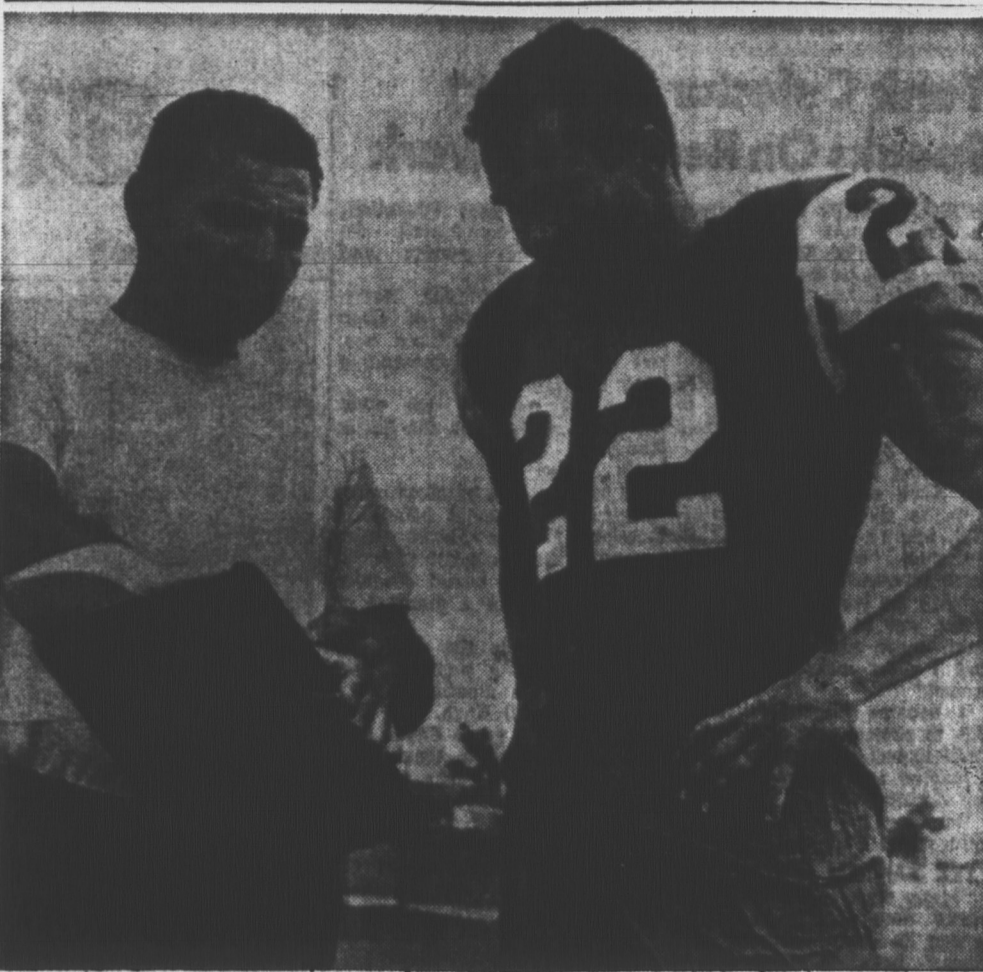

"I felt I could play somewhere else and that I'd never get anywhere sitting on the bench, but I couldn't do it in Vancouver. They had excellent pass catchers in Sonny Homer and Mack Burton and they were much better than me."

"I realize I'm not going to be another Hal Patterson or Hugh Campbell, but this is the fourth year for me and I've really played."

Kempf didn't play any football until almost 20 — he went to college on a track scholarship. He split his university career between the Western Washington College at Bellingham, Wash., and the University of British Columbia. He graduated from UBC this year with a degree in education and now is a teacher at Malcolm Campbell High School in suburban St. Laurent.

Kempf is a carefree type who during the off-season used to play on a basketball team with other Lions such as Joe Kapp, Willie Fleming and Pete Olier.

Even there he was a two-way man. He not only played guard, but with Olier centering the ball, was known to kick the odd basket.

**LINING UP A PLAY**

Peter Kempf, the Vancouver native who plays football for Montreal Alouettes, gets the word on a play from Alouettes coach Darrell Mudra, in white jersey. Mudra says if he had a few more point-getters like Kempf he'd be on his way to a Grey Cup, not in third place.

