SILVER MEDAL.—We understand a competition will shortly be held in the gymnasium of the Y. M. C. A. for a silver medal. The subjects which will comprise the contest are dumbbell and Indian club drill, ladder work, vaulting bar, parallel bars, horse, and high horizontal. The exercises on the different apparatus are, with the exception of the high horizontal bar, comparatively easy, and all members have an equal chance for points.

THE "Myrtle Navy" plug correctly represents the whole plan upon which its manufacture is conducted. There is not a fractional part of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in fancy cases, nor subject to any kind of expense merely to please the eye or captivate the fancy. The manufacturers rightly believe that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public have testified in its case that they prefer paying their money for a high quality of article than for ornament out out of place.

JOHN F. ROBERTSON'S CLAIM

The Somerville Charges

OTTAWA, April 14.

In the House of Commons yesterday Mr. Davies moved for correspondence, etc., relating to a claim for compensation or damage made by John F. Robertson for injuries sustained by him on the Prince Edward Island Railway. He maintained that as the case was a deserving one, whether the law was or was not strictly with Mr. Robertson, and that as such the case was one which the Government ought to consider. This Sir John Thompson said he would do. The motion passed.

The House was in committee of supply most of yesterday afternoon. The charges against Lieut. Denison in certain declarations or alleged affidavits read by Somerville the other evening was again brought up in the House by Denison on motion to go into supply. Denison showed that there was no foundation in the charges and produced the original documents to show this. A long debate took place on this, Sir John Thompson stating that if Somerville did not retract he would offer a resolution on the matter. Somerville offered a retraction.

LETTERS TO THE EDITOR

The Medical Act.

SIR,—I was somewhat surprised at your admitting an anonymous correspondent to your columns when a great public question is before the people, but I suppose he must have an answer or my silence might be misconstrued. He says he perused my letter. It only could have been a perusal. A thoughtful reader would not have missed the "bull's eye" so widely as "Patient." A layman might have made an "outer," but never a "magpie," as the present bravely-worded inuendo of "Patient" is. Let me just say that I would welcome and court a public investigation (not a star chamber enquiry) of myself or family from my worthy ancestor "Walter," fifth in descent from "Donald," surname "Bane," the 87th King of Scotland, who reigned A. D 1093. If such were done he would find no blot upon our escutcheon, but that we were always champions of the weak and persecuted, and fought in the defence of king and country, I myself having done likewise. "Patient" therefore need have no anxiety on the score of my gentlemanly conduct. Let him "read, mark, learn and inwardly digest" my letter again, and perhaps by the aid of his "true and faithful practitioners" he may see what I mean and profit thereby. Yours,

GEO A. BAYNES

SIR, If "Conservative" will take the trouble to read Dr. Jenkins' card to the electors of Charlottetown he will see that the "apparently inconsistent and injudicious course" which "Conservative" endeavors to unfairly fasten upon him was clearly outlined therein. If Dr. Jenkins, after his election, had allowed party ties to interfere with the fulfilment of his promises, he would not deserve the confidence of his friends. He was elected to support any measures of economy and retrenchment which might be for the public good, and the Land Office and the Legislative Council were specially mentioned in this respect. He could not do otherwise than support the Government in these measures, and so far as I am aware he does not owe the Leader of the Opposition so much as a vote from any other than a party standpoint. The letter of your correspondent looks very much like the outcropping of a wounded but still malicious clique who have been badly worsted.

LIBERAL CONSERVATIVE.

Miss Russell's Musicale

SIR,—I had great pleasure in attending, by invitation, Miss Russell's musicale in McLeod's Hall last evening. The highly creditable manner in which the various pupils acquitted themselves reflects high credit upon their accomplished teacher, Professor Earle, whose name for the past twenty years has been closely identified with everything in his profession. I consider that Prof. Anderson's praiseworthy remarks towards Mr. Earle at the conclusion of the entertainment were well merited and are, doubtless, fully appreciated by the recipient.,

GRATITUDE.

DEAR DOCTOR,—Having heard that some persons are making false and injurious reports about you, I write to say that in the treatment of my wife I am quite satisfied. Other doctors said it was cancer, and incurable; you have cured her without operation or any violent or painful means. I am also thankful to be able to acknowledge publicly that you have cured my daughter, although other doctors could do nothing for her but making her worse. I also wish to say that I write this of my own free will, and not at your request; but you can make use of it in any way you think fit.

Thanking you again for what you have done, believe me, dear Sir,

Yours, very gratefully,
DANIEL REILLY.
