Gallant, Yvonne

Sees Opportunity For P.E.I. Craftsmen

New and exciting opportunities ahead of Island craftsmen were described by Moncrieff Williamson, Confederation Memorial Gallery curator, in speaking to the P.E.I. Craftsmen's Council Saturday.

Mr. Williamson outlined his plans to have the first Canadian museum devoted to crafts in the Confederation Centre; and eventually to take over the present legislative building, transforming the present offices into period rooms relating to Island and Confederation history. Thus tourists will be able to go there, see the Confederation Chamber and legislative room, then step into the past in the reconstructed rooms.

In addition, he foresees the establishment of craft study collections, dioramic displays and a craft library; and the encouragement of active summer workshops, with qualified craft instructors coming here, and suggests that the basement of the legislative building might well be used for this.

ABLE TO SELL
 Mr. Williamson went on to describe formation of the Canadian Council for Environmental Arts in Winnipeg in March, and explained how this organization, affiliated with the World Crafts Council and thus with UNESCO, would make it possible for a craftsman here producing objects up to the required standard to market them in any part of the world. He also mentioned the part already played by the Council in ensuring that Canadian craftsmen will be able to sell their wares at Expo '67, and in preventing the sale there of imported souvenir objects.

Other aims of the Council are to build up a library of slides to be available to groups all over the world, and to design a window sticker to designate firms selling crafts approved by the Council.

Mr. Williamson, whose job it will be to head the selection

D. MacGougan Dies Suddenly

SUMMERSIDE — The death occurred suddenly at Prince County Hospital Sunday morning of Duncan MacGougan of Summerside in his 61st year. Mr. MacGougan was taken sick suddenly Saturday night and was transferred to hospital where he died a few hours later. The deceased, who was born in Malpeque the son of the late Sinclair MacGougan, Malpeque and Winifred (Crozier) MacGougan of Darnley, resided in Malpeque until 1952 where he farmed. Since his arrival in Summerside he worked as a car salesman.

He leaves to mourn his wife, the former Lilla Gertrude McEwen of Stanley Bridge and two sons, Edward and Owen, Malpeque and one daughter, Mary (Mrs. Melville Campbell) of Summerside.