# Football Coach To Hall Of Fame

CANTON, Ohio (CP) — The late Steve Owen, who coached the game in two countries and lived by the dictum that "football should be fun," will be enshrined in the Football Hall of Fame here Saturday.

Owen, who played and coached with New York Giants of the National Football League and coached CFL Toronto Argonauts, Calgary Stampeders and Saskatchewan Roughriders, will be named to the hall with seven other former players and officials.

He replaced Knute Rockne as Argonauts coach in 1959, going to Calgary in 1960 when Otis Douglas resigned and taking over in Regina in 1961 when Ken Carpenter moved on.

When he took over in Toronto, Owen said: "Coaching is like a monkey on a stick — when you're going up, you always see somebody going down."

It was with Saskatchewan, in 1962, that he was named Canadian Football Coach of the Year.

**OTHERS HONORED**

Going into the Hall posthumously with Owen will be Hugh (Shorty) Ray, NFL officiating supervisor and Walt Kiesling, former coach of Pittsburgh Steelers.

Others to be inducted are Joe Guyon, formerly of the Giants; Arnie Herber, formerly with Giants and Green Bay Packers; Clyde (Bulldog) Turner, once a centre with Chicago Bears; Bill Dudley, former halfback with the Steelers, Detroit Lions and Washington Redskins; and George McAfee, who played halfback with the Bears.

Owen, who coached the Giants for 23 years before moving to Toronto, had a gentle outlook.

"There's no point in driving players to a frazzle," he once said.

"You've got to have an understanding of human relations."

# Powerful Field Competes Today

YONKERS, N.Y. (AP) — Romulus Hanover, world's fastest two-year-old pacer on a one-half mile track, and Best of All, which has been under two minutes four times, head a powerful field of 10 juveniles in the \$100,000 Lawrence B. Sheppard Pace at Yonkers Raceway Thursday night.

Romulus Hanover, for whom John Froehlich of Brookville, N.Y., paid \$35,000 as a yearling, has an 8-2-1 mark and earnings of \$43,887 for 15 starts. He posted a world record clocking of 2:00.25 in winning the Star Pointer Pace at Yonkers Aug. 28.

As a member of the Billy Haughton-trained three-horse entry, Romulus Hanover is priced favorite to take down \$50,000. Other members of the entry are Tudor Hanover and Nardin's Byrd. There will be win betting only on the race.

Best of All, trained and driven by Jim Hackett and owned by Samuel Huttenbauer of Cincinnati, Ohio, was late in getting to the races but has emerged as one of the finds of the year. He was beaten in his debut, then has reeled off six straight victories including miles of 1:58.5 and 1:58.15 at Duquoin, Ill., and trips of 1:59.35 and 1:59.35 in capturing the rich Fox Stakes at Indianapolis.

Other top-notch contenders include Toledo Hanover, partly owned by pro basketball star Wilt Chamberlain; Lou and Istaro Singer's King Omaha of Danbury, Conn., who has been one mile in 1:59, and Might Ad, a \$66,000 yearling purchase handled by Stanley Dancer.

The remainder of the field will be made up of Red Wave, Honest Story and Coral Ridge.

# Phillies Blank Giants 2-0; Braves Take Eight In Row

SAN FRANCISCO (AP) — Jim Bunning pitched a five-hitter and Richie Allen drove in both runs with his 38th homer and a sacrifice fly as Philadelphia Phillies blanked San Francisco Giants 2-0 Wednesday and dropped the Giants three games back in the National League pennant race.

Allen's leadoff homer in the second was the only run the Phillies managed against Giants starter Gaylord Perry, who was trying for the sixth time to win his 21st game.

Bunning, who won his 17th, protected the slim margin until John Callison's leadoff triple and Allen's sacrifice fly gave him an insurance run in the ninth against reliever Lindy McDaniel.

# What happens to animals that eat potato tops which have been treated with REGLONE Potato Top Killer?

**Nothing.**

REGLONE is non-arsenical, so it doesn't attract animals the way sweet-smelling arsenic does. Should an animal accidentally stray into the field, don't panic — while eating potato tops may not be good for it, recommended rates of REGLONE on the tops will not harm the animal.

Where things will happen is in the plants — REGLONE kills leaves fast, stems gradually — like "natural" maturity, it also kills weeds and reduces tuber rot.

This year, don't gamble with deadly arsenic — order sure-acting, safer REGLONE from your Chipman Dealer.
