

Plan Start Early In 1956 On Canada House In N. Y.

By RUSSELL ELMAN
Canadian Press Staff Writer
NEW YORK (CP) — Early next year, wreckers will move in on a Fifth Avenue site to clear the way for construction of 25-odd storeys of Canada in midtown Manhattan.

Canada House, long a dream of Consul-General Ray Lawson, is scheduled for completion by January 1957. The skyscraper at the corner of Fifth Avenue and 54th street will house the Canadian consulate, Canadian tourist bureau, offices of Canadian National Railways, Trans-Canada Air Lines and the National Film Board, a New York branch of the Royal Bank of Canada and other Canadian concerns.

Lawson has had the project in mind since he came to New York three years ago. At present Canadian offices are scattered all over New York and not even the government offices are all in the same building.

LONG TREK NOW
Says Lawson: "If I want to go to a Canadian bank now I've got to trek miles from the consulate in the British Empire building in Rockefeller Center down to Wall Street."

Lawson envisages Canada House as a "prestige" building, of which every Canadian can be proud. For Canada House will be as Canadian as any building that has ever been built outside Canada. It was conceived by a Canadian; it is financed almost entirely by Canadians; it will be primarily Canadian-designed and its backers hope that eventually it will belong to the Canadian people.

Lawson attributes the success of the project to the enthusiasm of a "group of Canadian industrialists," whom he does not wish to identify until the list of backers of the house is complete. But it was Lawson, himself, an experienced businessman and a former lieutenant-governor of Ontario, who did most of the spade work.

Vuozzo-Irving Wedding
A pretty summer wedding was solemnized at Peter's Road Presbyterian Church at 7 o'clock, Wednesday evening, August 10th, when Miss Beatrice, daughter of Mr. and Mrs. Alexander Irving, Cambridge, became the bride of Benjamin Stephen, son of Mr. and Mrs. Fred Vuozzo, Montague. Rev. M. C. Currie officiated at the ceremony.

The church was tastefully decorated with mixed summer flowers and the guest pews were marked with tiny pink and white satin bows.

The wedding music was beautifully rendered by Mr. Francis Vuozzo, brother of the groom, and the soloist, Mr. Willard MacLeod, sang "O Perfect Love" during the signing of the register.

To the strains of Lohengrin's bridal chorus, the bride entered the church on the arm of her brother-in-law, Mr. Robert Hicks, by whom she was given in marriage. She wore a floor-length gown of white nylon net over satinet and fashioned with a shirred strapless bodice of lace, and a fitted lace bolero with long fitted sleeves. Her shoulder length veil fell from a tiara of orange blossoms and she carried a bouquet of American Beauty roses and lily-of-the-valley.

Mrs. Robert Hicks, sister of the bride, was bridesmaid, and wore a floor-length gown of link nylon net with tulle, and a pink satin hair headress, and pink gloves, and carried a nosegay of gardenias and lily-of-the-valley.

The groom was attended by Mr. John Landry, and the ushers were Mr. Louis Kerwin and Mr. Vernon Crow.

Mrs. Irving chose for her daughter a wedding a street length dress of mixed silk with matching accessories.

a Canada House at the Canadian Club's 50th anniversary dinner at the Waldorf-Astoria hotel two years ago. The club, with a 1,400 membership, showed interest in moving their quarters to an all-Canadian building but later decided to stay put.

Undeterred by the loss of the club's support, Lawson then spent his spare time briefing friends and the business world on the project. The response was favorable and a group of Canadian businessmen from nearly every province and two Americans each pledged a \$100,000 investment in the new Canada House (New York) Ltd.

After 25 years when the five original investors acknowledge their original investments, the sponsors will offer the building to the people of Canada without costing the taxpayer a cent.

If the government of Canada accepts the gift, and Lawson believes it will, it will be the first property owned by the Canadian government in New York.

For about \$2,000,000 and with the help from William Z. Kendall, the well-known realtor, in making the purchase, Lawson got

his "ideal" site on property once owned by James D. Rockefeller. Only five blocks from fashionable Central Park South, two from Park Avenue, two from Rockefeller Center, three from Broadway and within walking distance of Grand Central and Times Square, Canada House will be "very well in the centre of things. Furthermore, the site is almost directly on top of a subway station."

The architects have not yet decided on the final design, but Lawson says it won't be a "glass-house."

"We're not going to skimp on the budget," says Lawson, who estimates Canada House will cost between \$5,000,000 and \$6,000,000, in addition to the cost of the land.

Lawson says the building will be about 24 or 26 storeys tall "with the upper floors stepped-back from the street in accordance with New York zoning laws."

The building will have a distinctive Canadian character and Lawson hopes a maple leaf lounge and movie hall will be built. A Canadian coat-of-arms decorating the main Fifth Avenue entrance has been suggested.

New Trophy Donated for Maritime Plowing Competition At Dundas

It was officially announced last evening by Mr. Albert Acorn, Secretary of the Provincial Plowing Match Association, and Mr. Ernest Carver, Imperial Oil Ltd., sponsor of farm sales for the Maritimes, that a new "Imperial-Oil" trophy has been donated by Imperial Oil Ltd. to be competed for in the Maritime plowing match competition, the first competition of which will be held this year in conjunction with the provincial plowing match at Dundas on September 14 and 15.

The trophy will be a replica of the trophy for permanent possession. He also said that this trophy would in no way interfere with the Esso championship prizes donated by Imperial Oil Ltd. to the winners of the provincial Esso competition. He further explained that only the 1954 winners would be eligible from each Province to include the winner and runner-up.