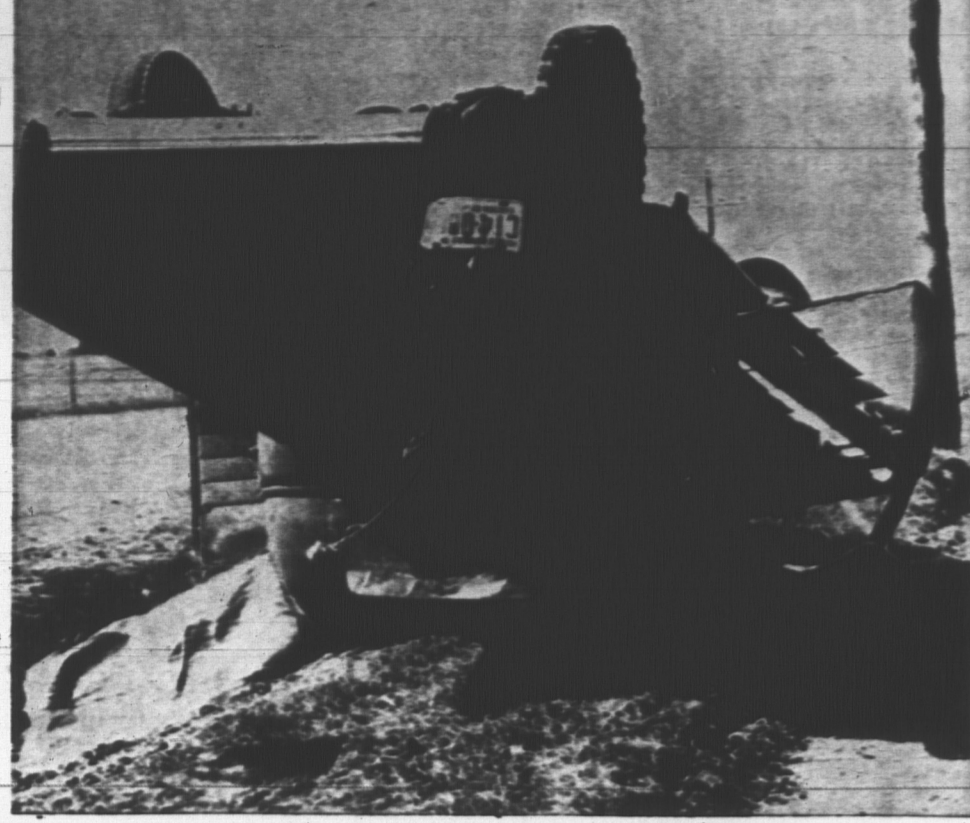

Also surviving is one sister, Barbara (Mrs. Hubert Agnew) of Hamilton, Ont.

Funeral service will be held at Malpeque United Church Tuesday afternoon at 2:30. Interment will take place in the church cemetery.

prisoned on a 30-year sentence for his part in Britain's great train robbery last year, is reported to be living in South Africa, a Johannesburg newspaper said Saturday.

Wilson, 32-year-old London bookmaker, was taken out of a prison in Birmingham last August when a gang broke in, knocked out a guard, and freed him.

He and the rest of the gang made their getaway by scaling the back prison wall with rope ladders.

THREE PERSONS suffered minor injuries Saturday afternoon when the vehicle in which they were occupants went out of control at Mt. Pleasant and rolled. The driver was Mancil Lloyd Bell of Ellerslie and the passengers were Keith and Lawrence Harvey of McNeill's Mills. The vehicle (above) resting on its roof after the accident, was extensively damaged.

Seven Hurt In Rash Of Weekend Accidents

SUMMERSIDE — This section of Prince County had the unenviable record of five accidents this weekend in which seven people were either admitted to hospital or treated for a variety of injuries and released.

The most serious one occurred Sunday morning in Miscouche at approximately 1:30. Involved was a 1961 model car driven by James Arnold Power of Miscouche and an Irving Oil tanker operated by Roger Wayne Waddell of Charlottetown.

At the time of the collision the Power vehicle was proceeding east and the tanker was coming from the opposite direction. The car apparently went out of control and struck the rear wheels of the trailer section.

Power was rushed to hospital by an ambulance from Bonness Funeral Home where he was reported in satisfactory condition but still under observation last night. His injuries included a broken leg.

The car was damaged beyond repair while the truck sustained damages in the vicinity of \$500.

TRUCK FLIPS
 Saturday afternoon at approximately 3 p.m. a 1954 model half-ton truck went out of control at Mt. Pleasant and flipped over on its roof, injuring the three occupants.

The operator of the truck was Mancil Lloyd Bell of Ellerslie and the other two passengers were Keith and Lawrence Harvey of McNeill's Mills.

Two of the three occupants were treated at the hospital and released while the third was kept under observation overnight and released yesterday morning.

A late model half-ton truck was extensively damaged at approximately 12:30 Saturday afternoon and its driver, Marcelinus Hagan of Emerald, hospitalized when it went out of control at Lecky's Hill east of here, and rolled.

The driver was rushed to hospital where he was treated by Dr. Henry Moyses for a compound fracture of the left foot. He was reported in satisfactory condition last night.

A passenger in the vehicle, Albert Vincent Murphy of RCMP Summerside, was treated for minor injuries at the hospital and released.

Last evening at approximately 6:45 a passenger in a 1960 model car driven by Barbara Ann Doucette of Charlottetown, Helena McKenna, also of Charlottetown, suffered fractured ribs when the Doucette vehicle was in collision with a 1964 model car driven by Robert Gordon Phillips of Summerside on Water Street East. Another passenger in the Doucette vehicle, Vicki Kenny of Charlottetown, received minor injuries. Total damage to the vehicle was estimated to be \$300.

Saturday morning a 1957 model car driven by G. Arthur Wall of Darnley sustained damage in the vicinity of \$150 when it was in collision with a 3-ton truck driven by George Carr of Carleton Place. There was no damage to the truck and none of the parties involved were injured.

