Death Of Well Known Charlottetown Contractor

The death occurred at the Prince Edward Island Hospital Hospital yesterday morning of Mr. Albert E. Baker, well known builder and contractor of this city. He had been a patient in the Hospital for the past two weeks.

The late Mr. Baker, who was in his 78th year, was born in Summerside, and resided there until moving to Charlottetown approximately thirty-five years ago. He was connected with building and contracting all his life and was associated with the M.F. Schurman Co., Ltd., during the early part of his career. Most of his contracting and building was on a small scale because of the fact that he acted as supervisor in the construction of many of this city's most prominent buildings. He had been in retirement for the past fifteen years.

The late Mr. Baker is survived by his widow, formerly Irene Schurman of Central Bedeque; a daughter, Florence, now Mrs. Norman Saunders presently residing in Longueuil, Quebec; and a son Mr. Earl C. Baker, manager of Hughes Drug Store, Charlotte town. He is predeceased by a second son Edward, who lost his life as a pilot in the Second World War.

The remains are resting at the MacLean Funeral Home where they will remain until services in the Funeral Home parlor on Friday day afternoon.

RESEARCH NECESSARY

Dr. Harvey cautioned the members that they must make sure of the authenticity of the museum pieces that are being displayed. In this connection he made reference to several occasions on which inscriptions on plaques have been challenged and the amount of research involved to prove or disprove the claim. "Nobody will say a word until you make the inscription, but they will want to show how much they know by protesting it after it has been erected", he added.

The speaker expressed pleasure at the number of exhibits that the Society now has available for starting a museum and predicted that a great deal more would be made available when people were sure that their museum pieces were properly taken care of.
