SEEK CHEAP JACK before you buy your Boots and Shoes, and don't forget those Overseas. —Cheap Jack, sign of the Silver Oar, opposite the railway station.

WE are always fond of hearing about Scotland. Another opportunity for doing so will present itself next Monday night, when Mr. Sutherland will lecture. See adv. Saturday.

THE Rev. David Sutherland, of Charlotte town, will deliver his popular lecture on "Scottish Characteristics" in the Hall, Mount Stewart, on Tuesday, 9th inst., at 7:30 p. m.

WE call attention to the new advertisement of Mallo Perfumery. This preparation is the best that has ever been prepared. The public has certainly received most flattering testimonials from the medical profession. Dr. DeWolfe, of Edinburgh, sends another testimonial to the merits of M. P. P.

SCOTCH SOUVENIR—There will be a grand Scotch Soiree to-night under the auspices of the Caledonian Club, in the club's room, Macdonald's Building, between 8 and 9 o'clock. Mrs. James Paton and Mrs. J. B. Macdonald will receive the guests. Members of the club are expected to appear in plaid and bonnet and Tartan trousers.

SACRED CONCERT—A grand concert of sacred music will be given in the Roman Catholic Church at Vernon River on Thursday evening, February 11, by the choir of St. Dunstan's Cathedral, assisted by some of the best musical talent of the city. The proceeds go toward the church fund. An excellent programme has been prepared. The attendance will likely be very large.

VINDICATED—The Nova Scotians are nobly meeting the insult thrown at them by that gallant knight, Sir Richard J. Cartwright, who, after the general election in March last, sneeringly alluded to the Maritime Provinces as nothing but "shreds and patches." The 200 increased majority for A. B. Dickie in Cumberland shows that the people are still loyal to the Liberal-Conservative party of unity and progress.

AN ISLANDER INJURED—A Digby, N. S., correspondent of the St. John Globe says: George V. Bell, a compositor in the Courier office, who had his thumb in his right hand badly jammed in a crane's steam press some time ago, has been obliged to apply for admission to the provincial hospital, and left for that institution to-day. Bell belongs to Charlottetown, P. E. I.

VEGETARIAN SONS OF TEMPERANCE—In the funeral procession yesterday, we noticed Rev. Dr. Fitzgerald, Judge Young, Dr. T. J. Leeming and Messrs. John Bowers, John Scott and Wm. F. Morris, probably the oldest members of the Order on P. E. Island. At the grave the appropriate and beautiful oration of the Sons of Temperance was conducted by the G. W. P., Rev. Geo. W. Fisher, and the singing was led by Mr. John Ross, at the conclusion of which the brethren deposited the emblematical sprig of evergreen in the grave and all that was mortal of Mr. B. M. Barrett, the enthusiastic temperance lecturer and worker, was hidden from view.

MARRIAGE BELLS.—We congratulate Mr. G. Byron Norton, of this city, upon the important step he has taken (particularly of which may be found elsewhere) and wish himself and Mrs. Norton the fullest measure of happiness and prosperity.

A very enjoyable event took place yesterday evening at the residence of George H. Dingwell, Esq., of Marie, St. Peter's Bay, when his daughter May W. was united in marriage to Robert R. Webster, of the same place. The young couple were attended by Miss Lizzie Passmore of Charlottetown, who acted as bridesmaid, and Mr. James E. Dingwell who supported the groom. After the ceremony, which was performed by the Rev. J. W. McKenzie, the party with a large number of friends, sat down to a most interesting repast. It is needless to say that the presents, some of which were from abroad, were both numerous and costly. We sympathize with Mr. Dingwell for the loss of his only daughter, but congratulate Mr. Webster upon securing for a life partner such an estimable young lady.

SPECIAL DEPARTURES TO THE EXAMINER.

Soulanges Redeemed.

Mr. Bain's Splendid Victory.

Government's Majority Increased.

COTEAC LAUNDING, Que., Feb. 4. There is great rejoicing over Bain's splendid victory. After a terrific fight the Government have redeemed Soulanges by 118 of a majority. At the general election Mousseau carried the county by 32. Yesterday Mercier's boodle was absent and a true expression of agricultural Soulanges was secured.

OTTAWA, Feb. 4. Last night the Grigs were not visible. Soulanges has spoken and Bain's election adds two to the Government majority. Bain's majority is 131, with two places to hear from. Excellent reports received daily from all the constituencies in which elections are pending.

OUR TRADE RELATIONS

With the United States

To Be Again Discussed.

OTTAWA, Feb. 4. It is now definitely understood that Hon. Messrs. Foster, Thompson and Bowell will leave on Monday next for Washington to discuss, by appointment with the United States authorities the question of trade relations between the two countries.

DEATH OF SIR MORELL MCKENZIE,

The Distinguished Physician.

LONDON, Feb. 4. Sir Morell McKenzie, the distinguished physician whose serious illness with bronchitis was announced a few days ago, died yesterday. Sir Morell McKenzie was born at Leytonstone, Essex, in 1837. He was educated at the London Hospital and the medical schools at Paris and Vienna, and received the degree of M. D. at the University of London. Sir Morell was for many years physician to the London Hospital and lecturer at that institution on diseases of the throat. He was sent for by the German Crown Prince on the occasion of the development of alarming symptoms of disease in His Imperial Highness's larynx, and in recognition of his services to her august relative, Her Majesty the Queen made him a baronet. Subsequently, the Emperor conferred upon Sir Morell the Grand Cross of the Hohenzollern Order with the Star of the same order. Sir Morell is the author of several standard works on diseases of the throat.

STILL THEY COME.

Another Scandal in Quebec.

