

# Lockhart Gets First Shutout As Hawks Down Millionaires 1-0

MONCTON, N. B., Nov. 13 (CP)—Don Lockhart chalked up his first shutout in Maritime Major Hockey League competition tonight as Moncton Hawks blanked Sydney Millionaires 1-0.

Hard luck dogged Sydney's efforts to break into the win column. After holding Hawks scoreless for 46 minutes, the winning tally came off the stick of one of their own players.

Bill Cupolo batted the puck into the Sydney cage as he attempted to clear a pass from behind the net from the stick of Hawks left-winger George Scholes.

The win placed Hawks in a tie for third place with Charlottetown Islanders.

The game was fast and cleanly fought with only five penalties, all minors, being handed out.

The last 20 second produced the climax. Marcel Clements of Hawks was waved off for holding

and Sydney coach Bill Dinning yanked Nick Pidosny and threw him air forwards for a face-off in the Moncton end.

Millionaires got one clear shot on the Moncton net but it went wide.

## Earned Shutout

Lockhart earned his shutout. He was brilliant at times as Millionaires stormed the Moncton cage. He stopped 14 drives in the last period, one of them a point blank blast from Duffie MacIntyre's stick after the big winger roared in alone.

Millionaires outshot the Hawks 33-29 but their aim was poor, due partly to the close checking of the Hawks and over eagerness to score.

Alexander (Sunday) Milne, a solid 205-pound rearward, made his first appearance in a Hawk uniform. He played a steady game on defence, carried the puck well and showed a hard shot on power plays.

He came to the Hawks from the American and Pacific Coast Leagues by way of Sherbrooke.

Hawks played without the services of high-scoring winger Danny Horeck, out for the last six games. For the Millionaires, Laurie Petersen and Ronnie Rowe were not in the lineup.

# Bettors Take Beating In English Racing

By Alva Harvey

LONDON, Nov. 13 (CP)—If "bridge-jumper" means a man who goes broke betting on horse races, Britain should start building bigger and better bridges. Nearly everybody wants to jump.

For this 1951 flat-racing season, which mercifully ends this month has been a heart-rending experience for the fellow who likes to lay large sums on "chalk" horses. Like the lady in the love story, most horseplayers find they bet not wisely but too much.

In every big race this year, the horse that couldn't fall on form turned out to be a nag that lagged.

For instance, the Lincolnshire handicap last March went to a temperamental longshot named Barnes Park with the favorite, Astronomie almost last. A 100-to-1 shot named Nickel Coin galloped off with the Grand National steeplechase.

Ki Ming won the Two Thousand Guineas, Neasham Belle came from nowhere in the Oaks (and hasn't been heard of since) and Arctic Prince won the Epsom Derby by eight lengths. All were shooting -at-the-moon outsiders.

Well-backed Three Cheers salvaged something by winning the Cesarewitch, but the cheers were slightly feeble. Two weeks later -Oct. 31—the Cambridgeshire, one of the biggest betting races, went to a 28-to-1 chance appropriately named Fleeting Moment.

Bookmakers are legal in Britain and most of the big money bet at the tracks goes into the leather satchels of the sharp-eyed men who stand near the rails, shout prices and watching for signals from confederates on how the betting is going elsewhere.

They are cagey customers. They seldom offer more than 20 to 1, no matter how decrepit your steed may be. This month a horse named Sea Light paid nearly 600 to 1 in the Totalisator, but the bookies paid out only 20-1.

Still, they say it's been a tough season. One problem is bettors who won't pay their losses. A leading firm of bookmakers said it had £2,000 owing to it after a four-day meeting at Doncaster, Yorkshire, and not much hope of collecting.

## LITTLE SPORT

## IN THIS CORNER

Line-mates Conny Bonhomme and Willie Marshall can boast over one distinction in common. They are both players burnt up the year ago. Marshall started out in league and the next year Guelph and Billmore in the O.H.A. and after several games was claimed by Toronto St. Mike's. The question took eight days to settle and Marshall returned to Toronto, only after Conny Smythe, the boss of the Maple Leafs, had stepped into the picture.

Two years ago Marshall played for St. Mike's on a line with Bonhomme. Both players burnt up the year ago. Marshall started out in league and the next year Guelph and Billmore in the O.H.A. and after several games was claimed by Toronto St. Mike's. The question took eight days to settle and Marshall returned to Toronto, only after Conny Smythe, the boss of the Maple Leafs, had stepped into the picture.

Down in Glace Bay the embers of the Gray-Bonhomme case are still smouldering with the Miners doing their best to get the question before the O.H.A. again. Every once in a while a press report from Sydney indicates that some new evidence has been unearthed or that somebody is laying a blast at some one else. When the case was before the C.A.H.A. and the Islanders and Miners were talking trade the Miners indicated that they wanted Bonhomme but were not so keen on Gray. The Miners executive could not have told "Bud" Poole about Gray's snap-shot. As it is, he will have to find out the hard way.

