## NEWS BY TELEGRAPH.

### GREAT BRITAIN.

LONDON, May 31.  
The Privy Council published an announce-  
ment that, after June 3rd, if certain speci-  
fied precautions be observed, cattle from  
the United States may be transhipped in  
any port of the Thames or any London  
dock, for conveyance to Deptford market,  
instead of only in Victoria and Millwall  
docks, as under the present regulations.  
Salvors are working on the hull of the  
steamer *Pommerania*, and will blow open  
the door of the mail room to recover her  
treasure.  
Consols, 98 15-16; 4 bonds, 5 $\frac{1}{2}$ ; 4 $\frac{1}{2}$ 's,  
8 $\frac{3}{4}$ .

### ENGLAND'S WARS.

LONDON, May 31.  
The *United Service Gazette* says it is  
probable that Lord Chelmsford will ask  
leave of absence, and will return home  
when General Wolsley arrives at the seat  
of war.  
A similar despatch states that Major  
Cavagnari will accompany the Ameer of  
Afghanistan to Cabul, escorted by a de-  
tachment of guides. Cabul is tranquil.

### CAPTOWN, May 14.

Colonel Wood has broken camp at Kam-  
bulo and formed a new one at Queen's  
Kraal, on the White Umvolosi River, in  
order to better co-operate with Colonel  
Newdegate. Col. Crealock is seriously ill  
with typhoid fever.

### THE OLD WORLD.

ALEXANDRIA, May 31.  
It is semi-officially stated that the Khe-  
diva will accept the nomination of European  
comptrollers, with extended powers.  
Dr. Pierre Adolph Pierry, the eminent  
medical writer, is dead.  
The Czar of Russia leaves Livadia to-day  
for Tsarskoesele, where the Grand Duchess  
Marie, the wife of his son, Vladimir, is  
dangerously ill.

### ST. PETERSBURG, May 31.

A report circulating abroad that Scheu-  
loff, Ambassador to England, will be ap-  
pointed Minister of Foreign Affairs, is un-  
founded. He has been advised on account  
of ill health to pass the summer here free  
from the cares of state business.  
Gourko, Governor General of St. Peters-  
burg, has issued an order restricting the  
purchase and sale of strong poison.

### ANTWERP, May 31.

The "Percursor" says: Bismack's note  
inviting Hamburg and Bremen to surren-  
der their privilege as free ports and to  
associate themselves with the Imperial  
financial system, is couched in such terms  
as to leave no choice between submission  
and certainty of compulsion.

### ST. PETERSBURG, June 1.

Two more Keiff Nihilists have been sen-  
tenced to ten years in the mines of Siberia.

### MADRID, June 1.

King Alphonso opened the Cortes to-day.  
In his speech he declared that the Ministry  
will continue to practice liberal principles.  
Spain's relations with foreign powers are  
satisfactory. The budget will contain no  
new changes. The Government will sub-  
mit measures to alleviate the effects of the  
ten year's war in Cuba, and, with the assis-  
tance of the Cortes, will endeavor to assimi-  
late the position of that colony to that of  
the Provinces of Spain, and hasten the day  
for the complete abolition of slavery.

### CATANIA, May 31.

Advices state that numerous fresh fissures  
have opened on Mount Etna and a flood of  
lava is now streaming toward River Al-  
castra, devastating the village Mio. A long  
continuance of the eruption is probable.

### LISBON, June 1.

It is announced that the late Ministry  
before retirement concluded a treaty with  
Great Britain looking to the suppression of  
the slave trade and the development of  
commerce and civilization of Africa. The  
treaty provides for freedom of commerce  
and navigation between adjoining British  
and Portuguese colonies declares the Zam-  
bezi River free to the commerce of the  
world, and grants Great Britain facilities  
for the passage of troops and munitions of  
war across the Portuguese territory to  
South Africa.

### SOPHIA, June 1.

It is reported that the Macedonian insur-  
rection is increasing, and that the Greeks  
are joining the Bulgarians.

### LITTLE, FRANCE, June 1.

M. Tirad, Minister of Commerce, made  
a public address here, in the course of  
which he said the Government would do all  
in its power to hasten the settlement of the  
tariff question; that the Protectionists based  
their calculations on inaccurate data, and  
that their agitations often had political  
motives.

### UNITED STATES.

#### DETROIT, May 31.

Forest fires are raging near Harrisville.  
Yesterday a fire caught in the roll ways of  
R. Alger & Co., containing some 10,000,  
000 feet of pine logs, and will probably  
destroy about \$3,000,000 worth.

#### NEW YORK, June 1.

One of the burglars concerned in the  
Manhattan Bank robbery in October last,  
when \$3,000,000 worth of securities were  
stolen, has made a confession. It seems

the plans for the robbery were three years  
in maturing, and were finally consummated  
through the assistance of the bank watch-  
man.