MONTREAL, Feb. 4. It is stated that before the investigation before the Royal Commission is over, it will be proved that Mercier paid his household accounts out of the stolen money.

Is This So?

QUEBEC, Feb. 4. The Courier du Canada, which is recognized as a Church organ here, has the following announcement: "We are informed that but has been abolished for this year in the ecclesiastical Province of Quebec. There is to be neither fast nor abstinence even on Fridays."

The Date Fixed.

OTTAWA, Feb. 4. The election in South Ontario will take place on February the 20th.

General Telegraphic News

PARIS, Feb. 2.—Parisian tradesmen are already taking advantage of the new tariff law by a general raising of their prices, even on French goods.

AUCKLAND, N. Z., Feb. 2.—Advices from Samoa say Meriava's followers have abandoned their cause, and the danger of civil war is now over.

ROME, Feb. 2.—It is reported the Government of Italy is about to resume full diplomatic relations with the United States. It is also reported Baron Fava will be appointed Minister to Denmark vice Signor Catalini, who will be sent as Minister to Washington.

LONDON, Feb. 2.—The Odessa correspondent of the News says hunger typhus is spreading alarmingly in large towns in that region. All the hospitals are filled and private buildings are being converted into hospitals. Another correspondent at Rissan declares the more fanatical and superstitious portion of the peasantry believe Count Tolstoy is anti-Christ and decline to accept his bounty through fear they will thus commit their souls to perdition.

ST. JOHN, Feb. 2.—The cold weather is stamping out the gripple somewhat. It was very prevalent during January. The number of deaths resulting from it in the city during the month was 11. There were, however, 12 deaths from congestion of the lungs and eight from consumption. The number of deaths in the city during last month was 116, compared with 61 during January, 1891.

LONDON, Feb. 2.—The morning papers contain long memoirs and obituary articles on Mr. Spurgeon. The Chronicle appears with a mourning border. It compares the dead pastor to Martin Luther. The Telegraph characterizes him as a "great, fear-

less and faithful minister." It adds: "Albeit of homely genius and eloquence, all agree that he leaves a void that will be filled with difficulty."

WASHINGTON, Feb. 2.—Special Agent Moore has made a report to the treasury department in regard to the alleged fraudulent importation of Canadian fish at Cape Vincent, New York, by the Lake Ontario fish company. He says he has evidence that the government has been defrauded of nearly \$8,000 in duties on fish smuggled into Cape Vincent during the past year. Says he is using every effort to break up the practice and bring the offenders to justice.

BERLIN, Feb. 2.—Vorwärts, a socialist journal, publishes a copy of the order issued by Prince George of Saxony, calling upon army officers to put a stop to the inhuman treatment of men by non-commissioned officers. The order instances nine specific cases of cruelty. Men have been paraded and drilled at midnight in the depth of winter, wearing only their shirts until they faint. Many cases of blackmail are mentioned. The officers have been sentenced to imprisonment for from two to five years each.

MONTREAL, Feb. 2.—The Witness, commenting on the result of the Cumberland election, says: "Nova Scotia seems to be fairly captivated by the corruption of the Dominion government. Nova Scotians, it is said, are horrified over the Quebec exposures, and they would probably turn up their noses and the whites of their eyes should the habitants condone the corruption of Mercier and his colleagues and declare that the French Canadians were not fit for self government. They had better remove the beam from their own eyes before they attempt to remove the mote from the eye of the people of Quebec, who seem to act with a far greater degree of public spirit than the people of Nova Scotia."

BELLEVILLE, Feb. 2.—Six whitecaps, well mounted and armed, on Saturday night drove up and dismounted in front of St. Hibbard's house in the western limit of the city. They called Hibbard out. One of the whitecaps, acting as spokesman, told him that unless he provided better for his wife and family he would be visited with vengeance. Hibbard threatened to shoot the first man who interfered with his business, when six loaded revolvers were brought on a level with his head. He was told either to obey the command or suffer the consequence. The horsemen then retreated and disappeared.

LONDON, Feb. 2.—The Pope's health has become a startling topic. He has been ill, but is better—well enough at any rate to startle the Roman Catholic world by the appointment of Cardinal Ledochowski as Prefect of the Propaganda. The Italian cardinals, who believe that the keys of heaven and earth ought to be in Italian hands, are as angry as such holy men ever allow themselves to be. The close personal friendship between the Pope and Cardinal Ledochowski is probably sufficient to explain this promotion, which for various reasons is disliked in every European capital except London, where nobody cares.

LONDON, Feb. 2.—The plague of influenza is not stayed, but increases. In London the death rate has risen to forty-six. Deaths from influenza are twice as many as last week, not counting those of which the malady is the indirect cause. Altogether there were 3,769 deaths in London, which is 1,762 above the average. In other parts of England things are even worse, though some provinces are almost exempt, and in some great cities the death rate is less than usual. The government is setting on foot a movement to apply to the local government board in its communication, whatever that may mean, with the president of the royal college of physicians. It is probable that some form of inquiry will be agreed upon by the time the epidemic has run its course.

MONTREAL, Feb. 2.—To-night's Canadian Pacific express for St. John will carry a small parcel addressed Capt. O'Grady of the British ship Glendon. Capt. O'Grady is the man who refused to haul down his colors at Bridgeport, Conn., on Sunday at the demand of an angry and excited mob, a gaily composed of state militia. This parcel contains a brand new Union Jack which was purchased by a number of maritime provinces people in Montreal as well as by subscriptions from Montreal. There is considerable amusement here at the efforts of the American press to give the Bridgeport incident an English twist by reporting the name of the captain of the Glendon as Trowbridge when as a matter of fact the captain's name was O'Grady.
