# Minor Hockey Night Stated for Saturday

The big night all minor hockey players of the city look forward to is Minor Hockey Night — is slated for Sports Arena this Saturday evening.

There will be four playoff hockey games — all final games in the home-and-home series for City Paperweights, Pee Wee, Bantams and Midget "A" titles and the big night will close with a skate for all.

Minor hockey players are presently working on a sale of tickets for the big night and there will be a presentation of two twice baseball gloves to the two boys standing highest in ticket sales.

Boys needing tickets can pick them up at the Bibe Shop at Sports Arena and in order to get a goodly attendance of youngsters at the Minor Hockey Night each boy who sells two tickets is receiving a free one for himself in addition to having a chance to win a baseball glove.

As a climax to the games next Saturday night trophies will be presented to teams winning City "A" titles and most valuable players.

Only minor hockey activities scheduled for Sports Arena today is a postponed final play-off Bantam "B" city title game between Wrens and Eagles. This is the second game of the home-and-home series between these two teams.

It will get under way at 6 o'clock sharp with Denny Fitzmaugh and Les Barker doing the officiating.  
All players and officials are asked to note the time and make every effort to be on hand early to get to 6 o'clock sharp.

Let the men who make them — fix them

## Rumor Circulating Bower Retiring

Urban Laughlin of Summerside and Maple Leafs at Montreal play a 1-1 draw on March 15. D. J. Bower is said to be on the Forum sports magazine, which contains some interesting hockey, and every second issue is in French. It occurred to me that this magazine would be a great text book for supplementary reading in our high school French classes. We'll be a lot of the students, especially the boys, would improve their grades in French in a short time if they could see the latest goings on the Canadiens and the NHL in general. For example, did you know boys, that "the rumour circle created a fable that Johnny Bower abandoned his hockey a la fin de la presente saison"? This proving machine has no greater accuracy but you get the idea.

Thank you, Urban. We're enjoying the articles very much and at the same time brushing up on our French.

## Congrats To Saint Dunstan's

Congratulations to Saint Dunstan's Academy for their winning of the Senior "A" inter-scholastic championship. They did it the hard way, which, after all, is the way of champions. They showed improved form in every game of the best of three series. George Dalton, a Summerside boy, was one of their stars. No matter how good you are, you need at least one Summerside boy to put the frosting on the cake. Gustave Brees is, of course, another example. Also, congratulations to Kensington H.C.B., champions of Senior "B". They was a tough

## Unusual Attraction

A game to be played previous to Saturday on Montague High and Souris High.