P. E. I. will therefore be represented by last year's winners, Glen Morrissey of Cherry Valley and Douglas MacDonald of Forest Hill.

Addresses Rotarians On Gaelic Speech & Culture

"20,000 persons in Nova Scotia speak Gaelic which is now being taught in the public schools there," Major C. I. N. MacLeod said in an address before the Rotary club at yesterday's luncheon in the Charlottetown Hotel.

Major MacLeod, who is Gaelic advisor with the Nova Scotia Department of Education, spoke on Scottish culture in the Old and New Scotland and traced the origin of Gaelic as firmly established 300 years B. C. Scotland, Wales, Cornwall and Ireland were cited as places where the language was used. Unfortunately Gaelic is not pronounced as spelled.

essaries. Mrs. Vuozzo, mother of the groom, wore a navy blue suit with red accessories.

A reception for the immediate family and friends was held at the home of the bride's parents. The bride's table was attractively decorated and centered with the three-tier wedding cake which was cut by the bride and groom in the traditional manner. Serving at the bride's table were Miss Yvonne Lanigan and Miss Bernice Irving.

Amid a shower of good wishes, the young couple left on a honeymoon trip through the Maritimes. For travelling the bride wore a beige wool suit with red accessories. On their return they will reside in Montague where the groom is associated with his father in barbering.

Finds Enjoyable Hobby In Collecting Old Coins

An exciting hobby which carries with it the necessity of agreeable and interesting study is that of collecting old coins, according to Thomas Edward Burke of Bedford, N.S., who has accumulated more than 700 coins since becoming engrossed in his schoolboy hobby 20 years ago.

Mr. Burke has 162 Roman coins in his collection, the oldest of which is dated 15 B.C. and is of bronze. Another is dated A.D. 217.

A seal of the 13-14 Century, authenticated by the British Museum, Department of Coins and Medals is described as "Pelican S. (Ingallam) P. I. Rupenburg (a private seal). Other outstanding coins in the collection include a Belgian piece 388 years old and a Queen Ann shilling dated 1707. A shilling piece on which is pictured the Princess of Wales is dated 1795.

An unusual French coin shows Charles VIII on one side and Louis XI on the other, and another unique coin of Spanish origin dated 1812 shows Adam picking fruit in the Garden of Eden. Special silver coins issued in 1518-1523 are attributed to Charles Wolfgang, Count of Ottingen in Germany.

Perhaps the most imposing item in the collection is a beautiful medallion in raised bronze figures on both sides, commemorating the siege of Lyons which is dated 1793.

Other interesting items, most of which have been identified and certified as authentic, are from Brazil, China, Korea, Greece, Portugal, Sweden, Egypt and other countries.

Mr. Burke is particularly pleased with his complete collection of Canadian pennies from 1858 to 1920 which includes a rare item, the Canadian twenty-cent piece.

Forty-four large Canadian pennies completes the issue of that type of coin which is included in the collection, along with Canadian nickels from 1922 to date. Paper money in the collection includes millions in Japanese war issues, Korean currency and other inflations which have a value in Canada which is practically nothing.

A Canadian dollar bill dated 1923 carries the likeness of King Edward VII and is the last of the large size bills issued. The first Canadian silver dollar was minted in 1935 and carries the image of George V.

Mr. Burke while here on vacation presented the Historical Society

Vacation School Held At Trinity United Church

Yesterday morning over 100 children registered for the fourth annual Vacation School held at Trinity United Church. The school is open to boys and girls from ages six to 13, and total enrollment is expected to reach 150 before the school officially closes on Sunday.

With the theme this year being the study of outstanding pioneers of the Old Testament, the pupils learned yesterday the story of Abraham and the life of people of his time. They made a Bedouin tent which vividly portrayed to them the type of dwelling used by the herdsmen such as Abraham in the country of Iran. The older boys in attendance moulded an earth map of Palestine and will continue on this project making it similar to a relief map with names inserted; the children also moulded Palestine houses.

As the week continues the pupils will partake in drama, music, games, handwork, worship and bible study, with the closing and display of their work being held during the morning service at Trinity United Church on Sunday. Classes are held every morning from 9:00 until 11:30.

For instruction the children are divided into two classes; those ages six to eight are registered in the Primary Department and children from nine to 13 are included in the Junior Department. Superintendent of the Primary

Department is Miss Anna Matheson, with each division of the school having a special leader. Mrs. K. A. Parker is in charge of Music; Handwork is under the supervision of Mrs. George Shelton and the Bible Group leaders are Mrs. Norman Stewart, Mrs. F. W. Wheatley, Mrs. Stanley Lancaster, Mrs. June Proude and Mrs. Vessey. Doing valuable work as Assistant Group leaders are teenagers Gloria Stewart, Ellen Matheson, Gloria MacKinnon, Shirley MacPherson and Bonnie McKie.

Rev. Howard Christie is the Vacation School leader for the Junior Department and leaders in each division under him are as follows: Music, Mrs. Edwin Johnson; Handwork, Mrs. Stanley Thompson and Miss Carol Thompson; Bible group, Mrs. Harold McKie, Mrs. J. Gordon MacDonald, Mrs. Benjamin Conrad, Mrs. G. B. Bennett, Mrs. Robert MacKinnon and Mrs. John Knox. Assistant leaders are teenagers Susan Parker, Wayne MacDonald, Margaret Parker, Katherine Robertson and Elizabeth Haywood.