The best deals that Johnny Horeck made this year look to be his trades of Laurie Petersen and Sam Kennedy to Sydney for Ronnie Matthews and Laurie May. Bill Dinning may have traded away the chances of getting into the running of the M.M.H.L. when he let go those two defencemen. Matthews may, backed by Lockhart, have been the major part of the Moncton team in their games here against the Islanders. The latest rumors are that Murph Chamberlain will be returning to Sydney.

Since the competition for first place in the M.M.H.L. is not too interesting, the fight for second place is proving to be a good substitute for a year turn, my turn affair, between Glace Bay, Moncton, and the Islanders. At the last glance it was Glace Bay by a point. Tonight the Islanders, who play Sydney, and the Hawks, who meet Saint John, have a chance to take over the second slot.

It's been a long time since Saint John has produced a major or senior hockey team of championship quality and now that they have one, the fans apparently don't appreciate it. A writer in a Saint John paper enjoys the Beavers' lofty position, however, and in one place claims that the founders of the Big Six should have called the team as a senior attraction. Before the season is over the Beavers may go back with the pack and Saturday night when the Islanders play St. John they will not have much worry about their dwindling crowds.

Halifax made no mistake when they acquired the services of Bill Ford late this year. Ford played a standout game against the Islanders here Monday night and his goal was a brilliant piece of work. According to reports Halifax are interested in acquiring the services of Pat Powers and Graboski who played with the Saints last year, and are now with the Halifax Wolves. Powers, it is reported, is playing terrific hockey and it would not be a surprise if he were given another chance with the Saints. Will Fields is not too sweet on his present defense and stated that it was "their sheer stupidity" which caused the Saints to lose here Monday night.

The Charlottetown Abbies, spurred on by their recent victory over the Saint John Mariners, are working harder than ever to win the McCurdy Cup. Yesterday they received another lift when Col. D.A. MacKinnon made them a \$10,000 donation to help defray expenses in their game with Halifax. It was a thoughtful gesture by Col. Dan, who is a friend to all and to sportsmen in particular, and the Abbies team and management were more than grateful to him for it.

The Wanderers, it is reported, have been strengthened here since their exhibition game here which they lost 3-0 to the Abbies. The Abbies have been strengthened and although they have lost Art Perry, they may have the services of Ronnie Nicholson as fullback. Nichol-

# Curling Begins At Local Club Early In December

Curling for the members of the Charlottetown Curling Club will get underway on Wednesday, December 5, as was announced last night by Club President Frank Acorn, who also announced that a drive for membership will commence today.

16 teams with two men to each team will start the canvass for membership. They will call on past, present and prospective new members.

Mr. Acorn last night predicted a banner year for curling in local circles. He stated that Bontspies will be held every week from December 5 through the winter months and that there will be plenty of curling for every member.

Actually the Club is now open and any members who wish to enjoy its privileges may do so. On Monday evening, November 26 an opening banquet will be held at which new members will be introduced. Draws for the Bontspies may be made at the banquet.

The Club House is being renovated and by the end of the week the work will be finished. The building is being re-painted, the floors sanded and re-polished and the banquet hall is being redecorated. In addition new furniture, including a chesterfield suite, has been purchased.

# U.S. Colleges Seek To Improve Sports Status

By TED SMITS  
 NEW YORK, Nov. 13 (AP)—American colleges, alarmed lest football be caught in the swirling sports scandal, are swinging into action to put intercollegiate sports on a sane basis.

Yale today eliminated spring football practice. Williams, Wesleyan, and Amherst did it last week. More reforms can be expected to follow.

Most significant, the American Council of Education has named a committee of 10 college presidents to investigate the intercollegiate sports problem.

Friends of some of the members of this top-level committee say that the following reforms will undoubtedly come up for discussion and may be imposed on college athletics:

1. The general elimination of spring football practice.
2. Strict curtailment if not outright elimination of all New Year's bowl games.
3. Integration of college athletic departments into the campus administrations with the control of finances passing into academic hands.
4. An open and above-board policy of supplying financial help for athletes within strict limits where there is positive need as well as academic fitness.

In other words, the idea is to make football a college campus sport, keep it under strict college control, and play it during the regular autumn season.

The basketball scandal shocked educational circles, and even although entirely unrelated, the "cribbing" dismissals at West Point served to underline the gravity of the situation.

Dr. John A. Hannah of Michigan State College is chairman of the committee of college presidents which will meet shortly in Washington.