### SOUTH AMERICA.

#### LONDON, May 31.

It is stated that the Chilian wooden ves-  
sel "Covadonza" was not sunk in the fight  
off Iquique.

Orders have been telegraphed for the  
greater part of the British Pacific squadron  
to assemble on the coasts of Chili and Peru.

### A TERRIBLE TORNADO.

#### ST. LOUIS, June 1.

An Atchison, Kansas, dispatch says a  
terrible wind and rain storm visited Frank-  
fort, Centralia, Manhattan, Concordia and  
other places, yesterday, while dispatches to  
the *Globe* of this city announce the course  
of the same storm in Missouri. The damage  
was terrible; houses were blown down,  
killing their occupants in many instances.  
Trees were uprooted; crops were destroyed,  
and the whole country through which the  
storm passed presents a wretched appear-  
ance. The papers print the names of over  
60 people killed and as many more danger-  
ously wounded.

### The Governor-General and Prin- cess at Kingston.

A telegram of the 30th says:—The re-  
ception in the City Hall, last evening, was  
the most successful event of the kind ever  
held in this city, and the presence of the  
Princess Louise made it pass off with more  
than usual éclat. This morning, as many  
as 3,000 visitors poured into the city from  
various points. The laying of the corner  
stones was the most important part of the  
day's proceedings. The ceremonies com-  
menced at 11.30. There was about 8,000  
people on the college grounds, and the  
Marquis and Princess received a grand ovation  
on the grounds. The trustees present-  
ed an address, to which His Excellency  
made a brief response. The honorary degree  
of LL.D. was conferred on His Excellency.  
The Governor-General inscribed his name  
on the roll of graduates, and then proceed-  
ed to the tower. A prayer was offered by  
the Moderator, and the architect presented  
His Excellency with a sketch of the build-  
ing. The Chancellor presented a silver  
trowel to the Marquis, on behalf of the  
trustees, and he laid one of the corner  
stones. The Principal presented another  
silver trowel to Her Royal Highness, and  
she also laid a corner stone, the architect  
assisting in each case. After the convoca-  
tion closed, His Excellency and Her Royal  
Highness planted two trees of mementoes.  
In the afternoon the Governor-General and  
Princess visited the Penitentiary, and His  
Excellency went alone to the Asylum. In  
the evening they attended a concert in the  
Opera House; the audience was very large  
and fashionable, and the whole entertain-  
ment a great success. During the day, the  
city was visited by two companies of  
Watertown firemen and two bands, and  
they with the city fire department, had a  
parade in the afternoon. The Napance and  
Kingston Lacrosse Clubs played a match,  
which resulted in favor of the latter by a  
score of 3 to 1.

### Montreal's Imports.

A statement, compiled for the Montreal  
*Herald*, shows the value of leading articles  
imported into Montreal for the past eleven  
years to be as follows:—

| Year. | Value.       |
|-------|--------------|
| 1868  | \$22,917,904 |
| 1869  | 24,097,648   |
| 1870  | 31,524,861   |
| 1871  | 35,504,334   |
| 1872  | 45,675,016   |
| 1873  | 40,714,179   |
| 1874  | 44,027,704   |
| 1875  | 35,106,948   |
| 1876  | 28,890,836   |
| 1877  | 27,986,985   |
| 1878  | 25,994,134   |

The exports in 1877 from Montreal are  
put down at \$22,901,825, of which over  
\$12,000,000 were produced in Canada. In  
1878 the exports amounted to \$21,660,989,  
of which \$14,000,000 were produced in  
Canada.

### Art at Ottawa.

A meeting was held at Ottawa on Wed-  
nesday evening last, at which the Chief  
Justice of the Supreme Court presided, for  
the purpose of taking steps to form the nu-  
cleus of a National Art Gallery. The sub-  
ject of the establishment of a Dominion  
society for the encouragement and cultiva-  
tion of art was also brought before the  
meeting. On the motion of Mr. Sandford  
Fleming, seconded by Col. Dennis, it was  
decided that the Chief Justice of the Su-  
preme Court, Mr. Meredith, and Mr.  
Leggo be a committee to draft a constitu-  
tion for the proposed society, and for a  
school and art union to be attached  
thereto.

The cold snap did considerable damage in  
Hants County, N. S. On two nights the  
thermometer fell below freezing point, and ice  
of the thickness of window glass formed on  
the water. In some parts of Newport the  
frost was more severe, and it is feared much  
fruit will be destroyed in consequence of the  
forward state in which the blossoms were at  
the time. Early vegetables and such like suf-  
fered severely.
