no two prices. Orders left at the Post Office  
or at the subscriber's will be attended to.

THOMAS CASELEY.

Sept. 4, 1879—w stf

## NEWS BY TELEGRAPH.

CANADIAN.

WELLAND, Sept. 16.

Theodore Sissler, convicted of placing  
obstructions on the Canada Southern Rail-  
way, a few weeks ago, has been sentenced  
to ten years in the penitentiary.

HAMILTON, Sept. 16.

The Vice-Regal party arrived here  
yesterday at noon and received a magnificent  
and loyal welcome. They left this fore-  
noon for London, and will stop at Brant-  
ford, Ingersoll and Woodstock, en route.

OTTAWA, Sept. 16.

The annual meeting of the Dominion  
Rifle Association was opened at Rideau  
Range at ten o'clock this morning by the  
Minister of Militia, who, after a short ad-  
dress to the competitors on the ground  
(numbering several hundreds), fired the  
first shot and scored a "bull's eye." The  
All-comers' Match was then commenced.  
Weather cloudy and very favorable for  
shooting.

The entries are 250. Nova Scotia is re-  
presented in this match by 34, New Brun-  
swick by 17, P. E. Island by 12, Manitoba  
by 7. Ranges 500 and 600 yards, 7 rounds  
at each; any position. Fifty prizes, value  
\$385.

The entries are so large that the score at  
the first range will hardly be finished be-  
fore 3 o'clock. Col. Gzowski entertained  
the Officers at the camp and a number of  
prominent citizens at lunch.

Major-General Smyth is on the grounds.

UNITED STATES.

NEW YORK, Sept. 16.

Jeff Davis has written a letter declining  
to be a candidate for the United States  
Senate.

BRUNSWICK, Me., Sept. 16.

Three men where swept over the dam  
this morning; two swam ashore and  
one was drowned.

NASHVILLE, Tenn., Sept. 16.

The boiler in Powers' slaughter house ex-  
ploded this evening, tearing Frank Duffy  
to pieces, killing him instantly, and fatally  
wounding Felix Cheatheme, colored.

NEW YORK, Sept. 16.

The Herald reports the Chinese popula-  
tion in this city has shown a rapid growth  
for the past two years: many escaping from  
the California mobs came east. To-day  
there are in New York over 300 Chinese  
laundries, 50 groceries, and 100 other  
trades.

AFGHANISTAN.

SIMLA, Sept. 16.

A body of mutinous Afghans have gone  
to the Zurtais district, east of Ghuee, hop-  
ing to incite the tribes there to attack the  
British in the Shutargardan Pass. The  
Ameer having addressed a letter to the  
Indian Government after the outbreak at  
Cabul testifying to his friendship for the  
British, General Roberts is instructed to  
call upon the Ameer to prove his sincerity  
by sending a deputation of confidential  
representatives invested with full powers to  
communicate with Roberts.

CANDAHAR, Sept. 16.

An Afghan nobleman coming from the  
direction of Cabul reports that the Ameer  
sent for troops from Herat and Balkh and  
has summoned the Ghilzais to Cabul for a  
Jehad.

LONDON, Sept. 16.

The Times says: "It is not the policy of  
the surrender and withdrawal from Afghan-  
istan that is now really formidable to the  
settlement on which the nation was last  
year agreed, but rather a movement for  
annexation and adventure which is being  
deliberately advocated by some who opposed  
last year's campaign. It is simply a  
waste of time to speculate upon the signifi-  
cance of certain wordy vaporing in Russian  
newspapers, and ascertains are certainly  
not to be accepted without proof concern-  
ing Russian intrigue in the mas-  
sacre."

SPANISH AFFAIRS.

LONDON, Sept. 16.

A despatch from Madrid to the News  
says that the Spanish Government is  
rather embarrassed by the increasing agita-  
tion Cuba. Martinez Campos has proposed  
to his colleagues to make a clear statement  
of his reform policy as soon as Cortes meets,  
but ministers and Conservativ leaders want  
to defer the matter until after the marriage  
of Alfonso.

The Commerce of New York.

The foreign imports of New York, for  
last August were \$3,754,071 in excess of  
the imports for August, 1878, there being  
an increase of \$1,770,247 in dry goods, and  
\$1,994,824 in general merchandise. For  
the eight months ending 31st August, 1879,  
the foreign imports of New York, including  
specie, were \$220,255,000 against \$204,771,-  
000 in 1878, and the customs revenue was  
\$68,068,000 against \$2,074,547 in 1878.  
The exports for August last of domestic  
produce were \$30,898,000 against \$30,913,-  
782 in August 1878. The total exports of  
domestic produce from New York for the  
eight months ending 31st Aug., 1879, were  
valued at 214,050,000 against \$225,436,000  
in 1878, a rather serious falling off, not-  
withstanding the heavy export of grain to  
Europe.

A Brightening Prospect.

