OTTAWA, March 18.

Mr. Doull said the vote of Nova Scotia was a sufficient answer to the charge that this tariff had been imposed upon her against her will. If her industries were sufficiently protected, he would not complain of the protection of other industries, but he feared that the tax on bituminous coal was not enough to give Nova Scotia the Ontario market. If the Finance Minister would consent to 75 cents, Nova Scotia would have the Ontario market; and the United States, in order to regain that market, would open their markets to Nova Scotia. The 50 cents would be a very small benefit. He was disposed to kick against 50 cents, but would accept it if he could not get 75 cents.

The distillers, it is said, have entered a strong protest against the increased duties on ardent spirits.

It is probable that some amendments will be made in the tariff before finally adopted; and it is also likely that the Opposition will divide the House on several of the propositions.

It is possible that a general resolution, setting forth their views, will be offered.

The Insolvency Law Committee was called to order about 10.30 by Mr. Colby, Chairman. There was a larger attendance than at the meeting yesterday. Sir A. J. Smith said the present Insolvent Act had given rise to a great deal of fraud and dishonesty that could only be prevented by wiping the present system of the Statute Books. Mr. Robertson, Hamilton, did not think that the repeal of the Insolvent Act would prove advantageous to the country; in fact, it would bring back chaos to the whole business community.

On the amendment of Hon. James McDonald that the Insolvent Act be continued in a modified form, it was declared carried by a vote of 10 to 8.

Hon. James McDonald proposed as a sub-committee to carry out the details of the new Act Messrs. McLellan, Guthrie, Girouard, Colby, Weldin, Doull and Brecken. The committee then adjourned.

To the Electors of the Second District of King's County:

GENTLEMEN.—In again soliciting your suffrages, it becomes my duty to state the circumstances under which I appeal to you for re-election.

During the Session recently terminated, a vote of want of confidence in the then Government was carried in the House of Assembly, which resulted in the resignation of the Ministry. His Honor the Lieutenant Governor was pleased to entrust me with the formation of a new Government, which I successfully accomplished.

Believing that the Electors desired an opportunity to pronounce upon the conduct of the late Ministry, and wishing to obtain the sense of the country on the present position of affairs, a dissolution of the House of Assembly has been advised, and an appeal to the Constituencies will be made without delay.

At the last General Election public sentiment was expressed in favor of secular education, and the present Ministry will give effect to the voice of the people by maintaining the non-sectarian system.

The Government are determined to resort to every legitimate means to lighten the burdens of the tax-payers. In order to accomplish this end it will be necessary to curtail the expenses of legislation, and believing that one Legislative Chamber is sufficient for this Province, a Bill will be submitted next session, having for its object the abolition of the Legislative Council. The measure will be so framed as to amply protect the interests of property holders. Provision will likewise be made for a reduction of the remuneration to members.

Our civil service is in a very unsatisfactory condition, and the expenditure in regard to it is greatly in excess of the present means of the Province. The Government will adopt measures for the reorganization of the entire service, with a view to the amalgamation of some of the departments, a decrease in the number of officials and a general reduction of salaries.

Agriculture has not of late years received such encouragement as the staple industry of the Province demands. In order to stimulate the exertions of our farmers and stock raisers the "Agricultural and Stock Farm" will be placed under improved management, and means will be adopted to render it more generally beneficial than it has hitherto been.

This Province is entitled to a proportional share of the Fishery Award, and the present Ministry will leave nothing undone that they can accomplish, to obtain the same.

The barbarous system of imprisonment for debt will be abolished, and a more humane law for the protection of creditors will be substituted for it. A measure to secure liens for labor and advances will also be introduced.

The law relating to roads and bridges requires amendment. It and the Registration and Ballot Act shall receive the attention of the Government.

A system of the strictest retrenchment and most rigid economy in the public service will be inaugurated, so as to reduce all the controllable outlay and keep the expenditure of the Province within its revenue.

If, after the closest husbanding of the public resources, the Government find it necessary to continue direct taxation, that system will be adopted, which shall be least obnoxious to the people, and will entail the smallest expenditure in the imposition and collection of the amount required.

As I have already exceeded the usual limits of an address, I will not now refer to other subjects that will attract the attention of the Ministry. I wish, however, to assure you that the utmost endeavours of the Government will be directed to promote such efficiency, as well as economy, in the administration of our public affairs, as may redound to the prosperity of the Province and the contentment of its people.

I have the honor to be,

Your obedient servant,

W. W. SULLIVAN.
