

THE DAILY EXAMINER.

JUNE 2, 1890.

Beautifully the Steadings.

We are again entering upon that season of the year when Nature seems to pour out all her charms on this Island Province. Beauty of that calm, insinuating, irresistible description is all around us.

The Wine Competition.

DR. HARPER'S report on the papers written by scholars in Prince Edward Island has been published by the Witness. He says: "The character of the papers sent in is very creditable, though there ought to be material among the schools of the Island from which a larger number of papers should have been forthcoming."

For King's County, the first prize is taken by Master Oliver Rose, of Lakeville School; the second by Master Harry Bishop, of Kingsborough School, and the third by Master Alfred Sinnott, of St. Peter's Harbor School.

We heartily congratulate the winners of the prizes in this honorable competition; and for those who did not succeed, we hope that they will not lose heart, but try again.

Only supporters of the Quebec Government have been appointed to investigate the Paupers' Land. The Grits know how to manage these matters. But if two supporters of the Government had been appointed to investigate the Land Office defalcations, what a howl the Grits all over Canada would have raised!

THE GRADUATES OF THE YEAR.

SACKVILLE, N. B., May 28.

Last night, a conversation of the alumni and alumnae societies came off. An interesting essay was read by Miss Jane Humphrey, M. L. A., of Moncton. H. A. Powell, B. A., M. P. P., delivered an eloquent oration. The evening passed off very pleasantly. Refreshments and music were provided.

This morning, the convocation of the University took place. The following are the names of the graduates:

- B. A. Albert Hudson Anderson... Lunenburg, N. S. Robert William Crowe... Halifax, N. S. Gilbert Sherwood Dobson... Dorchester, N. B. Adam Bryson Higgins... Musquodoboit, N. S. Arthur James Benjamin Mellish... Charlottetown, P. E. I. Wensley Blackall MacCoy... Halifax, N. S.

The orations were well delivered, and showed great care in preparation. Mr. Crowe divided the possible destiny of Canada under three heads: 1. To remain as at present. 2. To be annexed to the United States. 3. To become independent.

Mr. McCoy adduced many facts and figures to show that the future of the professions is a bright one. Mr. Anderson advocated the claims of the third party as a means of obtaining the total prohibition of the liquor traffic.

Miss Daisy Lewis, of Charlottetown, brought down the house by her beautiful singing.

The thesis of the Rev. D. D. Moore, of Cornwall, P. E. I., evidenced much thought and study.

Dr. Inch referred to the expected departure of Dr. Burwash and Principal Davis, regretting that the institutions were about to lose two such able men.

Missionary Enterprise.

The anniversary of the Methodist Brick Church Sunday School Missionary Society was held yesterday, and was a time of special interest to all associated with it.

The Missionary meeting was held at three o'clock p. m., in the auditorium of the church; the school, under the leadership of officers and teachers, being massed in front of the platform.

The closing address was delivered by the Rev. E. B. Moore, a former scholar of the school, and now chairman of the Truro district in the conference of Nova Scotia.

Mr. Moore preached in the Second Church at the morning service, and in the evening, in the Brick Church, gave the annual missionary sermon to a large and appreciative congregation.