All five accidents were investigated by the Summerside RCMP detachment.

Legion Celebrates Fifth Anniversary

SUMMERSIDE — The provincial president of the Royal Canadian Legion, Mercier Mullin, was honored by the George R. Pearens VC branch of the Royal Canadian Legion at the home's fifth anniversary celebrations Saturday night.

Mr. Mullin, who is beginning his second term as provincial leader, was presented a plaque in recognition of his fine efforts as chairman of the original building committee which strived for some two years in planning for the erection of this spacious and modern home.

Earl Cannon, who made the presentation, commended Mr. Mullin for the fine work he has done on behalf of the Royal Canadian Legion since becoming a member of the organization. He pointed out that along with being chairman of the original building committee and president of the provincial organization, Mr. Mullin had also served as president of the local home and served on a number of national committees including the 1962 National Centennial Committee of which he is a member now.

The wife of the current president of the local home, Mrs. Clarence "Windy" Steele, presented Mrs. Mullin with a bouquet.

Prior to the presentations there was entertainment in the form of step dancing by the three Arsenault sisters of Egmont Bay; a magic act by Laird "Boots" Frame and a ventriloquist act by a youth from the Charlottetown Orphanage, Carl Good.

Afterwards a dance, sing-song and buffet supper were held.

HALIFAX (CP) — The weather office says variable amounts of cloud were present over New Brunswick and western Nova Scotia Sunday evening while Prince Edward Island and eastern Nova Scotia reported mostly clear skies.

A disturbance over the Great Lakes will move eastward reaching New Brunswick this evening. Showers ahead of the disturbance will reach the district today.

Very warm, moist air will accompany the disturbance giving temperatures in the 60s and 70s inland. However, winds off the sea will give cool temperatures along the Atlantic and Fundy coasts. These cool temperatures will be accompanied by some fog.

Regional forecasts:
 Northern Nova Scotia, Prince Edward Island; mostly cloudy; scattered showers developing in the afternoon; a little warmer; light winds increasing in afternoon to southerly 20. Low-high at New Glasgow 40 and 65, Charlottetown 38 and 60.

Comet Caliente Convertible is rich in luxury features which include, of course, a power operated top as standard equipment. Comet 404 Sedan — perfect for the economy-minded who want beautiful styling, wide choice of interiors, and superb performance. This Comet Villager is a standout with rich, mahogany coloured side panels, power rear window, 78.5 cubic foot cargo space.

A test-drive proves the best compact on any road is COMET

Comet is simply the most luxurious, best performing, roomiest compact going

Comet is the best compact on the road and we want to prove it to you. Actually, you owe it to yourself to enjoy the fun and excitement of driving the best compact on any road by taking a Comet test-drive.

When you get in, just sit for a moment and take in Comet's luxury. Merely sitting in those deep, foam-padded seats feels luxurious and you can have your choice of either individually adjustable bucket seats or wide, roomy bench seats. Most comfortable driving you ever enjoyed. But look at all the rest Comet offers: vinyls, fabrics, plaid and striped upholstery in fashionable colours, textures and patterns; colour-keyed loop-yarn nylon and rayon carpeting.

Next look for Comet's elegant details: On the Caliente, for instance, there are vinyl and foam-padded door panels, striking walnut-toned insets in the instrument panel and doors and door-mounted courtesy lights which help you see Comet's luxury better.

Now, take Comet out on the road. Comet is the car that sets the trends for compact performance and you'll soon see why. Every Comet is fun. Choose either of the two lively sixes, the zippy 289 V-8 or the blazing 4-barrel, 225 horsepower Cyclone V-8. (Every one delivers top compact performance.)

Feel the silky smoothness of Comet's transmissions, too. There's an effortless, 3-speed, dual range automatic, a 3-speed manual, fully

synchronized with V-8's) and a superb, racy "four-on-the-floor". Team all this with Comet's new, improved suspension and this is undoubtedly the best performing compact on the road.

Test drive COMET best compact on the road