# Hildebrand To Join Ottawa

Left winger Freddy Hildebrand, with whom the Islanders have been negotiating, will line up with the Ottawa Senators. It was learned from coach Leo Lamoureux yesterday.

Hildebrand started out the season with the Victoria Cougars and recently purchased his release from them. He was in touch with the Islanders but accepted the terms offered him by the Senators.

# Men From Red Indian Squadron Coming Home

LONDON, Nov. 13 (CP)—An R. C. A. F. North Star flew out of London Airport today, carrying back to Canada 22 officers and men of the Red Indian Squadron.

It was the first of four weekly airlifts which will take home Red Indians from the R. C. A. F. station at Odiham, Hampshire—their training headquarters in the United Kingdom since last January.

Forty of the Odium-based fliers have volunteered to stay behind in Britain and take jobs at North Luffenham, Rutland, where Canada's No. 1 Fighter Wing will be stationed. The North Luffenham station will be formally handed over to the R. C. A. F. in a ceremony Thursday.

Men and planes to staff Canada's newest air base arrived today when the Canadian aircraft carrier Magnificent reached Greenock, Scotland, after a trip from Canada which included a stop at Norfolk, Va., to take aboard Sabre jet fighters with which No. 410 (Cougars) Squadron will be equipped.

The Magnificent is to dock at Glasgow tomorrow and then will begin a race to unload men, planes and other equipment so they will reach North Luffenham in time for Thursday's ceremonies.

Today's flight back to Canada was in charge of Sqdn. Ldr. George Denison of Vancouver who is taking up new duties in Chatham, N. B.

# Industrial Employment

OTTAWA, Nov. 13 (CP)—Industrial employment, payrolls and average weekly wages and salaries rose to peak levels at Sept. 1, the Bureau of Statistics reported today.

The general index number of employment, on the basis 1939 equals 100, was 185.0 compared with 184.3 at Aug. 1, and 174.1 at Sept. 1 last year. The payrolls index moved up to 399.1 against 394.0 a month earlier and 328.0 at Sept. 1, 1950, while the average weekly earnings amounted to \$50.61, an increase of 45 cents from August, and \$6.44 above a year ago.

There were general though moderate advances in employment in the provinces and in a number of cities, including Montreal, Toronto and Vancouver, industrially, the survey showed a minor contra-seasonal decline in manufacturing. Labor-management disputes and severe drought in British Columbia were factors of some importance, while employment in automotive plants and some other heavy industries showed considerable falling off.

The trend in non-manufacturing classes varied. Logging was quieter, largely due to the forest fires in British Columbia.

# To Re-Consider Army Rifle Type

MONTREAL, Nov. 13 (CP)—Defence Minister Claxton said today we have held up Canada's decision regarding a type of rifle for army use "pending a solution of difficulties between American and British authorities as to which should be the standard arm."

"Canada has both the Garand and the Lee Enfield, so we will wait and see what develops."

LONDON, Nov. 13 (AP)—Prime Minister Churchill hinted today he will pigeonhole plans by the British army to adopt a .280-calibre rifle as its standard infantry weapon.

The United States has sought to persuade Britain that it would be better to standardize on a 30-calibre gun such as the American army uses. This would permit

# Black Hawks Defeat Boston Bruins 3-1

BOSTON, Nov. 13 (CP)—Chicago Black Hawks ended a five-game National Hockey League losing streak by topping Boston Bruins 3-1 here tonight at the Boston Garden.

During the second period, Pentti Lund, Boston winger, suffered a serious eye injury when cut accidentally by rival Clare Martin's stick.

Lund was removed to the Massachusetts Eye and Ear Infirmary for a possible operation. The first diagnosis was that Lund's right eyelid had been cut through and the eyeball damaged severely.

The Black Hawks sewed up the win that boosted them into a fifth-place tie with New York Rangers by scoring twice in the first period while the Bruins played shorthanded.

# Summerside Curling Club Meets

—A general meeting of the Summerside Curling Club was held in the curling rink on Monday Nov. 12th with the president, Mr. John K. Curran, in the chair.

After some discussion it was moved by E. P. Foley and seconded by Frank Daley that the official opening of the curling rink would be Saturday, December 1st.

The following roster was added: Moved by Thane A. Campbell and seconded by E. P. Foley that the opening on December 1st be subject to postponement not more than a week by the executive, if the general weather conditions are not satisfactory.

It was moved by E. P. Foley and seconded by Willard MacDonald that the applicants wishing to curl at the Quebec International Bontspiel must notify the secretary on or before the fifteenth of November, 1951. It was moved by Victor Howatt and seconded by William Young that the fourth annual Summerside Bontspiel be held on the 8th, 9th, 10th, and 11th days of January.

