## CHINESE NEWS UNSATISFACTORY

### Feared The Real Advance Not Yet Begun

#### JAPANESE VAN FORCED TO RETURN.

All The Americans Safe—Surviving Foreigners Exhausted and Fearful of Treachery.

[SPECIAL TO THE EXAMINER.]

LONDON, Aug. 4.—According to a special despatch from Shanghai, August 3, the advancing column of the allies was reported here (yesterday) to have reached a point 35 miles beyond Tien Tsin.

Nothing from any other point corroborates this statement. In fact The Standard goes so far as to say that it fears that the real advance, apart from the preliminary measures, has not yet begun.

Tien Tsin despatches, dated July 30th, tell of an action which is termed a reconnaissance between the Japanese and Chinese, two miles beyond Haiku Arsenal in which the Japanese withdrew after suffering thirty casualties.

The Tien Tsin correspondent of the Standard, under date of July 27th, declares that the Americans and Germans have been ordered to move forward without waiting for the British.

A Chefoo despatch, August 1, announces the safety of all the Americans in Peking, and the reception of a letter from Dr. Ch'ltman, dated Peking, July 20, saying that on the previous day, Sir Claude Macdonald had agreed to a truce, providing Chinese come no closer, and adding "we hope this means relief, but having defeated the Chinese we are fearful now of treachery. All are exhausted with the constant waiting, fighting and digging of trenches."

AMNESTY TO BOXERS.

SHANGHAI, August 4.—Li Hung Chang is preparing a proclamation granting a virtual amnesty to the Boxers on condition that they cease creating disturbances.

#### STORM IN BRITAIN.

Damage to Vessels—Traffic Suspended

#### CARD OF THANKS.

We are requested to give publicity to the following card of thanks:

In connection with the recent visit of the warship to this port, the members of the Phoenix Cricket Club generally, and its Executive in particular, desire to give public expression to their appreciation of the uniform courtesy, self-denial and spirit of hospitality of those employers and fellow-employees who by their ready co-operation despite the inconvenience or loss of time and money entailed enabled the local players to entertain the visitors on the cricket field on three week day in succession. The spirit in which the cricketers were met on that occasion by all directly or indirectly affected by their absence from their usual avocations alone made it possible to have these cricket matches on these consecutive business days—and one of them a market day. This is most commendable and is very highly appreciated by those who while doing what they can to entertain visitors to our shores are glad to avail themselves of these foreign matches to extend and intensify the interest in the national game in this province.
