beautiful, practical **FIBERGLAS** draperies are perfectly washable...

absolutely never need ironing

They're so luxuriously soft. So radiantly translucent. Drape so gracefully. No other drapery fabric adds such beauty to your windows. And so practical! Fiberglass Draperies offer a lifetime of "no-iron" care—and with Fiberglass "no iron" means you never iron for the lifetime of the fabric! Thanks to the exclusive "Coronizing" process, they're permanently ironed during manufacture. Because dirt doesn't penetrate, they're easy to wash, too. And Fiberglass fabrics won't stretch, sag or shrink—can't sun-rot or mildew. Moths won't touch them, and they're completely fire-safe. See for yourself how Fiberglass Draperies can beautify your home. Choose now from the complete selection of Fiberglass fabrics.