It was moved by E. P. Foley and seconded by Willard MacDonald that Chief Justice Thane A. Campbell be chairman of the Bontspiel Committee and that he select his own committee.

It was moved by Leslie Simmons and seconded by Earl Corney that the repairs to the basement rest room be left to the discretion of the property committee. It was moved by Leslie Simmons and seconded by William Young that \$300 be spent on repairs.

The president, Mr. Curran, made some pointed remarks in regard to certain criticism which was alleged to have been made. It was moved by Chief Justice Thane A. Campbell and seconded by Willard MacDonald that Ivan Nicholson be chairman of the Games Committee. The motion was passed unanimously.

Some discussion took place in regard to membership. It was felt that the prospects for the coming season would be successful both as to curling and finances.—S.

# Girls Returning After Trek From Yukon To Europe

LONDON, Nov. 13 (CP)—Two Canadian girls call for home Friday after a three-month trek from the Yukon to Europe. Their souvenirs include six thick diaries and two sets of Dutch wooden shoes.

Mary Driver, 23, of Jasper National Park, Alta., and Eva Novak, 24, of Neepawa, Man., have covered a lot of mileage since they left Canada early in August. They thumbed it across Canada from Whitehorse in the Yukon. They crossed the Atlantic and continued through the United Kingdom and many parts of the continent. They had lifts in cattle trucks, jeeps, tractors, automobiles and on motor cycles and were even offered a ride on a motor bus.

"It's been wonderful," said the girls. "We wouldn't have missed it for worlds, but it's nice to be going home just the same."

Both girls intend to be with their families by Christmas, although they still have to hitchhike across Canada after they dock.

Since they left Whitehorse, both girls have kept separate diaries recording every detail of their trip. They hope to turn their experiences into a series, perhaps in book form, that will give other young travel-writers a Canadian idea what to expect.

Expenses for the trip averaged \$150 each. This did not leave much for souvenirs, but neither girl could leave Holland without a pair of "real" Dutch shoes.

# Miners Back In Second Place With 6-3 Win Over Halifax St. Mary's

HALIFAX, Nov. 13 (CP)—Glace Bay Miners defeated Halifax St. Mary's 6-3 tonight to climb back into second place over the idle Charlottetown Islanders in the Maritime Major Hockey League. The win gave the Bay team a one point margin in the standing.

Opportunists all, Miners took advantage of first period defence looseness to rack up three goals, then fought off a savage attack by the Saints in the last two frames to come out on top.

Up front, the Saints outplayed the Miners most of the way but were weak behind their own blue-line and every mistake was costly. They fought back from that 3-0 first period deficit to roar to within a single goal of the Miners in the second but a pair of breakaways in the third put the game well beyond reach.

Saints outshot Miners by an 11-7 margin in the first period but while Bob Arnel was keeping the door shut tightly, three of the Glace Bay drives found the mark.

In the second period, Miners carried the attack for the first 10 minutes but for the last half, they were rocked back on their heels by a fighting Halifax team that quickly scored three times. A long rising shot by Specs Chorley put the Miners in front and that goal proved to be the winner.

Two new players were dressed by Saints. Bob Drainville, a 185-pound defenceman from Seattle, will be around a long while. Drainville practically stepped off the train to the ice but all the way he was one of the Saints' Hayley.

Glacier Bay: Goal, Arnel; defence, Cooper, Windley, Bloomer, Danlovitch, Myketyk; forwards, Poole, Macey, Chorley, Rohmer, Wywrot, Leeger, Anderson, Bailey, Hiley.

Halifax: Goal, Frechette; defence, Drainville, Nixon, Keating, MacNeil, Weaver; forwards, MacArthur, Leswick, Campbell, Lewis, Watson, Brown, Thompson, Smith, Ford.

Officials: Goode, Gillis.

# "Old Men" Win Hoop Game At Montague

Sparked by sniper Doug George, the Old Men's Squad defeated the Young Men in a fast and rugged basketball match at MacKenzie Hall, Montague, last night by the score of 26-6.

A few minutes after the opening whistle George dribbled a long shot into the net, and followed it up on the next whistle with the second basket. Mosher, centreman on the Young Men's team, led the young fellows, and scored two clean ones on fouls. The old men continued the pressing attack to make it 12-2 at the end of the first half.

In the second session the young men took the offensive, and Mosher shot two more baskets, one from well out. Only experience saved the old men from the fast attack of the youngsters, but the experience paid off in points as the Old Men weaved, dribbled, and shot long passes to place a man in short position for the score. However, with experience in games and more practice, the youngsters give promise to even their defeat, and interested spectators may look forward to many enjoyable games this year.

**SCORES**

1—Chicago, Babando ..... 3:35  
 2—Chicago, Moslenko ..... 12:02