The Monetary Times, a non-political  
journal, says:—"Whether welcomed or  
not by those who persist in asserting that  
the Tilley tariff is a delusion, the fact re-  
mains that under its provisions some indus-  
tries are being extended. The Ontario  
rolling mills company has begun its oper-  
ations and is quoting prices of iron deliv-  
ered at the principal points on the trunk  
railways of Ontario. \* \* \* The Ham-  
ilton nail works company is also in a po-  
sition to quote prices and is quoting prices  
for its products, the quality of which is no  
longer in doubt. These factories are  
already active competitors with our Eastern  
friends for the trade of Canada.

Says the Toronto Globe (anti-N. P.) of a  
late date: There is certainly a better and  
firmer feeling manifested in all branches of  
trade. Money is coming in fairly, and  
while no great rush is likely to take place,  
a fair amount of business is confidently  
anticipated this fall.

The Gazette, reviewing the state of trade  
here, says:—"The fall trade of 1879 is  
being ushered in under circumstances of a  
peculiarly favorable nature, which augur  
magnificent results. The abundance of our  
cereal products at a time when Europe  
never needed them more, is singularly  
fortunate, and will prove a powerful stimu-  
lus to the revival of trade, which set in  
some time since. A sudden demand for  
dairy products has sprung up. Large quan-  
tities have been purchased, and considerable  
funds have already found their way into  
the hands of the farmers, to be transferred,  
in turn, to the tills of the country mer-  
chant, and thence to the pockets of wheat  
men in the cities. The prices of wheat, peas,  
barley, rye, butter and cheese, are advanc-  
ing, and the demand, therefore, bids fair  
to increase. Dry goods men speak cheer-  
fully of the situation, and grocers antici-  
pate the best fall business experienced for  
many years. Hardware and iron merchants  
have also a more encouraging time before  
them. Among the leather merchants a  
very buoyant feeling exists, induced by an  
increased volume of business at more re-  
munerative prices. Boot and shoe man-  
ufacturers are quite jubilant over the re-  
vival of trade, and predict still better times  
ahead. In brief, nearly every branch of  
trade is improving. Manufactures are be-  
ginning to flourish, and the signs of the  
times indicate that Canada is on the thresh-  
old of an era of commercial prosperity."

The St John News says:—"The business  
situation in the Maritime Provinces ought  
to show signs of improvement. Our farm-  
ers will have a hay surplus to sell; and the  
demand in Britain will be strong and re-  
munerative. The prospect for a lively ex-  
port trade in potatoes is still brighter.  
Over wide areas the potato crop in Britain,  
and, indeed, in Ireland also, has this year  
perished. The demand for the wholesome  
esulent in the three kingdoms will be  
great. The supply in the three Maritime  
Provinces bids fair to be large—may, with  
confidence, in fact, be declared abundant.  
We doubt not the export will assume re-  
spectable proportions. Should it do so,  
the result will be decidedly beneficial, as  
tending to fill up the vacuum caused by  
the falling off in the lumber trade. In that  
trade there can be no reasonable hope of  
material improvement until the business  
situation in England shall have greatly  
changed for the better."

The St. John Sun remarks: "It will be  
remembered that Mr. Frank Killam, M. P.,  
in his place in the House of Commons di-  
rected public attention to the manifold in-  
iquities of the Tariff, especially in its bear-  
ing on shipbuilding. Well, the world will  
probably breathe more freely when it learns  
that Mr. Killam, as a member of the firm  
of Killam Bros., has just purchased a ship-  
yard at Tusket, Yarmouth County, and is  
about to build a large ship, despite the  
awful character of the tariff. Formerly the  
firm bought their ships from the builders,  
but under the National Policy they pro-  
pose to do their own building. Mr. F.  
Killam is to be congratulated on not having  
been ruined by the Tariff and not being  
discouraged from building. Evidently he  
has seen good reason to change his opinions  
since September last."

The Problem Solved.

THE Toronto Mail remarks the fact that  
the country is raising a revenue which the  
Opposition declared impossible, and the  
people are at the same time getting goods  
at prices less in some important items than  
before, which the Opposition also declared  
impossible. It was upon these two points  
that the Opposition in Parliament and in  
press dwelt with the most vehemence.  
"You will destroy your revenue," cried Mr.  
Cartwright. "You will rob the people by  
high prices," cried the Globe; and behold  
the revenue is not destroyed, and the  
people are not robbed by high prices.

False Impression.

It is generally supposed by physicians and  
the people generally that Dyspepsia can not  
invariably be cured, but we are pleased to say  
that GREEN'S AUGUST FLOWER has never, to  
our knowledge, failed to cure Dyspepsia and  
Lixer Complaint in all its forms, such as Sour  
Stomach, Costiveness, Sick Headache, palpa-  
tation of the heart, Indigestion, bad taste in  
the mouth, &c. Out of the 50,000 dozen  
bottles sold last year, not a single failure was  
reported, but thousands of complimentary letters  
from Druggists of wonderful cures. Three  
doses will relieve any case. Try it. Sample  
Bottles 10 cents. Regular size 75 cents. For  
sale by all Druggists.
