

THE DAILY EXAMINER.

MARCH 8, 1893.

Meeting of the Legislature.

The session which has just been opened is the fourth and last of the present Legislature. We sincerely hope that the present pressing requirements of the Province will not be lost sight of in the war of parties.

The Mock Parliament.

It is pleasing to see that the Mock Parliament in connection with the Y. M. C. A., has been rejuvenated. The proceedings of last evening indicate that the young men of today have a proper appreciation of the importance of form and ceremony.

Notes and Comments.

A striking feature of American politics just now is the fair criticism—largely praise—which republican papers are awarding to Mr. Cleveland's Cabinet.

Murdered by Starving Peasants.

HORRIBLE SUFFERINGS IN FINLAND FROM FAMINE. Representatives from Finland show that the horrors of the famine are increasing, and that the peasants are becoming desperate.

HOUSE OF COMMONS.

Manitoba School Case.

BIG GUNS ON BOTH SIDES.

The Government is Between Two Extremes.

OTTAWA, March 8.

D'Alton McCarthy resumed the debate on the Manitoba School Question yesterday. He took common ground with Tarte in condemning the Government for its treatment of this matter, but he reached his conclusion from a totally different standpoint.

The Ulster Movement.

LONDON, March 8.

In view of the promises of aid to the Ulster Unionists received from Canada in the event of a Dublin Parliament being established, the Unionist members of the House of Commons from Ulster have adopted a resolution thanking Canadians for their offer of help to resist the hateful yoke of Home Rule.

Rev. Sydney Welton's Case.

ST. JOHN, March 8.

Rev. Sydney Welton's Baptist Church trouble is at an end. Last night the church, at a congregational meeting, recalled the letter of dismission to Rev. Sydney Welton and also re-considered the vote of rejecting the finding of the Baptist Council. After some debate the congregation decided to accept the finding of the council.

Skating Match.

ST. JOHN, March 8.

Fred Breen last night defeated Hugh McCormack by half a lap in a two mile race in the Singer Rink, fourteen laps to the mile. He made the first mile in 3.04, and the two miles in 6.24.

Weather Bulletin.

TUESDAY, March 8.—10 a. m.

Fine weather, higher temperature.

A Musical Treat.

The musical numbers to be played by Mr. Vinnicombe's Orchestra, at the Y. M. C. A. concert, deserves special notice.

First, the overture, "Dawn to Twilight," by Lewis, as played for the first time in the Grand Opera House, Boston, beginning with a short introduction, leading into a beautiful cornet solo interspersed with violin, flute and cello obbligato, ending with a brilliant allegro movement.

Next, the overture, "The Bohemian Girl," by Waldteufel, which has been carried to the highest court of appeal in the land, they had no possible excuse for their dilatory tactics. He ridiculed the Premier's statement that the Government was dealing with the appeal in a judicial and not political capacity, and charged them with virtual re-establishing a Star Chamber of anti-Cromwell days.

He asked the Government to abandon all further dallying to escape the direct issue, and warned them that the people of Manitoba would not submit to federal interference in their educational affairs.

Sir Hector Langevin followed McCarthy in defence of the Roman Catholic minority in Manitoba, seeking to prove that the present school act is unconstitutional. The veteran member made a decided hit by showing that Mr. Tarte's resolution was the product of McCarthy's fertile brain and that the mover had nothing to do with its conception.

Hon. Mr. Curran continued the debate after recess, speaking for an hour and a half.

Mr. Devlin followed, championing the cause of the Roman Catholic minority and accusing Hon. Mr. Costigan of holding different grounds to-day from that which he occupied in 1872 when he moved in this house for the disavowal of the New Brunswick non-sectarian school law.

Hon. Mr. Costigan followed Devlin, at 10.50 saying that he did not purpose to be bound hand and foot by Mr. Tarte's resolution. The Conservative party gave Ontario separate schools, and in that act of justice to the Catholic minority, they were opposed by the whole Liberal party, and that was the party to whose tender mercies the member for Ottawa country would intrust the rights of the Catholic minority of Manitoba.

Mr. Costigan made a powerful reply to Devlin's charge that he was a demagogue, and brought forth cheer after cheer from all parts of the House, as he showed, from the records, that whether in Government or in Opposition, he had never changed his course nor avoided the direct issue with regard to the rights of minorities in school matters.

NOTES FROM THE GALLERY. The Opposition held a caucus this morning. It was decided to support Tarte and support his resolution. The Opposition will also vote for McCarthy's trade resolution in a body.

Washington Delegates Report.

OTTAWA, March 8.

The Government submitted yesterday a formal report of the delegates who visited Washington last year to negotiate a treaty of reciprocity with the United States' government. The report is substantiated by a repetition of the account of the proceedings given to parliament by the Finance Minister last year, notwithstanding the statement to the contrary made by Mr. Blaine and Gen. Foster.

The Canadian Ministers, whose reports are endorsed by the British minister at Washington, declare that Mr. Blaine refused to consider any proposition short of complete free trade between Canada and the United States, with the like customs tariff for the two countries against the rest of the world, and especially Great Britain.

FURNITURE SALE.—We call special attention to the sale of furniture at the residence of Mr. A. S. Uquhart, Bayfield Street, on Wednesday next, the 15th inst. A grand opportunity to purchase good furniture at your own price.—R. Bearsto, auctioneer.
